If student does not have an Associate's degree in Healthcare related field, they must complete one of the following:

- a) One 18-hour minor approved by the faculty adviser
- b) Two 12 hour collaterals approved by the faculty adviser

A Bachelor of Science degree requires a minimum of 120 semester hours of approved credit, which includes those hours required for completion of the General Education program and those hours required for majoring in the student's area or areas of concentration.
