

#### ASSESSMENT PLAN PERIOD: July 1, 2015 - June 30, 2016

**DIVISION MISSON STATEMENT:** The Division of Student Affairs supports the educational mission of the University by providing programs, services and cocurricular learning experiences that contribute to student success and development within the FMU intellectual community.

Goals	Desired Outcomes	Assessment Methods and Procedures	Results	Planned Improvements Based on Assessment Results
1.0 Develop marketing and branding materials that showcase signature programs on social media.	Create branding materials that showcase the divisions' Leadership FMU Program; Freshman Focus Program; and services such as mediation services and various seasonal programming. The desired outcome is to create followers who will visit during the week and share postings regarding events.	times the information is viewed through the social media counter. Also monitor the number of times information provided on social media is forwarded or "shared," also counted through the social media software.	0	The Unit will officially assign a dedicated media site person or persons to maintain the social media sites in the 2017-2018 academic year. This will make the response to the sites less sporadic. Data from 2015-2016 suggested that site coverage was erratic at times. The division will also explore utilizing student worker who may be more familiar the technology to serve as the dedicated media site administrator.

				specific cultural programs
				are desired by the campus
				community . The Board
				plans to have a combined
				audience of 650 throughout
				a span of five cultural
				program offerings for next
				year.

3.0 Maintain, disseminate, and educate international students regarding maintaining their F-1 status and adhering to DHS rules and regulations.	A. Increase the number of international students participating in Curriculum Practical Training (CPT) by 20%. At the close of the 2016 academic year, two students participated in CPT. B. Increase the number of international students participating in Optional Practical Training (OPT) by 20%. At the close of the 2016 academic year, three students participated in OPT.	employment opportunities that are related to their major of study. Data is also analyzed to ensure that our F-1 status students remain registered and in compliance with regulations associated with the US Department of Homeland Security.	average 6 students were enrolled in either a Curriculum Practical Training Program (CPT) or Optional Practical Training Program (OPT) for the 2015-2016 academic year. In the previous academic year four students were enrolled in CPT and six students were	Conduct workshops for faculty to educate on the advantages associated with having International Students participate in these programs. Many are not knowledgeable about these opportunities, and currently, the School of Business is the only department to fully embrace the concept.
4.0 Restructure training for student organization officers to include more student leadership positions and a session for student organization advsiors.	Of the 52 student organizations, only 7 student positions were not represented in comparison to 15 missing positions from the previous year. The desried outcome for the 2015-2016 academic year, is a 33.3% decrease.	an online form. Attendance was taken at each session, and students provided a signature at the end of the training to ensure	2014-2015 to missing 7 in 2015-2016. This is a 53.3% decrease.	Increase student knowledge of the training through social media and create an advisor manual. It would also be beneficial to conduct workshops for advisors regarding risk management and University policy.

5.0 Reevaluate the completion rate	Resolve 75-80% of student conduct cases	An excell spread sheet was created to track the	ACHIEVED - Of the 84	Though the goal was

				members. By losing 2 staff
				members an adjustment to
				the two-week timeframe
				may be necessary until the
				staffing patterns are
				adjusted to increase the
				number of qualified staff to
				administer student conduct.

				,
6.0 Create a pilot program to completely restructure the hazing training for registered fraternities and sororities within the National Pan-Hellenic governing body. With the plan to capture the InterFraternity Council and Panhellenic Council in subsequent semesters.	Maximize student exposure and attendance by making sure current members of fraternities and sororities and 100 or more potiential new student members are provided information about hazing, how to prevent hazing, what to do when hazing occurs and University policies and procedures for reporting hazing.	of the event as well as received a stamp on an attendance card signifying participation. All	semester and 87 attended in the spring semester. Additionally, the 4 active sororities and 4 active fraternities participated in the program. Of the 188 potential new student members attending the event, 36 students actually participated in the membership	Based on the data, an online management system will be developed prior to implementing with IntreFraternity and Panhellenic Councils. Based on the data, currently registered fraternities and sororities will be required to participate in information sessions and hazing seminars. Registration and check in will continue to be a requirement for attendance verification records.
7.0 Implement a student conduct component to accompany other programs in "The Housing Director" (current third-party software program).	<ul> <li>A. Increase efficiency by reducing the amount of time spent manually creating documents which pertain to our student conduct process.</li> <li>B. Access files electronically and generate documents from the same program to ensure that all staff members have common information.</li> <li>C. Implementation goal: January 2016</li> </ul>	<ul> <li>A. Two Housing staff members will attend the Adirondack annual conference in Fall 2015 and will gain knowledge through classroom instruction.</li> <li>B. Other Housing staff members will receive training during late fall.</li> </ul>	NOT ACHIEVED - an assistant director was deployed (military deployment) during this time which resulted in a staff shortage effecting the attendance of the other assistant director. No one attended the conference.	Will attempt goal again in 2016-2017.
