Faculty members are welcome to request a hands-on customized library instruction session tailored to the specific topics, themes, or research assignments of your class. We are willing to host your class here in the library or visit your classroom.

Faculty Survey

Thank you for bringing your students to the library for an instruction session.

We have a brief anonymous **survey** that we would like to ask you to fill out in order to help us improve our library instruction.

We really appreciate your feedback.

Other Options:

Want to give your students a quiz, after their library instruction session? Just ask us for one! We can make a paper assessment tool.

Want more than a handout? Librarians will work with you to create customized course guides tailored to specific research assignments or topics covered in your class. These course guides can be linked to your Blackboard course sites.
