

Campus Laundry

Laundry services at Francis Marion University are provided through a partnership with Caldwell & Gregory. Laundry facilities are located in the Ervin Dining Hall Building and the Heyward Building. The laundry rooms on campus have been equipped with the most Energy Efficient washers and dryers on the market today. Each laundry room has instruction signs on the proper use of the equipment and how to notify Caldwell & Gregory if a machine malfunctions.

Included Laundry

NEW FOR SPRING 2018 - For all residential students, the cost of laundry is included in your room fees. There are no additional charges for washing or drying.

Recommendations:

- Students should have a full load of clothes each time they use the machines for best results.
- Because the washers are high-efficiency front loading, students should only use **H-E** detergent.

Wash Alert

Want to know the status of washers and dryers in your residence hall? Check out which machines are available through the Wash Alert monitoring system. You can set it up to email or text you when machine is available or when your washing or drying is complete.

Here is how it works:

SIGN ON

Sign on by using the convenient QR code posted in each laundry room to monitor via your phone. Or you can connect from your PC or laptop by clicking on the laundry room location link below.

[Heyward Building Laundry Room](#)

[Ervin Dining Hall Laundry Room](#)

VIEW AVAILABILITY

You will be able to see the availability of machines in the laundry room in real time.

REQUEST A TEXT

If several machines are in use, you can request a text or an email when a selectable number of machines become available.

GET NOTIFIED

Start your machine, then choose your machine on the Wash Alert site and enter your text or email information to be notified when the cycle is complete.
