Record of Francis Marion University  
Current Name Francis Marion University  
Address Florence, SC 29501  
United States of America

Issued To: FRANCIS MARION UNIVERSITY

Course Level: Undergraduate

High School: West Florence High School

Only Admit: Fall Semester 2011

Primary Degree Sought:

Degree: Bachelor of Science

Major:

Biology

Level Comments:

Earned and Conferred 8/5/2016

Degree Information:

Degrees Awarded: Bachelor of Science 05-AUG-2016

| Earned Hrs | GPA-Hrs | QPts    | GPA   |
|------------|---------|---------|-------|
| 150.00     | 158.00  | 434.000 | 2.746 |

**BIOL 110 (4-3-2) General Biology I:** An introductory study of concepts relating to the origin of organisms: cell history, reproduction, structure and function; atomic and molecular structure of the cell; energy relations; structure, composition and systematics of major organic compounds; sexual and asexual reproduction; and genetics and evolution. Includes two (2) hours of lab consisting of qualitative experiments illustrating biological principles and basic laboratory techniques.

**BIOL 330 (4-3-2) Microbiology and Immunology:** An introduction to the structure, physiology, ecology, and immunological host relationships of prokaryotes and other microorganisms, with two (2) hours of lab consisting of applications of microbiological and immunological techniques.

**Prerequisite:** BIOL 200 And CHEM 141 And CHEM 142 And CHEM 161 And CHEM 162

**CHEM 140 (4-3-3) General Chemistry I:** The first course of a two semester sequence in introductory chemistry that studies measurement and uncertainty, atomic structure, nomenclature, stoichiometry, types of reactions, solution concentrations, gas laws, thermochemistry, electronic configuration, periodic properties of the elements, and chemical bonding (including molecular geometries). Laboratory activities include identification of a substance based on physical and chemical properties, determination of a chemical formula, and percent yield of a preparative procedure.

**Prerequisite:** MATH 123 Or MATH 129 Or MATH 123 Or MATH 129

**CHEM 161 (3-3-0) General Chemistry II Lecture:** The second part of a two semester (one year) course in college level chemistry. The course investigates kinetics, chemical equilibria, acid-base equilibria, solubility equilibria, thermodynamics, and electrochemistry.

**Prerequisite:** CHEM 141 And CHEM 142 And MATH 130 Or MATH 131

**CHEM 162 (1-0-3) General Chemistry II Laboratory:** This continuation of the General Chemistry I Laboratory (CHEM 142) investigates solution properties, kinetics, chemical equilibria, acid-base equilibria, solubility equilibria, thermodynamics, electrochemistry, and qualitative and elementary quantitative analysis.

**Prerequisite:** CHEM 141 And CHEM 142 And MATH 130 Or MATH 131

**ENGL 110 (3-3-0) English Composition I:** A course designed to give extensive practice in the writing process, with emphasis on expository forms appropriate to everyday personal, business, and academic writing. When taken for 4 credits, two lab hours are included.

**ENGL 120 (3-3-0) English Composition II:** A course that continues practice in the composing process, with emphasis on argumentation and research. The course involves gathering, analyzing, and documenting information from secondary sources. When taken for 4 credits, two lab hours are included.

**Prerequisite:** ENGL 110

**GEOG 210 (3-3-0) Principles of Geography:** An introductory study of the physical and cultural elements of the surface of the earth, emphasizing the geographic relationships and surveying the interaction between human beings and their physical environment.

**MATH 129 (3-3-0) or (4-3-2) Precalculus Mathematics I:** This course is the first of a two-semester sequence that provides a background for students who are preparing to take calculus. Topics include sets, the real number system, exponents, radicals, polynomials, equations, inequalities, functions, relations, graphing, conic sections, and rational, exponential, and logarithmic functions. A graphing calculator is required. When taken for four credits, two hours of lab are included.

**Prerequisite:** High School Algebra I, II, And Plane Geometry Or equivalent, And satisfactory profile examination score.

**MUSI 210 (3-3-0) Music Appreciation:** An introduction to the basic materials and ideas of music, stressing the relationship of music to society, culture, and philosophy; introducing musical instruments and the contributions of important composers; and studying characteristics of style and form in various types of music. Recital attendance required.

**PHIL 110 (3-3-0) Critical Thinking:** An introduction to the basic elements of argumentation, focusing on the analysis, evaluation, and development of claims and arguments in the sciences, the humanities, the social sciences, the applied sciences, and everyday life experiences.

**SPEE 200 (3-3-0) Introduction to Speech:** An introduction to the development of effective oral communication through instruction in theory and practice of the principles and skills required in common types of speaking situations. Basic skills in audience analysis, research, organization, outlining, utilizing evidence, reasoning, listening, and verbal/nonverbal expression are developed. Various methods of delivery are examined and practiced.

**Prerequisite:** ENGL 120 (may be taken concurrently)

**ZOOL 210 (4-3-2) Anatomy and Physiology I:** A systematic study of the structures and functions of musculoskeletal, neural, and integumentary systems of the human body, with two (2) hours of laboratory studies on the structures and functions of the human body's composite systems.

**Prerequisite:** BIOL 150

**ZOOL 230 (4-3-2) Anatomy and Physiology II:** A systematic study of the structures and functions of the endocrine, circulatory, digestive, respiratory, excretory, and reproductive systems of the human body, with two (2) hours of laboratory studies on the structure and function of the human body's composite systems.

**Prerequisite:** ZOOL 210

**Subject:** RE:

Hi Ann,

We don't have a PRS course that exactly matches the PHIL 110 course you sent info for. The closest thing we have is PRS 201, which is actually closer to their PHIL 210, but I believe in the past we've given transfer credit for PRS 201 for courses like their PHIL 110. Any questions, just let me know.

Thanks,

MT

Hello Professor Turner,

Attached is a copy of the course description of PHIL 110 offered at Fayetteville State University. Please review and give your recommendation of transfer credit to FMU. Thanks in advance for your assistance.

Sincerely,

Ann Williams
