

Pre-Nursing Student Prerequisite Evaluation

Name: _____ ID #: _____

Directions for Use: Enter in your grades for each course and calculate the total quality points you earn. Add up the numbers in the "Total" column and divide by how many hours you have completed in order to calculate your pre-nursing GPA. Pre-Nursing students will have all their cumulative and core science GPA's calculated based on this table. If your grade in English 102 was a B+, you would enter a 3.5 into Column 2. When multiplied by 3 credit hours, your total for that course would be 10.5 and would be entered into the 3rd column.
