Action Items

- In order to more closely consider student progress, the Music Industry faculty will be revisiting the type of data that is currently used. The faculty will consider the use of
scores from the Piano Proficiency exams, Applied Lesson Juries, and exit exams rather than just pass/fail data.

- The Music Industry program now has three specialty areas (Business, Performance, Technology) from which students may choose. Faculty will have to consider what data might be used to evaluate more areas outside of performance.
