IV. Report from the Executive Committee

Plans have been finished for a fountain in the mall area in front of the Library. We will be adding enhanced scoreboards in the Gym, which will include video. Dr. Carter reported to the Budget Review and Planning committee that the University’s finances have never been better. There are more enhancements coming to the medians on Highway 327. The University in its budget proposal will ask for four new faculty positions (Mechanical Engineering and Speech Language Pathology) and 1 – 2 new maintenance employees. Be reminded that as we have increased the number of buildings and properties, we have not increased the maintenance staff. Additional reminder: the state legislature has _total_ control on all positions, which includes both the numbers and the positions. At the initial budge hearing Dr. Carter asked for non-recurring deferred maintenance funds to repave parking lots and some roads (as many as funds will allow). The Fall 2019 Honorary Degree recipients are: Cleveland Sellars – one of the most prominent civil rights leaders in SC history and the former president of Vorhees College. Bill Younce, a successful Pee Dee businessman responsible for raising substantial amounts of money for FMU – especially FMU athletics – over a number of years. Marilyn Chapman, the wife of the former Provost, Dr. Richard Chapman. The FMU Education Foundation and Alumni Affairs have moved into Stokes, now occupying the office suites previously occupied by Payroll, Faculty Governance and General Council. The FMU at 50 events are all scheduled. Specifics will be coming soon from Communications, the Foundation, and Alumni Affairs. On October 3, the Faculty Senate voted not to meet on October 15, as no proposals were sent forth from either AAC or GC.
V. Proposal from the Institutional Effectiveness Committee (See the attachment for complete proposal). – For informational purposes only, will vote at November faculty meeting.

Attachment to the General Faculty Meeting Agenda - October 10, 2019

V. Proposal from Institutional Effectiveness Committee

1. CHANGE: On Page 102 of the current Bylaws of the Faculty Senate, under Art. IV, Sec. 3, part M.:
   M. Institutional Effectiveness

   1. Membership. The committee shall consist of six faculty members elected from the Faculty for three-year terms and the Director of Institutional Effectiveness, who shall serve ex officio without vote.

   2. Responsibilities. The committee shall act in an advisory capacity to assist the Director of Institutional Research and the Office of the Provost in matters related to program assessment. In this capacity, the committee will review the annual Institutional Effectiveness Reports from departments, schools, and programs, and may collaborate with report authors to suggest revisions and provide support and professional development.

2. Change on Page 102 of the Faculty Handbook From:
   M. Institutional Effectiveness
1. **Membership.** The committee shall consist of **six** faculty members elected from the Faculty for three-year terms and the Director of Institutional Effectiveness, who shall serve ex officio without vote.

**TO:**

M. Institutional Effectiveness

1. **Membership.** The committee shall consist of **ten** faculty members elected from the Faculty for three-year terms and the Director of Institutional Effectiveness, who shall serve ex officio without vote.

**Rationale:**

The committee’s main responsibility is to advise and assist the Director of Institutional Research and the Office of the Provost in matters related to program assessment. In this capacity, the committee reviews the annual Institutional Effectiveness Reports from departments, schools, and programs, and may collaborate with report authors to suggest revisions and to provide support and professional development. Due to the number of program and department reports (34 for 2017-18 academic year) and the expected increase in programs and departments, an increase in the number of committee members from 6 to **10** is necessary to fulfill the committee’s responsibilities.

**TEACHER LICENSURE OPTION IN ART EDUCATION**

Coordinator: Dr. Howard J. Frye

It is the mission of the art education program to educate individuals who are highly qualified art educators and who will be leaders in the field—artists with competent skills across a range of different media; teachers with a strong knowledge base who are effective organizers, managers, and communicators; and leaders in scholarship and professional services. To fulfill our mission, we require students to take rigorous courses in education, art education, and studio art. These courses are supplemented by real world learning opportunities, including educational field trips, active participation in national and state art education organizations and conferences, community-based service projects, school internships, and exposure to practicing artists through an active visiting artist program.

The art education program is accredited by the National Association of Schools of Art and Design (NASAD).

**TEACHER LICENSURE OPTION IN ART EDUCATION**

The Francis Marion University School of Education prepares competent and caring teachers.
The Department of Fine Arts provides the knowledge base for students seeking licensure to teach art in the state of South Carolina.

A student must make application for admission to the Art Education Program in the Department of Fine Arts upon successful completion of 30 semester hours to include the following:

1) Have a cumulative grade point average of at least 2.5* in all undergraduate courses taken at FMU.

* Freshmen and transfer students entering the institution in the Fall of 2015 or the Spring of 2016 must achieve a cumulative 2.6 grade point average in order to be admitted into the teacher education program. Freshmen and transfer students entering the institution in the Fall of 2016 and beyond must achieve a cumulative 2.75 grade point average for admission to the teacher education program.
2) Have completed Art Education 312.

3) Have completed one beginning level studio course from Art 207, 208, 210, or 230.

4) Have completed one foundation art history course from Art History 220 or 221.

5) Have at least a 2.75 grade point average in all Art, Art History, and Art Education courses attempted.

6) Have passed the Praxis I/Praxis CORE: Reading, Writing, and Math assessment.

7) Have positive recommendations from the Art Education faculty.

**NOTE:** Students must schedule a conference in the School of Education to discuss the Professional Licensure program.

The number of semester hours required in major courses for a **visual arts major with a teacher licensure option** in art education is 27 semester hours of art studio, 12 semester hours of art history, and 12 semester hours of art education. The minimum number of semester hours in all courses (major and non-major) required for the **visual arts major with a teacher licensure option** in art education is 129 127 (134 for B.A.). A one-person show is required during the final semester of enrollment. The one-person show will be comprised of works from the student’s studio and art education classes and will be under the direction of the student’s art education adviser. A traditional portfolio and a CD portfolio of the student’s work must be completed by the end of student teaching.

**MINOR**
No minor in art education is offered.

**COLLATERAL**
No collateral in art education is offered.

**ART EDUCATION COURSES (ARTE)**

**217 Creative Arts for the Elementary School Teacher** (3:1–2) Designed to foster awareness, enthusiasm, and commitment to the importance of the arts within the elementary education curriculum and to develop an understanding of the role the arts play in each individual’s life. General topics dealt with are art and music education rationale, basic perceptual and conceptual skill building in visual art, exploration of art media, exploration of musical instruments and musical learning experiences, the relationship of art and music to national/global cultural understanding, introduction to theories of children’s sequential artistic and music development from infancy through the 3rd grade (this includes typical and atypical development), interdisciplinary arts learning experiences, and critical awareness of the relationship of music, theatre, dance, and visual art curriculums.
312 Curriculum Materials and Methods in Art Education (3:1-2) This course is designed to introduce and instruct the art education major student in the following: art education rationale; the history of art education in the United States; exploration and development of art media, tools, and curriculum resources; application of art education theory and practice in the areas of art history, art criticism, aesthetics, art production, and national/global awareness and understanding; creation and development of art lesson plans and curriculum resources.

415 Historical Foundations of Art Education (3) (Prerequisite: 312 or permission of department) Study of the disciplines of art history, art criticism, and aesthetics, and their theories, development, and methods for teaching.

416 Contemporary Issues in Art Education (3) (Prerequisite: 312 or permission of department) Study of current issues in art education, including visual culture art education, community-based art education, museum education, arts integration, gifted and talented art education, special needs, service learning, authentic assessment, and technology.

501 The School Art Program (3) (Prerequisite: 415 and 416 or permission of department) This course is the capstone course for Art Education majors. Course includes information to assist in a successful transition into the art teaching profession. Pragmatic in nature, it addresses major art education issues that the new teacher will face the first few years of teaching through discussion, group presentations and lectures. Other issues covered include classroom management, lesson planning, instructor and classroom evaluation, developing professional dispositions and leadership skills.

MUSIC INDUSTRY
Coordinator: Dr. Terry A. Roberts

The mission of the Francis Marion University Music Industry Program is to educate, train, and develop students to excel in music as a career. This is done with a solid education in music, and an expansive education in the liberal arts. Our curriculum embraces both time-honored and contemporary musical styles. Through a course of scholarly and practical learning experiences integrating performance, writing, and technology, each student is prepared for career opportunities open to today’s music professional. The Music Industry program serves as the musical center for the university and surrounding community.

MAJOR SPECIALTY TRACKS IN MUSIC INDUSTRY

A major in Performing Arts with a B.S. in a music industry specialty track requires the following:

are MUSI 120, 130, 160, 180, and 190.

3. Completion of the piano proficiency exam by the end of the  
sophomore year  
(54 hours) or departmental approval

4. Seven semesters of Music 102 (Recital Attendance)

5. Minor/collateral requirements (two options)  
a) Two 12-hour collaterals approved by the faculty adviser  
b) An 18-hour minor approved by the faculty adviser

The minimum number of semester hours required in major courses for a major in  
Performing Arts with a Music Industry Track Specialty is 56. The minimum number of  
semester hours in all courses (major and non-major) required for the major in  
Performing Arts with a B.S. in a Music Industry specialty track is 120.

The following relates to all applied courses:

Applied lessons develop individual performance skills and musicianship. Students will  
become aware of how physical and mental aspects of performance combine to produce  
musical effects through mentored study of technical exercises, etudes, and solo  
literature. Each level of the progressive curriculum has specific requirements (below).  
Students are required to take at least two semesters at each level and must meet the  
requirements of each level before proceeding to the next. Instructors will design a  
personal course of study for each student based on performance area and individual  
need. Students may audition for two different applied lessons during any one semester,  
but they must select a principal discipline of specific instrument or voice that applies to  
the performance requirement of the degree above.

**Level 1 (a,b)** Successful completion of a juried performance evaluated by music  
faculty.
Level 2 (c,d) Participation in one student recital and successful completion of a juried performance evaluated by music faculty.

Level 3 (e,f) Participation in one student recital each semester and successful completion of a juried performance evaluated by music faculty.

Level 4 (g,h) Successful performance of a recital (25 minutes minimum) evaluated by music faculty.

ENSEMBLES

Music Industry majors students must participate in the ensemble program during each semester of residence. All students enrolled in applied music courses are expected to participate concurrently in a major ensemble. Students with scholarship awards may be assigned participation in ensembles beyond the minimum requirement of their curriculum.

MINOR

A minor in music requires 18 semester hours to be distributed as follows:

1. History and Theory ......................................................... 11 hours
   Music 115, 116, 215, 216, and 301 or 302

2. Ensemble ................................................................. 3 hours
   Three semester hours from any combination of Music 100, 120, 125, 130, 140, 150 and/or 160 - No more than three semester hours of ensemble music may apply toward graduation requirements.

3. Applied hours ............................................................... 4 hours
   Four semester hours from any combination of Music 121, 131, 132, 141, 142, or 143 - No more than 4 semester hours of applied music may apply toward graduation requirements.

130 String Ensemble (1) (Prerequisite: Audition). String music of traditional and modern composers is rehearsed and performed. Material chosen from Baroque, Classical, Romantic, and twentieth century music. No more than three semester hours of ensemble music (Music 100, 120, 125, 130, 140, 150, 160, 180, and/or 190) may apply toward graduation requirements for non-majors.

131 Applied Piano (1) (Prerequisite: Music Industry Performing Arts major, Music minor or permission of the department) Private instruction in piano performance; includes development of technical skills and interpretation of standard literature.

132 Applied Strings (1) (Prerequisite: Music Industry Performing Arts major, Music minor or permission of the department) Private instruction in string instrument performance; includes development of technical skills and interpretation of standard literature.
140 **Concert Band** (1) The Concert Band is a concert organization offering the opportunity for students to prepare and perform the basic music literature for wind and percussion instruments. No more than three semester hours of ensemble music (Music 100, 120, 125, 130, 140, 150, 160, 180, and/or 190) may apply toward graduation requirements for non-majors.

141 **Applied Woodwind** (1:3) (Prerequisite: Music Industry Performing Arts major, Music minor or permission of the department) Private instruction in and solo performance of woodwinds; includes development of technical skills and interpretation of standard literature.

142 **Applied Brass** (1) (Prerequisite: Music Industry Performing Arts major, Music minor or permission of the department) Private instruction in brass instrument performance; includes development of technical skills and interpretation of standard literature.

143 **Applied Percussion** (1) (Prerequisite: Music Industry Performing Arts major, Music minor or permission of the department) Private instruction in percussion instrument performance; includes development of technical skills and interpretation of standard literature.

144 **Applied Guitar** (1) (Prerequisite: Music Industry Performing Arts major, Music minor or permission of the department) Private instruction in guitar performance; includes development of technical skills and interpretation of standard literature.

146 **Group Guitar I** (1) Group instruction designed for non-majors or potential Music Industry Performing Arts majors looking to study guitar as their primary instrument. This beginning course covers basics in music reading, chords, strumming and picking techniques. With permission of the department, one semester of 146 may count toward the first level of applied lessons for students who become Music Industry majors.

150 **Music Industry Ensemble** (1) (Prerequisite: Audition) A chamber ensemble devoted to the development of individual performance and improvisation skills through the preparation and staging of music for small groups representing a variety of classic and modern jazz, pop, rock and soul styles. No more than 3 semester hours of ensemble music (Music 100, 120, 125, 130, 140, 150, 160, 180, and/or 190) may apply toward graduation requirements for non-majors.

156 **Group Piano I** (1) (Prerequisite: Music Industry Performing Arts major, Music minor or permission of the department) An introduction to basic skills in piano playing, accompaniment, sight-reading, practical keyboard harmonization, and improvisation. The course provides a foundation for non-piano concentration music industry majors to prepare for the piano.

157 **Group Piano II** (1) (Prerequisite: 156 or permission of the department) Continuation of piano performance skills development and expansion of tonal concepts learned in Music 156.

160 **Chamber Jazz Ensemble** (1) (Prerequisite: Audition). The Chamber Jazz Ensemble is a jazz combo devoted to the development of individual improvisation skills through the preparation and performance of literature for small jazz groups.
representing a variety of jazz styles and periods. No more than three semester hours of ensemble music (Music 100, 120, 125, 130, 140, 150, 160, 180, and 190) may apply toward graduation requirements for non-majors.

172 Music Commerce I (3) An overview of the music industry. Includes topics in music business careers, promotion and trade associations, basics of music merchandising such as music products, sales, instruments, and equipment. Music publishing, licensing and royalties, web commerce, and marketing will also be covered.

173 Music Commerce II (3) (Prerequisite: 172) An overview of the music industry, including record production and companies, recording studios and engineers, commercial radio, and radio business. The performance side of the music industry will cover artist promotion, management, and contracts.

180 Percussion Ensemble (1) (Prerequisite: Audition) Percussion Ensemble is a chamber music ensemble featuring works written or arranged specifically for percussion and percussion-related media. Literature will be selected and rehearsed with the ultimate goal of performance. No more than three semester hours of ensemble music (Music 100, 120, 125, 130, 140, 150, 160, 180 and/or 190) may apply toward graduation requirements for non-majors.

190 Guitar Ensemble (1) (Prerequisite: Audition) The Guitar Ensemble course consists of the practice of music for guitar in groups that can go from duets, trios, and quartets to larger ensembles of guitars. The repertoire consists mainly of works written for any combination in the number of guitars included. No more than three semester hours of ensemble music (Music 100, 120, 125, 130, 140, 150, 160, 180, and/or 190) may apply toward graduation requirements for non-majors.

210 Introduction to Music Technology (3) (Prerequisite: 215, 216 and Music Industry Performing Arts major or permission of the department) An introduction to computer use in various aspects of music production. Topics include music notation software, MIDI application, sequencing, music generation software, current music distribution methods, and a survey of emerging hardware and software technologies.

211 Sound Recording and Reinforcement (3) (Prerequisite: 210 and Music Industry Performing Arts major or permission of department) Teaches fundamentals of recording, playback, and sound reinforcement equipment operation. Topics include physical and perceptual acoustics, basic electricity, recording principles, console operation, microphone selection and placement, signal flow, sound processing, and mixing in studio and live performance situations.

215 Theory of Tonal Music (3) (Prerequisite: 115, Corequisite: 216) A continuation of Music 115 with emphasis on linear and harmonic aspects of diatonic music through study of chord construction, textures, forms, and chromatic harmony.

216 Aural Skills II (1) (Prerequisite: 116, Corequisite: 215) A continuation of Music 116. Advanced concepts of rhythmic and melodic reading, sight-singing, and dictation skills will be emphasized. Concepts of chromaticism will be introduced.
301 Music History I (3) (Prerequisite: English 102 or permission of the department) An historical survey of music from the Ancient period through the Baroque period will include examination of representative works characterizing the emerging development of Western style and performance practice with attention to prevailing political, economic, and social systems.

302 Music History II (3) (Prerequisite: 301 or permission of department) An historical survey of music from the 18th century to the contemporary period will include examination of representative works characterizing the emerging development of Western style and performance practice with attention to prevailing political, economic, and social systems.

314 Music for the Elementary School Teacher (3) Emphasis on giving the student enough facility with elementary notation and music reading that he/she will feel confident in preparing material for classroom use.

315 Advanced Music Theory (3) (Prerequisite: 215, Corequisite: Music 316) The final level of the music theory sequence; the course focuses on advanced harmonic techniques, part writing, written and visual analysis, and consideration of harmonic practices in contemporary and popular music.

316 Aural Skills III (1) (Prerequisite: 216/Corequisite: 315) The final level of the aural skills sequence with an emphasis on recognition of common harmonic models as well as sight-singing and dictation patterns of increased complexity.

317 Conducting and Ensemble Management (3) (Prerequisites: 215, 216) This course explores conducting technique for instrumental and vocal ensembles, which includes score reading and transposition. Also covered is the management of ensembles, including scheduling, music library, and production of concerts.

371 Advanced Production Techniques (3) (Prerequisite: 211 or permission of the department) A comprehensive study of advanced tracking, mixing, and mastering techniques. Current trends in technology will be closely examined as well as mixing and mastering trends throughout all music genres.

372 Principles and Techniques of Songwriting (3) (Prerequisite: 415 or permission of the department) This course is an introduction to the world of songwriting. It will cover such topics as melodic construction, phrasing, and formal design. It will also cover lyrical structure throughout the appropriate genres. Copyright, licensing, and publishing will also be covered.

415 Music Theory Practicum (3) (Prerequisite: 315) This is a project based approach to practical application of music theory skills, including an introduction to composition, arranging for voices and instruments, orchestration, and writing for contemporary ensembles.

497 Special Studies (3), (2), or (1) (Prerequisite: Permission of department) As Needed. Open only to juniors or seniors with a grade point average of 3.0 or higher in their major courses. A maximum of three semester hours may be earned. All individual research projects are reviewed by three faculty members from two different disciplines.
May be taken for credit (three hours) towards the Honors degree by special arrangement.

**498 Music Industry Internship** (6) (Prerequisite: Permission of the department and internship agency, senior status, and successful completion of 36 semester hours in the major at a minimum grade point average of 3.0 in all Music Industry courses and 2.5 cumulative grade point average in all courses taken at FMU.) This is a formal intern assignment in which the qualifying student participates in a music industry business or organization as an intern for a selected period of time. An internship will be awarded according to merit and availability determined by the department when the student meets the prerequisite.

**499 Music Industry Seminar** (6) (Prerequisite: Senior status and successful completion of at least 36 semester hours in the Music Industry Performing Arts major/Music Industry track.) This course is designed as a culminating experience for the Music Industry Performing Arts major and comprises an in-depth integration and application of the student’s personal experiences, opportunities, and ambitions as related to his/her anticipated career. A final project incorporates the discussion of short and long-term goals and a plan for the realization of these goals. All individual projects are reviewed by three faculty members.

**THEATRE ARTS**
Coordinator: Mr. A. Glen Gourley

The Department of Fine Arts offers a major in performance theatre arts with specialties in theatre performance (acting and directing) or theatre design/technology (scenery, lighting, costuming, and stagecraft). The department seeks to prepare students for graduate studies in the major, for entering professional training programs, or for entering professions that require creative thinking and artistic expression. Students may also earn either a minor or a collateral in theatre. The education students participate in leads to the development of life skills of self-discipline, personal responsibility, and organization; and the ability to communicate effectively and work cooperatively is fostered in the program. The program educates the student body at large and serves the community through quality performances that exhibit student and faculty artistic work and function as a laboratory for applying skills learned in the classroom and studio.

FMU and the Theatre Arts program are accredited by the National Association of Schools of Theatre (NAST).

**MAJOR SPECIALTY TRACKS IN THEATRE ARTS**

A major in Performing Arts with a B.A. in a theatre arts specialty track requires the following:

1. Theatre 210 (four one-semester hour courses), 200 or 203, 201, 202, 209, 291, 301, 320, 321
2. Nine semester hours selected from English 352, 361, 365, and 372
3. Twelve semester hours from one specialty area
   a) Design specialty: Theatre 302, 303, 402, and either 309 or three semester hours from the performance specialty
   b) Performance specialty: Theatre 205, 305, 401, 405, and either Speech Communication 203, Theatre 497, or three semester hours from the design specialty
4. Minor/collateral requirements (two options)
   a) Two 12-hour collaterals approved by the faculty adviser
   b) An 18-hour minor approved by the faculty adviser
5. Completion of a foreign language through 202

Theatre Arts majors must enroll in English 365 to fulfill the literature requirement of the Humanities section of the General Education Requirements.

The number of semester hours required in major courses for a major in Performing Arts with a B.A. in a theatre arts specialty track is 40. The minimum number of semester hours in all courses (major and non-major) required for the major in Performing Arts with a B.A. in a theatre arts specialty track is 120.

MINOR

A minor in theatre requires 18 semester hours selected from theatre courses above the 199 level, Speech Communication 203 or English 365. Credit cannot be given for both Theatre 200 and 203.

COLLATERAL

A collateral in theatre requires 12 semester hours selected from theatre courses above the 199 level and/or Speech Communication 203. Credit cannot be given for both Theatre 200 and 203.

THEATRE COURSES (THEA)

101 Introduction to Theatre (3) F, S, SU. Introduction to the many areas of the art of the drama to aid in a more perceptive enjoyment of a theatrical production.

200 Acting for Non-Majors (3) An overview of the actor’s art, including the history, theory, and practices of the craft of acting. Class exercises and scene assignments will allow students to expand their ability to use their voices, bodies, and imaginations on the stage. Credit cannot be given for both Theatre 200 and 203.

201 Theatrical Makeup (3) S. Analysis and study of makeup materials and the art of makeup application, including the basic procedures and techniques of creating a character-based makeup design.

202 Stagecraft (3:2-2) S. Training in scenery construction with major emphasis on drafting and the use of theatre equipment. Discussion and illustration of modern theatre production techniques as practiced by contemporary theatre artists.

203 Acting I (3) (For theatre performing arts majors and theatre minors only or permission of the department.) Analysis of and application of the fundamental
principles underlying the actor’s art, the development of poise, and the use of the voice and body on stage. First semester theatre majors should enroll in this class. Credit cannot be given for both Theatre 200 and 203.

205 Acting II (2) (Prerequisite: 200 or 203 or permission of the department) Application of basic improvisational and movement techniques. Introduction to the Stanislavski system. Solo and scene work stressing textual analysis and resulting characterization.

209 Introduction to Costume Technology (3:2-2) F. Basic training in costume craft and construction technologies. Lecture, demonstration, and practical application of costume technology that may include sewing, pattern making, millinery, and fabric dyeing.

210 Theatre Practicum (1) F, S. (Prerequisite: Theatre Performing arts major or theatre minor or permission of department) A laboratory experience in all aspects of theatre production-performance, technical and/or business. Four hours of the practicum are required of a major for graduation.

291 Script Analysis (3) (Prerequisite: English 101 or English 101E/L) AF. Fundamentals of play analysis for the purposes of performance and production. Plays will be read and analyzed from all production perspectives.

301 Directing I (3) (Prerequisite: Theatre Performing arts major or theatre minor or permission of the department) AF. Work in directing for the theatre. Topics include the director as creative interpretative artist and the director and the actor. Students direct individual projects.

302 Scenic Design (3) (Prerequisite: 202 or permission of department) AF. An exploration of scenic design principles and elements in terms of creating the visual environment of a play. Projects to include concept development, visualization of that concept, and presentation of the design through models or renderings and drafted construction drawings.

303 Theatre Management (3) (Prerequisite: 202 and 301 or permission of the department) AS. Study in the basic concepts and methods in the management of theatres. Emphasis on the specific role and duties of a stage manager within the production process. Also to include the theory and practice of theatre administration objectives: organization, season budget, schedule, personnel, publicity, box office, and house management.

305 Acting III (2) (Prerequisite: 205 and junior or senior status or permission of department) AF. Concentrated study in script and role analysis. Intensive improvisation to develop acting techniques.

309 Costume Design (3:2-2) (Prerequisite: 209) AS. Exploration and application of aesthetic principles of costume design. Special focus on interpretation of character through line, color, and fabric, employing a variety of rendering processes in the studio environment.
320 Theatre History I: Beginning to 1700 (3) Prerequisite: English 102) AF. Study of the Western theatre, both its physical form and literature, from the beginning to 1700.

321 Theatre History II: 1700 to the present (3) Prerequisite: English 102) AF. Study of the Western theatre, both its physical form and literature, from 1700 to the present.

328 Acting for Professional Simulations (3), (2), or (1) (Prerequisite: 200 or 203 or permission of department) As requested. A study of and practical experience in the area of acting for professional simulations. May be taken more than once for credit.

397 Special Topics in Theatre (3), (2), or (1) (Prerequisite: Permission of department) As requested. In-depth study of an area of interest in theatre. Different areas of study will be offered. Must have a 2.25 grade point average or higher in all Theatre courses. No more than six hours may be taken for academic credit.

401 Directing II (3) (Prerequisite: 301 or permission of the department) AF. Analysis and application of the staging of plays to provide training in production technique. Students direct individual projects.

402 Lighting and Sound Design (3) (Prerequisite: 202) AF. Analysis and application of current procedures and practices in the execution of lighting and/or sound designs for the stage.

405 Acting IV (2) (Prerequisite: 305) AS. Emphasis on the practical application of Stanislavski’s principles of psycho-technique and their subsequent interpretations.

497 Special Studies (3) (Prerequisite: Permission of department) As requested. Open only to juniors and seniors with a grade point average of 3.0 or higher in their major courses. A maximum of three semester hours may be earned. All individual research projects are reviewed by three faculty members from two different disciplines. May be taken for credit (three hours) towards the Honors degree by special arrangement.

**RATIONALE:** Due to a declining enrollment in Art Education and Theatre Arts, these two majors were designated by CHE as underperforming programs. In addition, the Music Industry program, though not mentioned by CHE this year, is not producing a large number of graduates. By folding the Art Education major into the Visual Arts major as a Teaching Certification, the program will have its graduating students include in the Visual Arts major and will no longer be a separate major. The Teaching Certification falling under the major is not unusual, and programs like History and English already have the Teaching Certification option included in the traditional major. The B.A. option is added for the Art Education students as the Visual Arts major currently exists as a B.A. program.

Music Industry and Theatre Arts are combining as a Performing Arts major so that the total number of students in both programs will now be under one major. Music Industry and Theatre Arts already had Specialties/Tracks listed, so this proposal simply combines them under the Performing Arts designation. Music Industry tracks will pursue a B.S. and Theatre Arts tracks will pursue a B.A., though this may change based on future CHE or NAST (theatre accreditation) recommendations.
Both NASAD and NAST have been contacted. Some minor changes may have to occur to satisfy accreditation guidelines for the Art Education and Theatre programs, but we are not addressing those until we have a visit by a representative from those organizations.

2. Proposal from the Department of Mass Communication

A. **ADD** on page 108 of the 2018 – 19 Catalog the below Debate and Forensics Symposium to the DEPARTMENT OF MASS COMMUNICATION COURSES section.

397 Debate and Forensics Symposium (1) (Prerequisite: SPCO101 with a grade of “B” or higher). Examine the use of rhetoric, evidence and effective presentation style in the context of organized, competitive debate. Emphasis on development of skills that will prepare students for intercollegiate competition. Students may earn a maximum of 3 credit hours in 397.

**Rationale:** Development of formal debate, impromptu and extemporaneous speaking skills will prepare students to be competitive as members of the university’s new student debate club, which will travel to Collegiate Forensic Association tournaments. Such skills will similarly help prepare students for careers that require good presentation and deliberative ability.

B. **ADD** on page 109 of the 2018 – 19 Catalog the Special Studies to the DEPARTMENT OF MASS COMMUNICATION COURSES section.

497 Special Studies (3), (2), or (1) (Prerequisite 300 or permission of chair) Open only to juniors and seniors with a grade point average of 3.0 or higher in their major courses. A maximum of 3 semester hours may be earned. All individual research projects are reviewed by three faculty members from two different disciplines. May be taken for credit (3 hours) towards the Honors degree by special arrangement.

**Rationale:** The Special Studies course will allow students to pursue research projects that pertain to their chosen course of study within Mass Communication disciplines.

3. Proposals from the Department of Physician Assistant Studies

A. **MODIFY** on page 208 of the current printed catalog, the title of **711 Obstetrics and Gynecology Clerkship** and the course description

**FROM:**

**711 Obstetrics and Gynecology Clerkship** (4) (135 clinical hours) (Prerequisite: permission of the department) F, S, Su. This clerkship provides students with experience in managing common gynecologic issues and disorders. Obstetric experience will include labor and delivery plus routine prenatal and postpartum care under the supervision of experienced OB/GYN preceptors.

**TO:**
711 Women’s Health Clerkship (4) (Prerequisite: permission of the department) F, S, Su. This clerkship provides students with experience in managing common gynecologic issues and disorders as well as prenatal care under the supervision of experienced preceptors.

RATIONALE

Accreditation standards only require prenatal and gynecological care for clerkship experiences therefore, we would like to modify the course description to cover those two areas. The title change is proposed to align with Accreditation terminology. We would like to remove the 135 clinical hours phrase to prevent students from using that as a goal for their clerkship. We require the students to work the same schedule as their preceptors and encourage 160 hours per clerkship.

B. MODIFY on page 208 of the current printed catalog, the title of 713 Psychiatry Clerkship and the course description

FROM:

713 Psychiatry Clerkship (4) (135 clinical hours) (Prerequisite: permission of the department) F, S, Su. This clerkship provides students with extensive clinical exposure to the major aspects of psychiatric care under the supervision of experienced preceptors.

TO:

713 Behavioral Health Clerkship (4) (Prerequisite: permission of the department) F, S, Su. This clerkship provides students with extensive clinical exposure to the major aspects of behavioral health care under the supervision of experienced preceptors.

RATIONALE

The title change is proposed to align with Accreditation terminology and the course description change would reflect the same wording as the course title. We would like to remove the 135 clinical hours phrase to prevent students from using that as a goal for their clerkship. We require the students to work the same schedule as their preceptors and encourage 160 hours per clerkship.

C. MODIFY on page 208 in the current printed catalog the course title and course description of 715 Internal Medicine-Inpatient Clerkship.

FROM:

715 Internal Medicine–Inpatient Clerkship (4) (135 clinical hours) (Prerequisite: permission of the department) F, S, Su. This clerkship provides students with extensive clinical exposure to the major aspects of inpatient internal medicine care under the supervision of experienced physician and PA preceptors.

TO:

715 Internal Medicine Clerkship (4) (Prerequisite: permission of the department) F, S, Su. This clerkship provides students with extensive clinical exposure to the major aspects of internal medicine care under the supervision of experienced preceptors.
RATIONALE
The change would coincide with a course deletion of the Internal Medicine Outpatient course so that there is only one Internal Medicine course that could be located in an inpatient or outpatient setting. Two separate courses for Internal Medicine are not required. The second course will be replaced with an elective clerkship. We would like to remove the 135 clinical hours phrase to prevent students from using that as a goal for their clerkship. We require the students to work the same schedule as their preceptors and encourage 160 hours per clerkship.

D. MODIFY on page 208 in the current printed catalog, the course description of 717 General Surgery Clerkship.

FROM:

717 General Surgery Clerkship (4) (135 clinical hours) (Prerequisite: permission of the department) F, S, Su. This clerkship provides students with hands-on experience in general surgery through exposure to the operating room, to pre- and post-operative management and to out-patient surgical management and follow-up.

TO:

717 General Surgery Clerkship (4) (Prerequisite: permission of the department) F, S, Su. This clerkship provides students with hands-on experience in general surgery through exposure to the operating room, to pre- and post-operative management and to out-patient surgical management and follow-up under the supervision of experienced preceptors.

RATIONALE

The proposed change aligns with the other clinical clerkship course descriptions to provide consistency. We would like to remove the 135 clinical hours phrase to prevent students from using that as a goal for their clerkship. We require the students to work the same schedule as their preceptors and encourage 160 hours per clerkship.

E. ADD on page 208 in the current printed catalog in order by number, the course: PA 719 Primary Care Clerkship (4) (Prerequisite: permission of the department) F, S, Su. This clerkship provides students with extensive clinical exposure to the major aspects of an area of primary care medicine selected in consultation with the clinical coordinator, under the supervision of experienced preceptors.

RATIONALE

This course will replace 716 Internal Medicine-Outpatient Clerkship. Students do not need two separate Internal Medicine Clerkships. The addition of a Primary Care elective would maintain the current required semester hours as well as support the current program mission statement.

F. DELETE on page 208 in the current printed catalog, the course 716 Internal Medicine-Outpatient Clerkship

RATIONALE
This course is being replaced by **719 Primary Care Clerkship**

G. **DELETE** on page 206 in the current printed catalog

An application for provisional accreditation has been submitted by FMU to the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) and provisional accreditation will be received before the program starts. Graduates will be eligible to take the Physician Assistant National Certifying Exam (PANCE) for certification by the National Commission on Certification of Physician Assistants (NCCPA).

**RATIONALE**

This information was in reference to the initial start of the program. The paragraph is no longer needed since the program has received Provisional Accreditation status.

**Rationale:** This change updates the program of study to reflect the requirement of the South Carolina Department of Education that teacher candidates pursuing licensure in learning disabilities will take an assessment course focused on learning and behavior. EDUC 621 was deleted from the program of study as teacher candidates are required to take EDUC 760.

**B. MODIFY** on page 150 of the current print catalog the course description of Education 311, Foundations of Instructional Planning and Assessment

**FROM**

311 Foundations of Instructional Planning and Assessment (3) F, S, SU. This course is designed to develop an understanding of effective instructional planning, both long-range and short-range, to improve student achievement and classroom measurement. This course introduces students to designing and using standards-driven assessments using curriculum standards. Both informal and formal test interpretation are covered.

**TO**

311 Foundations of Instructional Planning and Assessment (3) F, S, SU. This course is designed to develop an understanding of effective instructional planning, both long-range and short-range, to improve student achievement and classroom measurement of both general education and special education students and will differentiate instruction and assessment based on Individual Education Plans (IEPs). This course introduces students to designing and using standards-driven assessments using curriculum standards. Both informal and formal test interpretation are covered.

**RATIONALE:** To add special education on to a teaching certificate, a planning and assessment course must clearly delineate that special education students are being addressed. Language is added to indicate such.
C. **MODIFY** on page 150-151 of the current print catalog the pre-requisite for EDUC 310, 311, 322 and 420.

**FROM**

310 Using Technology Effectively in the Classroom (3). F, S, SU. This course provides a hands-on approach for using technology to enhance classroom instruction. Students are introduced to microcomputer software applications, hardware and web applications. Topics include computer fundamentals, word processing, electronic spreadsheets, databases, and other microcomputer applications. Practical applications include planning instructional and teacher resources for a classroom setting utilizing a variety of software, hardware, and web applications. This course is aligned with International Society for Technology in Education standards – ISTE standards. This course could require up to 10 field experience hours in a local public school setting. To complete the field experience hours, a current SLED background check must be received and approved by the FMU School of Education. Students should check the “News and Announcements” webpage for specific SLED background check deadlines: www.fmarion.edu/academics/news_and_announcements.

311 Foundations of Instructional Planning and Assessment (3) F, S, SU. This course is designed to develop an understanding of effective instructional planning, both long-range and short-range, to improve student achievement and classroom measurement. This course introduces students to designing and using standards-driven assessments using curriculum standards. Both informal and formal test interpretation are covered.

322 Foundations in the Instruction of Reading (3) (ECE majors must take this course in Block A). This course is an overview of reading-related theories, skills and instructional practices. Teacher candidates will receive an introduction to the five essential components of reading: phonemic awareness, phonics, vocabulary, fluency, and comprehension. Home/school connections, diversity and the role of professional development will be emphasized throughout the course.

420 Introduction to the Exceptional Learner (3) This course is designed to provide prospective teachers with background of learners with exceptionalities. It will provide an introduction and overview of the nature and needs of exceptional learners who are included in general education classrooms. Pre-service teachers will be exposed to theoretical bases and practical experiences to work with students with a variety of exceptionalities such as learning disabilities, intellectual disabilities, autism, attention deficit hyperactivity disorders, etc. Experiences will include exposure to, discussion of, and implementation of an IEP (Individualized Education Program), real-world case studies and scenarios, numerous podcasts, and a variety of learning modules from a national center dedicated to improving education outcomes for all children through the use of effective evidence based practices and interventions. This course could require up to 15 field experience hours in a local public school setting. To complete the field experience hours, a current SLED background check must be received and approved by the FMU School of Education. Students should check the “News and Announcements” webpage for specific SLED background check deadlines: www.fmarion.edu/academics/news_and_announcements.

310 Using Technology Effectively in the Classroom (3) (Pre-requisite: EDUC 190, 191 (except minors), and 305). F, S, SU. This course provides a hands-on approach for using technology to enhance classroom instruction. Students are introduced to microcomputer software applications, hardware and web applications. Topics include computer fundamentals, word processing, electronic spreadsheets, databases, and other microcomputer applications. Practical applications include planning instructional and teacher resources for a classroom setting utilizing a variety of software, hardware, and web applications. This course is aligned with International Society for Technology in Education standards – ISTE standards. This course could require up to 10 field experience hours in a local public school setting. To complete the field experience hours, a current SLED background check must be received and approved by the FMU School of Education. Students should check the “News and Announcements” webpage for specific SLED background check deadlines: www.fmarion.edu/academics/news_and_announcements.

Rationale. After a review of the program the faculty agrees that the students should have more flexibility in selecting the courses due to the student’s career path. All courses are relevant to the discipline. The faculty considers IPHC 301 as more relevant than APRN 506.

B. Add on page 182 of print catalog

ACADEMIC STANDING

Stipulations:
1. An M.B.A. student is allowed to repeat a maximum of one course for the purpose of improving the grade.
2. An M.B.A. student must repeat a grade of F at the next available course offering.
3. Receiving a second F will result in dismissal from the program, even if the first F has been replaced with a higher grade.
4. Receiving a third C will result in dismissal from the program, even if a C has been replaced with a higher grade.
5. Only a grade lower than B can be raised by repetition of a course; a reexamination is not permitted.
6. Any course that is repeated must be retaken at FMU.
7. A course may be repeated only once.
8. If a student is on academic probation, the student must consult with the Director of the MBA program concerning course load and progress.

RATIONALE

This is added to clarify the stipulations for academic standing. Item 4 is a new stipulation which is the result of extensive discussion among the graduate faculty.

7. Proposal from the Department of Sociology

A. **ADD** the following course to page 126 of the FMU 2019-2020 Catalog, in number order:

**353 Human Trafficking** (3) (Prerequisite: 201 or permission of the department) An in-depth examination of what human trafficking is, including the many different forms in which it appears, and human trafficking’s pervasiveness within the US and around the world. Explanations for why human trafficking occurs, how victims are recruited and entrapped, who is likely to become a perpetrator, and how societies are investigating and responding to these crimes. Societal responses include political policies towards complicit nations, criminal justice system responses to traffickers, and prevention and aftercare for trafficking victims.

**Rationale:** Human trafficking has become pervasive within the US and around the world. According to the National Human Trafficking Hotline, there were over 14,000 calls for assistance and 5100 cases reported in the US in 2018 alone. South Carolina ranks 16th among states for the number of reported trafficking cases (National Human Trafficking Hotline, accessed 2019). The SC Attorney General formed a statewide task commission in 2018 and reported to the media that in 2019, Richland County has the highest rate of human trafficking cases, followed by Horry, Greenville, and Charleston counties (Lanahan, 2019).

FMU graduates, especially those working in the physical and mental health, law enforcement, educational, and social work fields, will likely encounter human trafficking victims in their careers. Therefore, it is important that they are made aware of the issue, can spot and appropriately respond to a human trafficking situation when it arises. Currently, FMU does not offer a human trafficking course, while many universities across the nation do offer a course or multiple courses on the topic. When this topic was offered as a special topics course in Spring 2019 by the Sociology Department at FMU, 30 students enrolled and stayed in the course, with more students expressing interest, but were unable to fit the course into their schedules.

8. Proposal from the Department of Psychology

A. CHANGE. On page 207 of the current catalog, the description of graduate course PSYC-632 requirements:

FROM:

632 Quantitative Psychology (3) (Prerequisite: 302 or equivalent) S. Basic course in data presentation and analysis. Includes descriptive statistics, correlation, regression, as well as inferential statistics. Emphasis on matching appropriate statistics to experimental design and psychometric theory.

TO:

632 Quantitative Psychology and Research Methods (3) (Prerequisite: 302 or equivalent) S. Basic course in data management, presentation, and analysis. Includes descriptive statistics, correlation, regression, t-tests, analyses of variance, moderation, and mediation. Emphasis on matching appropriate statistics to experimental design, null hypothesis significance testing issues, psychometric theory, and research methodology concerns, such as sample sizes, randomization, and variable measurement.

RATIONALE:
The proposed changes to the graduate catalog description of PSYC-632 involve bringing it into alignment with how it is currently taught. Students are given broader and deeper instruction into statistical analysis and research methods that includes the tests and issues mentioned. The rationale for these updates is to ensure that the graduates are well prepared to be involved in research, to complete independent research of their own, and to understand current research articles and practices. This change will also recertify the program’s accreditation with Masters in Psychology and Counseling Accreditation Council (MPCAC) and National Association of School Psychologists (NASP).

VII. Proposal from the Faculty Life Committee

A. MODIFY on pages 11-13 of the Faculty Handbook under Student Evaluations of Faculty

FROM:

II. Student Evaluations of Faculty

A. General Guidelines for Use of Student Rating Forms

1. Faculty are required to administer student course evaluations during spring and fall sessions. During all summer sessions, student course evaluations are normally administered only at the faculty member’s request; however, faculty are required to administer student course evaluations during the summer if no one has taught the course during the current academic year. Results of voluntary summer student course evaluations are sent only to the faculty member; department chairs/deans do not receive copies of voluntary evaluations unless the faulty member chooses to forward a copy to the chair/dean.

2. Summative evaluations, using The FMU Student Rating Form (See Appendix 8), shall normally be based on one year's data. Faculty shall not be evaluated solely on the basis of one student or one class. Except in the case of first-year appointments, faculty shall not be evaluated based on data from one semester.

3. Student Rating Forms shall always be used in combination with other sources of information concerning teaching, such as, annual evaluations by deans/chairs, annual self-evaluations, evaluation by colleagues, and/or portfolio information.

4. Faculty shall never be rank-ordered on the basis of Student Rating Forms or any other single piece of data. Differences among class averages of student ratings, even based on several semesters, cannot be assumed to measure accurately differences in teaching effectiveness. No single instrument to measure teaching effectiveness is so reliable and valid as to allow ranking of teaching effectiveness, as small numerical differences cannot be assumed accurately to distinguish significant differences in teaching effectiveness.

5. Student ratings shall always be viewed within the context of an individual's teaching assignment. The factors to be considered might include class size, introductory course versus upper-level, rating of instructors of similar courses within the discipline, teaching load, experience in teaching a course, etc.

6. Faculty shall always have the right to provide clarification of student evaluations.

7. Faculty should take the steps necessary to understand clearly how student ratings will be used in faculty evaluations.

8. No one item on a student evaluation shall be used to draw conclusions. Even the
most effective instructor, due to style or experience, may not score high on any one particular item.

9. A uniform system of administering and collecting the information will be used.

B. Administration Procedures

1. Each faculty member chooses a day within the last two weeks of class for administering the Student Rating Form.
2. The faculty member asks for a student volunteer, informs the volunteer of his or her duties, asks the volunteer if there are any questions, and leaves the room.
3. The student volunteer hands out Student Rating Forms, comment cards, and pencils.
4. The student volunteer makes the three announcements outlined in the document.
5. The student volunteer collects material, places material in a prepared envelope, seals the envelope, and returns the envelope to a specified administrative assistant. Night classes use the Library and the Library book drop. Instructors of off-campus classes are provided a pre-addressed mailing envelope so that an administrative assistant at the satellite location mails results to the Francis Marion University campus designee.
6. The administrative assistant forwards the answer sheets to the Academic Computer Center for data analysis.
7. The administrative assistant forwards the comment cards to the individual faculty member after the deadline for faculty to submit grades to the Registrar's Office.
8. Course evaluations for online courses may be delivered in an online format if anonymity is protected.

C. Data Analysis Procedure

Results of voluntary summer evaluations are sent only to the faculty member. The results of mandatory student course evaluations are provided to each faculty member and his or her chair/dean with the following summary data for each question on the Student Rating Form:

1. Mean, median, standard deviation, and skewness of ratings for each course taught by that instructor.
2. Mean, median, standard deviation, and skewness of ratings for School and department across all courses.
3. Mean, median, standard deviation, and skewness of ratings for other sections of the same course.
4. Mean, median, standard deviation, and skewness of ratings for other lower-division courses (100-/200- level) for that School and department; or mean, median, standard deviation, and skewness of ratings for other upper-division courses (300-/400- level) for that School and department; or mean, median, standard deviation, and skewness of ratings for graduate courses for that School and department.
5. Mean, median, standard deviation, and skewness of ratings for all courses across the Schools and the University.
6. Other analyses as requested by the individual faculty member (i.e., analysis to
determine the effects of GPA on ratings).

7. A frequency distribution for each question for each class (for faculty members only).

In certain situations the above analyses will not be applicable. Faculty members or academic units may add questions to the Student Rating Form.

D. Procedures for Utilization of Student Rating Form Data

1. Annual summary data will become part of the faculty member’s annual report and be used as one indicator of teaching effectiveness in the chair/dean's annual evaluation of the faculty member.
2. The Student Rating Form data must be evaluated within the context of other information gathered.

E. Monitoring/Review

The Student Rating Form will be reviewed for reliability and validity as needed.

1. Course evaluations will be conducted via the Blackboard online learning management system, except as described in 2.
2. A paper version of the Student Rating Form may be used, upon request, for tenure-track faculty, up to the first five semesters of full-time employment (i.e., prior to the Third-Year Peer Review).
3. Access to the Student Rating Form will be granted only via unique URL to be sent to enrolled students in each course.
4. The Blackboard Administrator will release the emailed link to the online Student Rating Form (see Appendix 9) at 10 days prior to Reading Day, with follow-up reminders sent 5 days and 1 day prior to Reading Day to those students who have not yet completed the form.
5. Classroom time may be used to encourage student completion and participation of the Rating Form.
6. Student comments and rating data will be reported to the individual faculty member by Campus Technology staff, after the close of grades.

RATIONALE

- The University spends a considerable amount of human and material resources to maintain its current paper-based review system, while also offering an online review system for a number of its web-based courses.
- This revision brings the current system to a uniform standard that is entirely conducted online, while also preserving the fundamentals of the current system.
- Because student participation may be lower for online evaluations in some cases, the system allows for tenure-track faculty who have not yet undergone a third-year peer review to request the use of paper-based rating forms, during their first five semesters of employment.
- The Student Rating form was last edited in 2004. The move online provides us with the opportunity to update questions to match best practices, both in social science survey design and among other universities.
