Dear Student:

On December 27, 2020, the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) was signed into law. Part of the Act provides each college and university with limited emergency grant funding to help students offset expenses related to disruptions to their education due to the COVID-19 pandemic.

President Fred Carter, in consultation with the vice presidents for finance and enrollment management, has determined that the funding will go to students with demonstrated exceptional financial need with prioritization provided to those who are Pell eligible, Title IV eligible, have completed a FAFSA, or initiated a payment plan with the University.

The grants must be used by students to help with expenses related to the cost of attendance at Francis Marion, such as tuition, food, housing, health care (including mental health), or childcare. Because you are a Francis Marion University student who has demonstrated exceptional financial need, you are eligible to receive grant funding. You will receive your award in two equal payments. The first payment is enclosed. The second payment will be mailed during the first week of March.

Sincerely,

Kimi Elisor

Director of Financial Assistance
