Subject: RE: AAC Meeting 23 March

Good morning Erin,

After the meeting with the IE Committee on Friday, it was determined that we need more time to work with departments to improve the General Education Report. The General Education Evaluation Report should not be on your agenda for the end of March meeting. If you could state for the minutes of that meeting that we are still working on enhancing the report, that would be most helpful. Our goal is to provide a revised report to your committee in April.

Cecil,
Great! Thanks so much.
Erin

Hi Erin,

Rusty and I have met with several departments and will be meeting with the IE Committee at 1:00 PM today. I can provide you with a progress report after that meeting.

Cecil

Hi Cecil,
I am putting together the agenda for the AAC meeting at the end of March. I haven't heard anything from the IE committee regarding the Gen Ed report. Any news?
Best,
Erin
