Fiscal Year 2020–2021 Accountability Report

SUBMISSION FORM

I have reviewed and approved the data submitted by the agency in the following online forms:

- Reorganization and Compliance
- Strategic Plan Results
- Strategic Plan Development
- Legal
- Services
- Partnerships
- Report or Review

I have reviewed and approved the financial report summarizing the agency's budget and actual expenditures, as entered by the agency into the South Carolina Enterprise Information System.

The information submitted is complete and accurate to the extent of my knowledge.

Agency Mission

Francis Marion University is a four-year public institution established by the state of South Carolina. It is located in the northeastern part of the state near the city of Florence. Enrollment is approximately 4,000.

Its purpose is threefold: to provide students with an excellent education, stimulate inquiry and research, and serve the Pee Dee region and the state of South Carolina.

Francis Marion University adheres to the primary purpose of its establishment as a college in 1970: to make available excellent educational programs for the people of the region and the state. The University offers bachelor's degrees in a wide range of liberal arts disciplines, as well as in the health sciences, education, engineering, and business. The University also offers professional degrees at the baccalaureate, master's, and specialist levels, and a professional doctorate. While maintaining high standards, FMU serves students with a broad range of preparation and ability. The University seeks a wide variety of students, primarily from the Pee Dee region, but also from the entire state, other states, and foreign countries. We believe that a student body diverse in age, racial and ethnic background, and country of origin enriches the education of all students.

To achieve its educational goals, the University has outstanding faculty members distinguished by high achievement and diverse academic backgrounds. We provide traditional and, when appropriate, non-traditional instruction, access to an excellent library as well as electronic resources, and staff members committed to student learning and success. A low student-faculty ratio and faculty concern for the individual student help us to achieve our goals. The University recognizes the importance of the out-of-the-classroom experience and offers opportunities for students to engage in activities that promote personal growth. In addition, the University provides students with special learning opportunities, such as an honors program, internships, study abroad destinations, and cooperative degree programs.

Since our highest priority is excellence in teaching and learning, we believe that intellectual inquiry and analysis by students and faculty members are essential. We encourage all scholarly pursuits, including student research for courses and faculty research for presentation and publication and for use in the classroom. The University provides faculty members with support for professional development through resources for innovative teaching, scholarship, and service. Our goal of an academic experience built on inquiry and research as well as the transmission of information allows students to develop their ability to think and communicate, to gain knowledge and skills, to pursue a career or further study, to appreciate the creativeness of the human mind, to be aware of the human and natural environment of the world, and to have the capacity to pursue a life of learning and understanding.

The University also serves the needs of Florence and the surrounding area in ways beyond formal education. Numerous artistic and cultural activities, athletic programs, health initiatives, and outreach efforts benefit not only our students, but also the community. To foster the economic development of the region, we offer consulting services to business, industry, and government. Academic and practical assistance to area schools is basic to our endeavors. Faculty and staff members participate in and contribute to a wide range of community activities.

~~Francis Marion emphasizes liberal arts education while offering new academic programs with innovative technology. It is small enough to provide attention to each student, but large enough to offer a~~

Adopted in: 2016

Agency Vision

Francis Marion University aspires to be an academic leader recognized for innovation and quality in teaching and learning with a commitment to outreach and service to the Pee Dee Region of South Carolina and beyond.

Ongoing objectives:

1. Transforming Education for a Rapidly Changing World: We must create a transformative faculty whose scholarship crosses disciplinary boundaries and whose energy sparks intellectual creativity. As such, we need to:
 - a. Maintain and expand quality academic programs.
 - b. Continue to support and build an excellent faculty
 - c. Maintain academic accreditations as indicators of program quality
2. Success Starts Here: We must develop new initiatives and measures to increase our student success rates and further support our campus community of scholars and learners. As such, we must:
 - a. Improve student academic success rates
 - b. Increase student enrollment and retention
 - c. Develop the technology on campus to address future needs of students, faculty, staff and administrators
 - d. Maintain investments in informational resources and educational support services
 - e. Increase external funding
 - f. Develop the physical facilities, natural resources and infrastructure of the campus
 - g. Enhance the University's image through an aggressive, focused marketing campaign
3. Creating Scholarship with Consequence: We must be responsive to our local community which means launching new programs to support local industry and creating organizations and structures that enhance culture and public life in the Pee Dee Region and across the State. We must increase our commitment to translational research, creative work, and practice in order to address great challenges, notably in health care, life sciences, and engineering, but also in the arts, humanities, professions, and social sciences. As such, we must:
 - a. Raise the quality, variety, and visibility of athletic, artistic, cultural, and other community-supported programs
 - b. Emphasize career development and job placement services for all students of the University
 - c. Increase internship opportunities for our students with business, governmental, and public organizations
 - d. Develop new programs that support the initiatives and needs of local employers
4. Connecting the Individual to the World: We must promote global and local engagement to foster mutual understanding and encourage citizenship in a global context. As the world grows more interconnected, so does the need for self-reflection and critical thought, appreciation of diversity, civility, reconciliation, and empathy across all spheres of life. As such we need to:
 - a. Increase opportunities for all students and faculty to become aware of multicultural and global issues and to have international educational opportunities
 - b. Support and fund student and faculty travel

Recommendations for reorganization requiring legislative change.

No

Please list significant events related to the agency that occurred in FY 2020-2021.

Month Started	Month Ended	Description of Event	Agency Measures Impacted	Other Impacts

These responses were submitted for the FY 2020-2021 Accountability Report by the				
FRANCIS MARION UNIVERSITY				

Does the agency intend to make any other major reorganization to divisions, departments, or programs to allow the agency to operate more effectively and efficiently in FY 2021-22?

Note: It is not recommended that agencies plan major reorganization projects every year. This section should remain blank unless there is a need for reorganization.

No

Is the agency in compliance with S.C. Code Ann. § 2-1-220, which requires submission of certain reports to the Legislative Services Agency for publication online and the State Library? See also S.C. Code Ann. § 60-2-20.

Yes

If not, please explain why.

Is the agency in compliance with various requirements to transfer its records, including electronic ones, to the Department of Archives and History? See the Public Records Act (S.C. Code Ann. § 20-1-10 through 20-1-180) and the South Carolina Uniform Electronic Transactions Act (S.C. Code Ann. § 26-6-10 through 26-10-210).

Yes

Does the law allow the agency to promulgate regulations?

No

Please list the law number(s) which gives the agency the authority to promulgate regulations.

Has the agency promulgated any regulations?

Is the agency in compliance with S.C. Code Ann. § 1-22-120(J), which requires an agency to conduct a formal review of its regulations every five years?

AGENCY'S DISCUSSION AND ANALYSIS

Founded as a state college in 1970, Francis Marion University (FMU) adheres to the primary purpose of its establishment: to make available excellent educational programs for the people of the region and the state. The University offers bachelor's degrees in a wide range of liberal arts disciplines, as well as in the health sciences, education, engineering, and business. FMU provides traditional classroom and laboratory instruction, innovative on-line and hybrid courses, as well as access to an excellent library and electronic learning resources. The University is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC).

FMU places high value on academic and intellectual development of students, scholarly and professional development of faculty, and educational and cultural enrichment of citizens of the Pee Dee. The University also delivers educational opportunities to a diverse population and prepares South Carolina students to contribute to the growth and quality of life in South Carolina. FMU embraces the development of professional and graduate programs in response to community needs while recognizing the importance of increased interdependence in the world and awareness of other cultures. The hope is that an examination of a common body of knowledge will ensure that students have the necessary skills and information to function independently, effectively, and ethically in a rapidly changing world.

The COVID-19 pandemic had great impact on all educational institutions during the 2020-2021 academic year. Due to the challenges presented by this unique situation, much of our focus and resources were directed to lessening the impact of the virus on our campus population. New policies and procedures informed by recommendations from the Centers for Disease Control and the Department of Health and Environmental Control, with additional guidance from the South Carolina state government and various epidemiologists, were developed and enacted. This investment in and commitment to safety protocols helped keep our COVID numbers the lowest in the state for any public institution of higher learning. In addition, much of our efforts went to providing remote learning support including course development for faculty, bolstering our technological infrastructure, and providing technology and equipment to our faculty, staff, and students. Other mitigation strategies to address the pandemic included: increased sanitization of classrooms, common spaces, offices, dining facilities, and student residences; providing face masks and other PPE upon request; expansion of health services on campus; and other efforts to reduce the impact of the pandemic.

In collaboration with the state of South Carolina, FMU provided mobile WiFi Hotspots to students who met criteria established by Accelerate SC to ensure adequate internet connectivity for online learning. Additionally, FMU procured laptop computers for loan to students, remote instruction hardware and software to facilitate online instruction and telecommuting as needed. A video conference service was procured and implemented campus wide.

In 2021, the Department of Physics and Engineering began using Undergraduate Learning Assistants in selected introductory courses. Learning Assistants complement the instruction of faculty and are recognized as an effective way to improve recruitment and retention in STEM disciplines, particularly among underrepresented populations. The department also made significant improvements to the Engineering Technology curriculum which should have greater benefits to students in that program. Work on two externally funded grants (one from the National Science Foundation and another from the South Carolina Research Authority) began this year. The two grants provide funding for FMU Physics and Engineering students to work in applied research projects.

The Nursing program submitted two compliance reports to the Commission on Collegiate Nursing Education (CCNE). The Speech-Language Pathology program submitted its third annual report to The Council on Academic

AGENCY NAME:	Francis Marion University		
AGENCY CODE:	H180	SECTION:	17

Accreditation in Audiology and Speech-Language Pathology (CAA) in preparation for next year's application for accreditation. The School of Health Sciences (comprised of Nursing, Speech-Language Pathology, and Healthcare Administration) received a telehealth cart with peripherals, cardiac defibrillator, and simulation supplies, as well as provided telehealth and reproductive training through external grant awards. To facilitate translation of knowledge gained in the classroom to clinical practice, the Speech-Language Pathology program uses Today's One Room School House (TORSH). TORSH is a HIPAA compliant platform that facilitates observation, coaching, and self-assessment for students. The aim of this instructional framework is to use the power of self-assessment to help students be responsible for and critically reflect on their own learning process and performance.

FMU's School of Education has been awarded accreditation from the Council for the Accreditation of Educator Preparation (CAEP). The School is expanding its graduate curriculum with three new programs. The first is an M.A.T. in Multi-Categorical Special Education. The two others are Accelerated Master's Programs in Early Childhood Education and Elementary Education. Additionally, the School was the recipient of a Project CREATE Grant in the amount of \$782,344.44. The bulk of that money is going to graduate student tuition and textbooks. The School of Education is an active participant in the Teaching Fellows Program and has the largest Teacher Cadet program in the state.

The School of Business created a new track in Marketing – Digital Marketing and a new track in Management Information Systems – Network Systems Management. We also have three two plus two program agreements with Florence Darlington Technology. Students with an Associates in Applied Sciences in Management and Marketing can transfer into the Bachelor of Business Administration program and students with an Associates in Applied Sciences in Network Systems can transfer into the Bachelor of Business Administration in Management Information Systems – Network Systems Management program.

As a part of our SACSCOC reaffirmation of accreditation process, we developed a new Quality Enhancement Program (QEP) focused on professional preparation for the benefit of our students. Fall 2020 saw the growth of our new QEP program, PEAK (Professional Experience And Knowledge). By supporting our students' professional endeavors, PEAK fosters skills and experiences that are attractive to employers, with the end goal of assisting our students in obtaining career positions. It provides a necessary complement to our REAL (Ready to Experience Applied Learning) program; one that will help students make the transition from the university to the workplace. We are continuing to support and promote both programs to the extent we are able with the limitations imposed by the COVID-19 pandemic.

Francis Marion University has continued working through the Pee Dee Health Education Partnership—a consortium composed of the University of South Carolina, Francis Marion University, Carolinas Hospital System, and McLeod Health—to deliver healthcare education programs to the region and the state. We collaborate as appropriate with the USC School of Medicine in bring third- and fourth-year medical students to the Florence regional clinical campus of USC-SOM. Additionally, in cooperation with The City of Florence, FMU's Kelley Center for Enterprise and Innovation will further grow and develop in Downtown Florence in the Business Incubator in the North Dargan Innovation Center (NDIC).

The Center of Excellence to Prepare Teachers of Children of Poverty quickly shifted the traditional face-to-face Summer Institute to an online event in Summer 2020 that provided more than 50 hours of professional learning content. The success of that event led to the development of a 'learn' website that provided subscribers with on-demand access to archives from the summer event, plus featured recordings of live 2020-2021 Fall and Spring semester keynotes. Fourteen featured speakers then headlined a live summer 2021 OnLine Professional Learning Series that allowed the Center to capitalize on the reach of distance delivery. The Center's 'learn' website was again expanded to host subscriber access to that event plus more than 30 hours of bonus

AGENCY NAME:	Francis Marion University		
AGENCY CODE:	H180	SECTION:	17

content. The success of this format enabled the Center to convene all 2020-2021 events—a total of 121—using this same technology, reaching almost 10,000 educators, including representatives of 14 sister SC institutions of higher education, and stakeholders from across the United States and 5 foreign countries.

The Center of Excellence for College and Career Readiness provided professional development to over 200 South Carolina teachers this year, both in person at schools in Florence and Columbia and through on-demand webinars, online workshops, and virtual book clubs. Additionally, they trained pre-service teachers to deliver project based learning to students in a summer literacy camp and taught two summer courses to introduce K-12 teachers to principles of college and career readiness.

In December 2017 FMU and Coastal Carolina University entered into an agreement with the Belle W. Baruch Foundation to create the Belle W. Baruch Institute for South Carolina Studies at Hobcaw Barony, a 16,000-acre research reserve located on the South Carolina coast near Georgetown, SC. At present there are multiple active research projects involving FMU faculty and students in progress at Hobcaw Barony.

Through the sponsorship and continued partnership with Duke Energy, FMU offers the Non-Profit Leadership Institute (NPLI). This Institute brings together nonprofit professionals from across the Pee Dee region to develop and enhance their skills over the course of several months. The Duke Energy Foundation provides for scholarships to attend NPLI and to create a workshop on grant writing.

In 2020-21, Francis Marion University received top marks in all categories of the "Great College to Work for" survey, conducted by Modern Think. It was the first time in FMU's history that the University earned this prestigious honor. The University was also recognized as one of the South's Best Regional Universities, Top Performer for Social Mobility, Top Public Universities South and Best Undergraduate Nursing programs in U.S. News and World Report's "America's Best Colleges" issue. FMU was once again ranked as one of the "50 Most Affordable Colleges and Universities in America" by study.com and recognized as having the lowest cost of attendance in all of South Carolina.

Fall 2019 saw the opening of FMU's newest community engagement effort, the Continuum. Located in Lake City, SC, the Continuum is a state-of-the-art educational facility developed in partnership with the Darla Moore Foundation (DMF), Florence-Darlington Technical College (FDTC) and FMU. This innovative facility houses a number of classrooms and labs for dual enrollment and certificate programs for high school students from the Pee Dee region. Over the course of the 2020-2021 academic year, the Continuum has hosted students from seven school districts, and partnerships with another three. The Continuum also houses a business incubator run by the University's Kelley Center for Economic Development to serve the Lake City area.

FMU's Kelley Center for Economic Development provides business incubator services, post-launch assistance, technical support, and enterprise development aid to new and expanding businesses throughout the Pee Dee. Summer 2019 saw the completion of construction of the Kelley Center's new home, University Place, in downtown Florence. The Center now has locations in both Florence and Lake City to serve a greater population of the Pee Dee. The new building also houses the North Eastern Strategic Alliance (NESA) and an expansive gallery space contributing to downtown Florence's designation as a Cultural District. The University Place gallery hosts three to five artists a year and provides seminars, workshops, and talks with the exhibiting artists.

FMU continuously maintains and improves campus facilities to foster a productive learning environment and ensure the university can fulfill its mission. In 2020-21, the Leatherman Medical Education Complex came online with speech-language pathology and behavioral health clinics serving clients from around the region. Additionally, the FMU Honors Center became operational and provides classrooms, meeting spaces, gathering spaces, and

AGENCY NAME:	Francis Marion University		
AGENCY CODE:	H180	SECTION:	17

offices for the Honors Program, International Programs, and the McNair Institute for History and Government. A full range of classes and activities are currently offered in the facility. The Freshwater Ecology and Conference Center will be completed by January, with classes and events offered at that location in spring 2022. Both state appropriations and private funds support these initiatives. The facilities management staff is preparing to engage in a multi-year initiative to renew capital assets on campus, including a variety of building mechanical systems, sidewalks, parking lots, and roadways.

Subsection One: Risk Assessment and Mitigation Strategies

In this subsection we are required to identify the potentially most negative impact on the public as a result of Francis Marion University not accomplishing our goals and objectives. Simply put, if we do not meet our self-imposed goals or address those Statewide Enterprise Strategic Objectives, we will fail in our very mission to exist; which is to provide students with an excellent education, stimulate inquiry and research, and serve the Pee Dee region and the state of South Carolina. From new program development, through accreditation compliance and completion, undertaking faculty and staff development, and continuing with campus infrastructure upgrades and maintenance, while safeguarding revenue for operations, we must embrace a levelheaded, multifaceted approach to have success and serve the citizens of the Pee Dee region and our state. Significant problems could arise if we as an institution fail to keep current with educational accreditations and requirements as well as not remain current with new developments in all the various fields. Moreover, if we fail to be good stewards and trustees of public funds, disastrous consequences could befall our agency. While we are very prudent and efficient in regards to our agency's operations, progressive and forward thinking on the part of the agency's leadership will help to mitigate the effects of an economic downturn or significant loss of enrollment.

Our ongoing initiatives of growing new programs, most recently in the area of the health sciences, have aided in keeping our enrollments at sustainable levels. The recent legislative action to allow a new designation of higher education institutions to offer up to 5 professional doctorates will allow us to continue to develop programing in this vital area. Other alleviation strategies to deal with possible financial concerns for the agency could include the return of state appropriations to levels prior to the 2008 recession. Additional requests in legislative appropriations are designed to grow and develop our new initiatives and programs in education, business, and the health sciences. These appropriations will also be applied to the recruitment and hiring of additional faculty in the areas of Science, Technology, Education, Business, Health Sciences, and Math to help us expand these programs to better serve our students, our region, and the State.

Subsection Two: Restructuring Recommendations and Implementations

One area of internal restructuring that came out of recommendations from our SACSCOC reaffirmation process was the creation of a University Planning Council. This new entity will be comprised of the President, Provost, vice president for administration, vice president for business affairs, education foundation director, faculty chair, and other vice presidents, when appropriate. This body was created by the university's President in April 2018 to perform more systematically the planning, budgeting, and assessment responsibilities previously assumed by the senior staff. Staff serving the University Planning Council include: the director of institutional planning, the director of institutional effectiveness, and the director of institutional research. Some stated duties and areas of concern for the University Planning Council would include the following:

- Review Faculty Budget Review and Planning Committee recommendations
- Review finances of university (accounts, unallocated contingencies, reserves, development, and education foundation balances)

AGENCY NAME:	Francis Marion University		
AGENCY CODE:	H180	SECTION:	17

- Assess implications to the university plans, goals, and programs
- Begin development of university Accountability Report
- Receive reports for programmatic accreditation reviews for existing year
- Review legislative FY20-21 appropriations
- Review FY21-22 planning assumptions [e.g., expected growth; availability of FTEs; community activities and support (e.g., outreach to rural counties)]

Beyond the creation and implementation of the University Planning Council, there are no additional restructuring recommendations at this time.

FY 2020-2021 Agency Accountability Report
FY2020-21 Strategic Plan:

These responses were submitted for the FY 2020-2021 Accountability Report by the
FRANCIS MARION UNIVERSITY

Goal Provide South Carolina and the Pee Dee region with high quality higher education														
Strategy 1.1										Statewide Enterprise Objective				
Develop new baccalaureate programs, options and tracks designed to meet student and community needs										Education, Training, and Human Development				
Measure Number	Description	Base	Target	Actual	Value Type	Desired Outcome	Time Applicable	Calculation Method	Data Source	Data Location	Primary Stakeholder	Stakeholder Need Satisfied	State Funded Program Number Responsible	Notes
1.1.1	Complete Faculty approval process and CHE approval process of a BS in Veterinary Science/Animal Studies	100%	100%	100%	Percent Complete (100)	Complete	State Fiscal Year (July 1 - June 30).	Percent completion of project described as determined by the agency.	Internal records	Provost Office	Students	Educational opportunities for students interested in pursuing careers in animal care, training, and control, and/or veterinary fields	6000.010100.000	
1.1.2	In August of 2020 begin Forensic Science track in Chemistry	100%	100%	100%	Percent Complete (100)	Complete	State Fiscal Year (July 1 - June 30).	Percent completion of project described as determined by the agency.	Internal records	Provost Office	Students	Educational opportunities for students interested in pursuing careers in the field of forensic science	6000.010100.000	
1.1.3	In August of 2020 begin Systems Design track in Business Administration	100%	100%	100%	Percent Complete (100)	Complete	State Fiscal Year (July 1 - June 30).	Percent completion of project described as determined by the agency.	Internal records	Provost Office	Students	Educational opportunities for students interested in pursuing careers in systems design	6000.010100.000	
1.1.4	In August of 2020 begin Art Education track in Visual Arts	100%	100%	100%	Percent Complete (100)	Complete	State Fiscal Year (July 1 - June 30).	Percent completion of project described as determined by the agency.	Internal records	Provost Office	Students	Educational opportunities for students interested in pursuing careers in art education	6000.010100.000	

These responses were submitted for the FY 2020-2021 Accountability Report by the FRANCIS MARION UNIVERSITY														
Goal Provide Programs Necessary to Ensure Student Academic Success and Engagement										Statewide Enterprise Objective				
Strategy 2.2										Education, Training, and Human Development				
Student Body development: retention and completions														
Measure Number	Description	Base	Target	Actual	Value Type	Desired Outcome	Time Applicable	Calculation Method	Data Source	Data Location	Primary Stakeholder	Stakeholder Need Satisfied	State Funded Program Number Responsible	Notes
2.2.1	Seek to increase scholarships and funding for needs-based and merit scholarships through growth of the First Generation Fund	\$0.00	\$35,000.00	\$26,500.00	Dollar Amount	equal to or greater than	State Fiscal Year (July 1 - June 30).	Total scholarship dollars awarded.	Internal records	Education Foundation	Students	Expanded access to underserved populations seeking higher education	6000.050000.000	FMU initially awarded \$35,000 in scholarships and financial support, but not all students receiving the award matriculated, resulting in the lower award amount.
2.2.2	Offer individual tutorials during the academic year through the Writing Center and Tutoring Center	3292	3400	2335	Count	equal to or greater than	State Fiscal Year (July 1 - June 30).	Count of tutorials offered.	Internal records	CASA	Students	Improve academic performance to improve retention and individual success	6000.010100.000	In the transition from face-to-face course delivery to remote instruction, overall student engagement was reduced This parallels national trends.
2.2.3	Continue to offer Center for Academic Success and Advisement (CASA) Workshops offered during the academic year	14	15	11	Count	equal to or greater than	State Fiscal Year (July 1 - June 30).	Count of workshops.	Internal records	CASA	Students	Improve academic performance to improve retention and individual success	6000.010100.000	Workshops that were initially planned for face-to-face delivery were re-tooled into webinars when possible. Workshops whose content would not transition well to a virtual format were cancelled.
2.2.4	Continue to add to the staff to develop, and support CASA	8	10	10	Count	equal to or greater than	State Fiscal Year (July 1 - June 30).	Count of staff supporting CASA	Internal records	CASA	Students	Improve academic performance to improve retention and individual success	6000.010100.000	
2.2.5	Work to offer more and improved student orientation sessions during summer	9	10	12	Count	equal to or greater than	State Fiscal Year (July 1 - June 30).	Count of orientation sessions.	Internal records	Office of Enrollment Management	Students	Expand engagement opportunities to potential FMU students	6000.010100.000	

These responses were submitted for the FY 2020-2021 Accountability Report by the FRANCIS MARION UNIVERSITY														
Goal Provide Programs Necessary to Ensure Student Academic Success and Engagement										Statewide Enterprise Objective				
Strategy 2.3										Education, Training, and Human Development				
Increase Student Engagement with Enrichment Opportunities														
Measure Number	Description	Base	Target	Actual	Value Type	Desired Outcome	Time Applicable	Calculation Method	Data Source	Data Location	Primary Stakeholder	Stakeholder Need Satisfied	State Funded Program Number Responsible	Notes
2.3.1	Continue to provide Ready to Experience Applied Learning (REAL) grants to support experiential learning opportunities for more FMU students	\$876.00	\$900.00	\$56.00	Dollar Amount	equal to or greater than	State Fiscal Year (July 1 - June 30).	Count of student participants in REAL grants offered.	Internal records	Provost Office	Students	Experiential educational enrichment opportunities to promote practical application of coursework	6000.010100.000	REAL Grant awards are primarily to fund experiential, hands-on, and travel opportunities for students. Due to the state travel restrictions; cancellation of many workshops, seminars, and conventions; and physical limitations imposed by the pandemic, these opportunities were greatly curtailed.
2.3.2	Continue to provide Professional Experience And Knowledge (PEAK) grants to support experiential learning opportunities for more FMU students	710	725	565	Count	equal to or greater than	State Fiscal Year (July 1 - June 30).	Count of student participants in PEAK grants offered.	Internal records	Provost Office	Students	Professional practical experiences to promote employability and job performance	6000.010100.000	PEAK Grant awards are primarily to support students seeking professional training and internship opportunities. Due to the restrictions imposed by the pandemic, there were fewer professional opportunities available to students.
2.3.3	Continue to support and develop our international exchange program to offer new exchange partners for our students	11	13	11	Count	equal to or greater than	State Fiscal Year (July 1 - June 30).	Count of exchange partners with FMU.	Internal records	Office of International Studies	Students	Provide international engagement opportunities for FMU students	6000.050000.000	Development of additional programs was hindered by travel restrictions due to COVID-19. Program development is contingent upon satisfactory site visits to potential partners.
2.3.4	Increase student participation in the Research and Exposition Day (RED)	15	25	38	Count	equal to or greater than	State Fiscal Year (July 1 - June 30).	Count of student research presentations.	Internal records	Provost Office	Students	Provide a venue for presentation of research to promote practical application of coursework	6000.010100.000	

These responses were submitted for the FY 2020-2021 Accountability Report by the FRANCIS MARION UNIVERSITY														
Goal Support Faculty and Staff Development														
Strategy 3.1										Statewide Enterprise Objective				
Faculty development through training and special program attendance										Education, Training, and Human Development				
Measure Number	Description	Base	Target	Actual	Value Type	Desired Outcome	Time Applicable	Calculation Method	Data Source	Data Location	Primary Stakeholder	Stakeholder Need Satisfied	State Funded Budget Program Number Responsible	Notes
3.1.1	Faculty Advising Workshops	3	4	1	Count	equal to or greater than	State Fiscal Year (July 1 - June 30).	Count of workshops.	Internal records	Provost Office	Students and Faculty	improving the quality of student-faculty engagement and efficacy of advising and course planning	6000.010100.000	FMU previously increased the number of faculty advising workshops to reach out to the full faculty upon adopting Elucian Colleague for advising. Moving forward advising workshops will be focused on new faculty, therefore reducing the number of annual workshops needed.
3.1.2	Faculty Higher ed. Leadership Training Opportunities @ Harvard, HERs, ACE, etc.	5	7	9	Count	equal to or greater than	State Fiscal Year (July 1 - June 30).	Count of trainings participated in.	Internal records	Provost Office	Faculty	Supporting faculty development for internal promotion and productivity	6000.010100.000	
3.1.3	Develop in-house professional development seminars and workshops for faculty teaching and learning	4	6	5	Count	equal to or greater than	State Fiscal Year (July 1 - June 30).	Count of workshops developed.	Internal records	Provost Office	Faculty	Supporting faculty development to improve classroom practices and teaching efficacy	6000.010100.000	FMU developed 5 university-wide programs for faculty teaching and learning development, but many individual departments offered discipline-specific workshops for using technology individualized to their programs to support virtual learning.

These responses were submitted for the FY 2020-2021 Accountability Report by the FRANCIS MARION UNIVERSITY														
Goal Support Faculty and Staff Development														
Strategy 3.2										Statewide Enterprise Objective				
Staff development through training and special program attendance										Education, Training, and Human Development				
Measure Number	Description	Base	Target	Actual	Value Type	Desired Outcome	Time Applicable	Calculation Method	Data Source	Data Location	Primary Stakeholder	Stakeholder Need Satisfied	State Funded Budget Program Number Responsible	Notes
3.2.1	Provide for in-house workshops and other training programs	105	105	180	Count	equal to or greater than	State Fiscal Year (July 1 - June 30).	Count of days of in-house training	Internal records	Finance and Facilities	FMU staff.	FMU staff need workshop and training opportunities to support skill acquisition and development.	6000.010100.000	
3.2.2	Continue to fund and support Staff Group Travel Opportunities for Team development	20	20	6	Count	equal to or greater than	State Fiscal Year (July 1 - June 30).	Count of days in training	Internal records	Finance and Facilities	FMU staff.	FMU staff need training opportunities to support skill acquisition and development.	6000.010100.000	Travel was restricted due to the pervasiveness of the COVID-19 virus
