Director's Note

"Here she is, the perfect woman, the ultimate do girl. She's beautiful, she has a great body, she has a fancy career, and now she's got herself a rich husband who worships the ground she walks on. But she doesn't have any friends, does she?" Ball is attempting to show us through comedy that true friendship is much more valuable than "keeping up appearances" and that true friendships can be forged and bound by very different people.

Dramaturge's Note

Subtly revealing essential similarities surrounded by specious differences, *Five Women Wearing the Same Dress* is a story of friendship found amongst chaos.
