ABOUT FMU

The University

Francis Marion University is a four-year public institution established by the state of South Carolina, and is located in the northeastern part of the state near the city of Florence. Enrollment is approximately 4,000.

Its purpose is threefold: to provide students with an excellent education, stimulate inquiry and research, and serve the Pee Dee region and the state of South Carolina (*see FMU's University Catalog for more information*).

Francis Marion University is one of South Carolina's 13 public, coeducational universities. Classified by the Carnegie Foundation for Education as a comprehensive university, FMU takes pride in providing a strong liberal arts foundation in a broad range of undergraduate majors. The University also offers three professional schools in business, education, and health sciences. FMU offers bachelor's degrees in liberal arts disciplines, business, education, and nursing. At the graduate level, FMU offers programs in business, education, nursing, speech-language pathology, and psychology.

The vast majority of FMU's students come from South Carolina. In a typical year the student body includes students from nearly every county in the state. But FMU also enrolls students from many different states and foreign countries, allowing students to experience the diversity of people from other cultures. In the fall of 2022, students came from 34 U.S. states and the District of Columbia, and 24 foreign countries. The student-faculty ratio is 13 to 1. The average age of undergraduates is 21, while the average age of graduate students is 33. (All demographic figures from the Fall 2022.)

Students at FMU receive a high-value education at an affordable cost. The faculty provides personal attention in small class settings, focusing on quality instruction and experiential learning opportunities. A vibrant campus life offers intellectual, social, and cultural opportunities that positively engage students in the collegiate environment while preparing them to succeed in life.

Located about six miles east of Florence, FMU's 400-plus-acre main campus is known for its natural beauty. The campus features modern classroom buildings, laboratories, and residence facilities to provide a safe, comfortable learning environment for students. The campus also features a number of recreational facilities that are available for use by students, faculty, staff and alumni, and for use in intramural and intercollegiate athletic competition.

Since 2011, FMU has grown its presence in downtown Florence. The FMU Performing Arts Center opened in 2011. Additional FMU facilities in downtown Florence include the Carter Center for Health Sciences; the Recording Studio; the Hugh and Jean Leatherman Medical Education Complex, a new medical educational complex adjacent to the Carter Center; and University Place, home to the Steven F. Gately Gallery and the Kelly Center for Economic Development.

The Freshwater Ecology Complex is located approximately eight miles from the university's main campus near I-95 and includes the John G. Rae III Freshwater Ecology Center and a spacious conference center.

Through these facilities, as well as its main campus, the University offers a variety of programs and services to the community, including continuing education, technical and professional assistance, industrial and economic development, and artistic and cultural enrichment. Many cultural activities (concerts, lectures, plays, art exhibits, planetarium and observatory shows, and film series) are offered at the PAC and on FMU's main campus.

The University has an outstanding NCAA athletic program with fifteen sports. FMU teams have captured five national championships. The University's school colors are red, white, and blue, and the mascot is a Patriot.

University Seal

The University Seal is symbolic of the location, founding, and purpose of the University. The river at the center of the design represents the Pee Dee area of South Carolina.

The Palmetto tree symbolizes the University's role in joining the ranks of other colleges and universities offering educational opportunities to students throughout South Carolina.

The open book represents the intent of the University to create an atmosphere of free inquiry and to direct its programs toward all qualified students who would achieve some master of knowledge.

Alma Mater

The Francis Marion University Alma Mater is set to the melody of "Chester" by William Billings. It was the favorite song of Revolutionary War soldiers and, except for "Yankee Doodle," the only famous Revolutionary War tune of American origin. It may well have been sung by our earliest patriots on these very grounds. The writer of the words to the Alma Mater prefers to remain anonymous.

On hallowed ground where patriots waged their strife,
Here yet today we seek to earn our freedom's rights.
Our knowledge leads to a quest for truth and light,
By achieving goals we discover purpose for our lives.

Our future shines before us bright and clear.
You give to us the wisdom and the guidance here.
We'll build a world for all to revere,
Our thanks is due to you, our Alma Mater dear.

ACADEMIC SERVICES

ADMISSIONS

The primary functions of the Admissions Office at Francis Marion University are to recruit and admit new students and assist students in the application and enrollment process. The Admissions Office is also committed to providing development opportunities for students even after they enroll. Students can develop personal skills in organization, marketing, public speaking, and leadership through involvement in the Diplomats (student ambassador) program. A select group of students is chosen each fall on the basis of scholarship, leadership, and communication skills. Diplomats help recruit students to FMU through counseling, presentations to students, campus tours, and involvement with special events such as Open Houses, scholarship receptions, and counselor luncheons. Diplomats will participate in a training program to enhance their knowledge of FMU. The program also includes presentation skills, interpersonal skills, and other skills to enhance personal growth and professional development. Students who are interested in giving campus tours, making presentations, calling prospective students, office management and working with marketing materials to assist in recruiting may apply to the Admissions Office.

Campus tours for prospective students are offered through the Admissions Office at 10:30 am and 2 pm. Monday through Friday. Tours are also offered on select Saturdays; summer tour times vary. Appointments should be made for all tours by calling 843-661-1231. The office welcomes student involvement and strives for continuous improvement. If you have suggestions or ideas that will help the Admissions Office serve potential and current students better, please let us know.

Residency Requirements

State law defines South Carolina residents as “persons who have been domiciled in South Carolina for a period no less than 12 months with an intention of making a permanent home therein or persons domiciled in South Carolina for less than 12 months who have full-time employment in the state and the spouse and unemancipated minors of such persons.”

Residency Requirements: The legal residence of a minor is considered to be that of the parent who has legal custody. Questions concerning residency should be directed to the Admissions Office.

Students from certain states in Germany may qualify to pay in-state tuition through the Sister-State agreement.

States included in the agreement are Brandenburg, Rheinland-Pfalz, and Thuringen. Certain areas in Australia also qualify. Questions concerning the Sister-State agreement should be directed to Admissions.

ORIENTATION

Francis Marion University recognizes that the choice to attend college is one of the most important decisions a person can make. The University also recognizes that this decision has an impact upon a student's entire family. In response to this unique time in the life of a student and his/her family, parents and/or guardians are encouraged to attend FMU's Orientation Program with their students. Each program includes information regarding academic

advising and registration. Students and their families have an opportunity to meet with faculty, staff, and students during Orientation. Information sessions are also provided to assist students as they prepare for the transition from high school to college. The Orientation Program is required for all new freshman and transfer students, and there is a fee for participating.

President's List

Any full-time undergraduate student who attains a grade point average of 3.75 or higher in a given semester shall be recognized as exceptional and placed on the President's List. Any part-time undergraduate student who has completed at least 12 hours at Francis Marion University and who has declared a major shall be placed on the President's List for part-time students at the end of any semester in which the student has completed at least six semester hours and in which the student has attained a grade point average of 3.75 or higher.

Dean's List

Any full-time undergraduate student who attains a grade point average of at least 3.25 but less than 3.75 in a given semester shall be recognized as distinguished and placed on the Dean's List. Any part-time undergraduate student who has completed at least 12 hours at Francis Marion University and who has declared a major shall be placed on the Dean's List for part-time students at the end of any semester in which the student has completed at least six semester hours and in which the student has attained a grade point average of at least 3.25 but less than 3.75.

REGISTRAR

The Office of the Registrar is the location in which all academic records of the University are kept. In addition to record keeping, the Office of the Registrar is in charge of the following programs, activities, and policies.

Honor Graduates

Any student who completes degree requirements with a grade point average on all work from 3.50 to 3.74 shall be granted his or her diploma cum laude. Any student who completes degree requirements with a grade point average of 3.75 to 3.89 shall be granted his or her diploma magna cum laude. Any student who completes degree requirements with a grade point average of 3.90 or higher shall be granted his or her diploma summa cum laude.

In order for a student who has credits transferred from another institution to receive his diploma cum laude, magna cum laude or summa cum laude, he or she must have attained the required grade point average on all work taken at Francis Marion University and attained the required grade point average on all University work, including that taken at other institutions. To be considered for honors, a student must complete a minimum of 60 credit hours at FMU.

Change of Name or Address

Each student is responsible for maintaining communication with the University and keeping on file with the Office of the Registrar at all times any change in name and current address, including zip code and telephone number. Failure to do so can cause serious delays in the handling of student records and important correspondence. Information regarding advising and preregistration will be mailed to the local address for those students who are currently enrolled. Because of its nature and purpose, campus housing may not be regarded as a student's permanent home address.

FERPA/Directory Information

The Family Educational Rights and Privacy Act (FERPA) of 1974 permits the release of "directory information" without a student's consent.

Francis Marion University has designated the following items as directory information: student's name, address, telephone listing, FMU email address, date and place of birth, photograph, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, most recent previous educational institution attended, and eligibility for honor societies.

Directory information can be published in a campus directory and other University publications and may be released to the mass media for publication (for example, Dean's List, President's List, commencement list, etc.). A student who does not want this information released must complete a Request of Non-Disclosure form, available in the Registrar's Office, by the end of the drop/add period for each academic term the student wishes to withhold the disclosure of directory information.

What Constitutes a Student Record

UNIVERSITY LIFE

The University Life program at Francis Marion University is designed to help entering students learn the necessary academic, cultural, social, and technological skills needed to succeed in the University environment. Classes in the program are taught in sections by specially trained faculty from all areas of the University. Other first-semester students may enroll in the course, receiving elective credit but not General Education credit, on a first-come, first-served basis.

FINANCIAL & BUSINESS SERVICES

ACCOUNTING/CASHIER

The Accounting and Cashier's Offices can assist you with questions about your semester or monthly bills, FMU ID card, and other financial matters. We also will help you with registering your vehicle and with scholarships from outside organizations. Following are some of the many services we provide to students:

Check Cashing

FMU students with valid FMU ID cards may cash personal checks for up to \$50 in the Cashier's Office. The information on the check must include a local street address. There is a \$30 charge for dishonored checks.

Payroll Checks

Students who are employed by FMU have their funds deposited in their designated bank account according to the payroll schedule. Schedules are distributed at the beginning of each year by the Office of Accounting.

Semester Bills

New students receive a packet with instructions on how to view and pay your bill online. The packet also includes a tuition and fee sheet, and a direct deposit form. An electronic bill for the semester may be viewed once a student is registered in classes for the semester. The fall semester cannot be viewed until fees are determined by the Board of Trustees, usually in early July.

Refunds or "Change" Checks

Refunds that result from dropping a course, withdrawing, or overpayments from excess financial assistance are processed by the Accounting Office. Funds are deposited electronically into the student's designated bank account. Emails are sent to students who have valid email addresses on record each time a direct deposit is processed for them.

Traffic Ticket Appeals

Students may appeal traffic violations within 14 calendar days of the date of the ticket in the Cashier's Office. After 14 calendar days it cannot be appealed (*see Campus Police section*).

Outside Scholarship Credits

The Accounting Office processes scholarship checks from civic organizations and industries for students.

Third Party Billings

Civic organizations or industries who wish to pay for a student's fees and want to be billed may set up a third party billing account through the Accounting Office. A letter on company or organization letterhead including the student's name, social security number, amount of the award, and any stipulations must be submitted to the Accounting Office at least two weeks in advance of registration.

Vehicle Registration

Any student who brings a vehicle on campus must register that vehicle and pay for a parking decal. Vehicles may be registered through the Patriot Marketplace. If you live on campus, be sure to obtain a residential student decal which will allow you to park in housing areas (*see Campus Police section*), this will be a white decal. If you are a commuter student, you will need to be sure to obtain a blue decal. Students who change their residential status must bring in the old decal and exchange their decals with the Cashier's Office. Student decals expire on Aug. 31.

Temporary Parking Decals

Students with valid decals who drive another vehicle on campus that does not have a decal must register the new vehicle with Campus Police and receive a temporary decal. There is no charge for the temporary decal, and it is valid for up to 10 days (*see Campus Police section*). The person requesting a temporary decal must have a vehicle permanently registered on campus for the current semester.

Student Activity Travel

When a Student Life activity involves travel by students, certain costs are reimbursable, meals and lodging, for example. In order to receive reimbursement, a travel request form should be picked up in the Accounting Office. Complete the form and attach all receipts, gather appropriate signatures through the Dean of Students Office or an academic office, then the Accounting Office will process a check for the student.

Foreign Students' Tax Information

Foreign students must report wages, scholarships, and waiver income to the Internal Revenue Service. The Accounting Office prepares 1042-S forms to report this income. For information about working on campus, please contact the International Student Office located in the Honors Center.

Students Tax Information

As required by the Tax Relief Act of 1997, the Accounting Office mails 1098T forms to students' home addresses by the end of January each year. The Act also requires Francis Marion University to report this information to the Internal Revenue Service. The 1098T form contains billing and financial assistance information to help students and/or parents when determining their eligibility for the American Opportunity, HOPE, and Lifetime Education Credits.

Perkins Loans and Nurse Faculty Loans

If a student is awarded a Perkins Loan or a Nurse Faculty Loan, he or she must contact the Perkins Loan Officer in the Payroll Office (SAB 111) to complete the required documents. Any Perkins Loan or Nurse Faculty Loan borrower who drops below half time enrollment at FMU, graduates, or transfers should call 843-661-1124 to make an appointment to complete the required exit interview paperwork. Although repayment is managed by our billing provider, the FMU Perkins Loan Officer oversees the process throughout the life of the loan.

ATHLETICS

FMU is affiliated with the National Collegiate Athletic Association (NCAA) and is a member of the Conference Carolinas. One of the University's sports programs (men's golf) competes as an NCAA Division I independent, while the other 11 programs compete in the Division II Conference Carolinas. Conference Carolinas consists of the following institutions: Barton College, Belmont Abbey College, Chowan University, Converse College, Emmanuel College, Erskine College, Francis Marion University, King University, Lees-McRae College, North Greenville College, University of Mount Olive, UNC Pembroke, and Southern Wesleyan University.

The Francis Marion University athletic teams are known as the Patriots, and the University colors are red, white, and blue. FMU offers 14 intercollegiate sports: women's basketball, cross country, tennis, soccer, softball, track and field and volleyball. Also men's basketball, baseball, cross country, golf, tennis, soccer, and track and field.

For more information concerning individual teams and/or tryouts, contact individual coaches in the athletic department. FMU students are admitted free to regular-season home sporting events with their FMU ID Card.

Sports Information

The associate athletic director for communication services (sports information director) is responsible for communicating the story of Francis Marion University athletics to its various publics – on and off-campus – by establishing and increasing awareness of University programs, policies, opportunities, goals, and achievements. Major functions include the areas of publications, social media, sports information services, photography, and advertising marketing.

To provide consistent, accurate information to the mass media, the Sports Information Office serves as the University's centralized source of information. In order to coordinate the flow of information, the Sports Information Office has established uniform procedures in preparing and releasing statements and

sports releases so that the media will receive an organized flow of information that is consistent in style, quality and content.

Cheerleaders

The Francis Marion University Cheerleaders are known for their spirit and enthusiasm. The coach(es) hold open tryouts in the Fall semester of each year and freshmen and transfers are eligible to try out for the squad. In order to tryout, freshman candidates must meet NCAA eligibility standards. Transfers or continuing students must have passed 24 hours (transferable if a transfer) with a 2.0 GPA during the last academic year. The candidate must have cheer or dance experience; tumbling is optional.

The FMU Cheerleaders perform during the NCAA basketball season for the women's and men's teams. Cheering for a game consists of sideline chants and full halftime routines. Practices are held two times a week during the basketball season. Two captains are chosen each season by the coach based on grade point average, leadership, and seniority.

NCAA Position on Gambling

The NCAA opposes all forms of legal and illegal sports wagering. Sports wagering has the potential to undermine the integrity of sports contests and jeopardizes the welfare of student-athletes and the intercollegiate athletics community. Sports wagering demeans the competition and competitors alike by a message that is contrary to the purposes and meaning of "sport." Sports competition should be appreciated for the inherent benefits related to participation of student-athletes, coaches and institutions in fair contests, not the amount of money wagered on the outcome of the competition.

For these reasons, the NCAA membership has adopted specific rules prohibiting athletics department staff members and student-athletes from engaging in gambling activities as they relate to intercollegiate or professional sporting events.

STUDENT SERVICES

OFFICE OF STUDENT LIFE

The Office of Student Life supports the educational mission of the University by providing programs, services, and co-curricular experiences that contribute to student development and the FMU intellectual community. Intramural Sports

The Intramural Program provides an extensive competitive sports program through a wide range of activities designed to meet the needs and desires of the majority of students.

Students, faculty, and staff are invited to compete in individual, dual, and team sports. Competition has been organized in several sports ranging from basketball and flag football to table tennis and billiards. Team and individual awards are given in each sport. The Intramural Handbook and list of rules are available on the FMU web page.

UNIVERSITY CENTER & RECREATION FACILITIES

The Director of the Smith University Center (UC) manages the operations of the activity and meeting areas in the Smith University

Center, the outdoor recreational pool, outdoor recreational facilities, and summer programs. Recreational and athletic facilities include a 2547-seat gymnasium (with two practice basketball courts available for recreational use), two racquetball courts, locker rooms, game room with billiards and table tennis, and a fitness room with various exercise equipment.

Exterior recreational facilities include Kassab Tennis Courts (available when not in use by the FMU tennis team), an intramural activity field, outdoor basketball courts, an outdoor sand volleyball court, and an outdoor recreational pool.

To use the University Center or other campus recreation facilities, students must be in possession of their valid FMU ID Card. Students may host one guest in the recreation facilities. Guests must have positive identification, must register and pay a \$6.00 fee in the Athletic Department in Room 234, be over 18 years of age, and abide by all University policies and procedures. Students are responsible for the actions of their guests.

Faculty and staff members may register for a family pass, allowing members of their immediate, dependent family living in the household to use the recreation facilities. The faculty or staff member must register and pay a \$20.00 annual fee in the Athletic Department during normal business hours. The faculty or staff member will be issued the family pass(es), and must accompany family members under 18 years of age when using the recreational facilities.

A limited number of lockers are available for annual rental. Faculty, staff and students who are interested in renting a locker must apply at the Athletic Department to confirm availability. Once availability has been confirmed, the renter must pay the annual fee at the Athletic Department to receive their lock and assignment. The fee for an annual locker rental is \$13.00, renewable in August. If a locker is not renewed by the renewal deadline, all items contained in it will be considered abandoned and the locker will be made available to other renters. Each renter will be provided a combination lock for use on the locker. Only University-issued locks may be used; all other locks will be removed and discarded. Renters must maintain their locker in a sanitary condition that does not present a nuisance to other patrons. Faculty and staff members are issued lockers in the Faculty and Staff locker rooms; student lockers are available in the student locker rooms. First priority is given to renewing patrons; all other lockers are available on a first-come basis. Lockers may be closed during special events, including Open House, dinners, and intercollegiate athletic contests.

Outdoor Recreational Pool

The outdoor recreational pool is located in Freedom Field adjacent to the FMU Village Apartments. The primary purpose of the outdoor pool is for recreational use by members of the FMU community. The following policies and procedures have been developed to provide a safe and enjoyable environment that meets state and industry standards.

The outdoor pool will generally open in mid-April and close mid-October. The opening and closing dates of the pool are subject to weather patterns. Inclement weather, staff availability, and other unforeseen issues may cause the daily schedule to be altered. A certified lifeguard must be on duty any time the pool is open and available for use.

The outdoor pool may be used by the students, faculty, and staff members of Francis Marion University. Additionally, active members of the FMU Alumni Association may use the pool. Students may host one guest in the pool area, who must be accompanied by the student at all times. Family members of faculty and staff members may utilize the outdoor pool with a paid family pass. A parent or guardian must accompany non-students under the age of 18 years old. A valid FMU Identification Card, Alumni Association Membership Card, or a valid Family member pass (if not accompanied by a member of the FMU community) is required for entry into the pool area.

Generally, the outdoor pool is available for open recreation use by authorized members of the FMU community and their guests. The pool is available for private usage by officially recognized

student organizations one night per week (usually Monday) with prior reservations. Reservations should be made through the Director of the University Center. The pool may be reserved for a two-hour period at the cost of \$50 per hour. If more than 75 guests are present, an additional lifeguard is required at the additional cost of \$20 per hour. Private functions are limited to 150 persons. All persons in attendance are required to adhere to all pool rules as well as all regulations, policies, and procedures of Francis Marion University.

The pool may be reserved for official University functions as deemed appropriate.

Sound systems may not be used at the pool unless approved by the Director of the University Center. When approved, the volume of sound systems must be at a minimal level so music may not be heard beyond the pool area.

In accordance with the South Carolina Department of Health and Environmental Control regulations as well as to ensure a safe recreational environment, the following rules have been established for participants using the pool:

- Swimming is allowed only when a lifeguard is on duty.
- There should be no running, boisterous or rough play in the pool or around the pool area.
- No person under the influence of alcohol or drugs should use the pool.
- There should be no spitting or blowing of nose in pool.
- Persons with communicable disease should not enter the pool.
- Persons with skin, eye, ear or nasal infections should not enter the pool.
- No animals or pets allowed in the pool enclosure.
- No glass allowed in the pool or on the deck.
- No children should be in the pool without supervision.
- Pool hours will vary with the season and will be posted at the pool area.
- The maximum number of swimmers allowed in the pool is 75.
- A first aid kit is located with the lifeguard.
- An emergency phone (or other notification device) is located with the lifeguard.
- Food and beverages are not allowed within six feet of the pool.
- Swimmers must wear appropriate swimming attire.
- Any flotation devices used must be U.S. Coast Guard approved.
- Swimmers must shower before entering pool.
- Infants or small children must be appropriately attired, including use of a swim diaper at all times when in the pool (regular diapers are not allowed in the swimming pool).
- Shallow water – no diving allowed.
- Smoking and vaping are not allowed in the pool area.
- Radios and other musical devices (CD players, tape players, MP3 players, etc.) may be used with personal headphones only.
- Speakers may not be used unless approved by the Director of the University Center.

Participants using the pool must understand that participation in recreational activities involves certain inherent risks of personal injury. The use of equipment, facilities, and premises of Francis Marion University by persons participating in recreational activities shall constitute acceptance of that risk regardless of the nature of the injury. The participant must agree that the University, its officers, employees, and agents shall not be liable for any injury, loss, or damage sustained or suffered by persons participating in recreational activities at the University, whether caused directly

or indirectly by negligence or fault of Francis Marion University, its officers, employees or agents. The participant must further understand that Francis Marion University does not provide insurance coverage for individuals using recreational facilities and that individuals not having appropriate health coverage are strongly advised to acquire health insurance prior to exposing themselves to possible injury.

Participants must follow the directions of the lifeguard or other University personnel on duty at the pool. Failure to abide by this directive may result in removal from the pool area and future denial of access, as well as other appropriate measures. The lifeguard is authorized to close the pool due to inclement weather, mechanical failure, health risks, or other unforeseen circumstances.

A complete copy of the rules and regulations concerning pool operations, including information about lifeguard responsibilities and maintenance procedures, is available in the Director of the University Center office in the Smith University Center.

Shared Responsibilities

Francis Marion University is not responsible for injuries received by anyone while playing or practicing sports on the FMU campus. All individuals are requested to have physician's approval before beginning an exercise program. All participants should confer with their insurance carrier to make sure they are covered or consult with Student Health Services for insurance information. Users of the gym and racquetball courts must wear smooth-sole tennis shoes as any others will damage the courts. Anyone not wearing proper shoes will be asked to leave the courts.

TESTING, COUNSELING, & SPECIAL SERVICES

The Testing, Counseling, & Special Services Center provides the following services for the University community: 1) personal counseling services for enrolled students, 2) coordinating accommodations for qualified students with disabilities, and 3) proctoring of standardized tests (e.g., CLEP, Miller Analogies Test, and proctoring for distance education courses).

The Center is located in the Education Foundation Building at 121 S. Evander Dr. The hours of operation are Monday - Friday, 8:30am - 5:00pm. Summer hours are Monday - Thursday, 8:00am - 5:30pm.

For any questions or assistance, please contact the office at counselingtesting@fmarion.edu or 843-661-1840.

Counseling

Counseling services help students enhance their academic, personal, and emotional well-being by helping students cope with challenges and learn skills to optimize their personal effectiveness. Professional counselors are available in a safe and confidential space for students who may be experiencing difficulties in their personal lives. Issues commonly addressed include depression, anxiety, stress management, relationship issues, identity issues, and academic difficulties (with referrals made to community agencies as needed). Counseling sessions are individualized to students' unique needs, and appointments are conveniently offered in person and virtually. Services are free to currently enrolled students.

Testing Services

The Testing, Counseling, & Special Services Center administers several standardized tests. Fees vary according to the tests. Candidates may contact the Center to schedule any testing. Some examples of the tests offered by the Center:

College Level Examination Program (CLEP)

Francis Marion University awards course credit for satisfactory scores on the Subject Examinations offered through CLEP. Only freshman and sophomore students are eligible to take CLEP exams without prior permission from the department chair or dean of the school of the subject in which the exam is offered. Juniors and seniors may attempt CLEP exams after obtaining such permission. Normally, seniors during the semester prior to their graduation will not be allowed to attempt CLEP exams. No graduating senior will be allowed to attempt CLEP exams after the deadline for applying for graduation.

Please see the University catalog for a list of approved tests and the scores needed to earn college credit.

CLEP exams are computer-based tests and are scheduled on an individual basis at the Testing, Counseling, & Special Services Center. The cost of each exam is \$90 paid to CLEP, plus a \$16 proctoring fee paid to the university. Please call 843-661-1840 for further information.

Miller Analogies Test (MAT)

The Testing, Counseling, & Special Services Center proctors a computer-based version of the MAT. Examinees must contact our office at 843-661-1840 at least one week in advance to schedule an exam. The cost of the exam is \$66. Pearson Assessment is responsible for scoring and reporting exam scores.

Services for Students with Disabilities

FMU is committed to making programs and activities available to qualified students with disabilities. The University makes efforts to ensure that the University grounds, major buildings, and classes are accessible to individuals with disabilities.

The Testing, Counseling, & Special Services Center coordinates services for students with disabilities, assists students in determining reasonable accommodations on the basis of disability, and acts as a liaison between students and faculty/administration on concerns relating to appropriate accommodations. Center staff are also available to meet with prospective students to discuss services available at FMU.

The process for establishing academic accommodations is both individualized and collaborative. Staff works with each student to select accommodations that best fit their unique needs and maximize their chance of success.

Accommodations Process

Students can request accommodations by scheduling an appointment at the Center (843-661-1840 or schedule online via www.fmarion.edu/counselingandtesting). The Director or Assistant Director will conduct an intake interview and gather information about the student's history of disabilities and past accommodations. Possible accommodations will be discussed at this meeting based on the student's unique needs, and the Director or Assistant Director will discuss what documentation is required.

The request for accommodations should be made as soon as possible (**preferably at least two weeks before classes begin**). If a request is submitted after classes have begun, reasonable efforts will be made to provide accommodations. However, there may be some requests that cannot be met because of the delayed request date. Please note that accommodations and services received during K-12 education do not automatically transfer.

Students must provide documentation related to the disability. Such documentation can be from a variety of sources and may take many forms, and the Center staff will work individually with students to determine if there is sufficient information to establish the presence of a disability and the need for specific accommodations.

Documentation must be from a qualified health services provider (e.g., physician, licensed psychologist) and should include a diagnosis, an explanation of the effects of the disability in an academic setting, and recommendations regarding accommodations. If a student has a Summary of Performance from high school (or any other IEP/504 Plan documentation), this should be included; however an IEP/504 Plan or SOP is not sufficient documentation in itself. The Center will provide students with a Medical Documentation Form for a qualified health services provider to complete if needed.

For diagnoses of learning disabilities and ADHD, additional documentation may be necessary. Any psychological evaluations should include an intellectual/achievement battery (learning disabilities) and/or a continuous performance test with observational rating scales (ADHD). Documentation from a current treating physician will be considered sufficient if there is an established history of the diagnosis. The Center does not provide testing for these evaluations, and we will provide students with appropriate referrals if requested.

When documentation is reviewed and considered sufficient, the Director or Assistant Director will contact the student to notify them that their requested accommodations have been approved.

At the beginning of each term, the Center will notify each of the student's professors regarding the accommodations the student is receiving. This notification is confidential and does not reveal the nature of the student's disability unless permission is given for specific information to be shared.

Services Available

The Center can provide a variety of accommodations to ensure equal access for students with disabilities. Accommodations are always determined on an individualized, case-by-case basis, considering the student's unique needs. While there is not an exhaustive list of accommodations that are available, please see below for examples of some accommodations that are commonly used by FMU students.

Please see the Center's website for a description of these accommodations and any special considerations that may apply (www.fmarion.edu/counselingtesting/disability-services).

- Accessible residence halls
- Accessible computers and adaptive software
- Accessible parking permits
- Interpreters
- Extended testing time
- Alternative testing location (reduced-distraction environment)

- Examination reader and/or scribe
- Use of recording device in classroom
- Peer notetakers
- Priority registration
- Reduced-hours course load

Confidentiality

A student's record of qualifying documentation is housed in the Testing, Counseling, & Special Services Center. It is not shared with other University staff unless the student gives permission. Documentation may be shared on a "need to know" basis in the case of an emergency or if a student complaint is being investigated.

Notification of Professors

At the beginning of each term, the Center will write an accommodations notification memo addressed to each of the student's professors. This letter verifies registration with the Center and lists the accommodations the student is eligible to receive.

Memos are confidential and do not reveal the nature of a student's disability unless a student has given permission for specific information to be shared (e.g., a list of seizure precautions for a student with a seizure disorder). Letters are emailed to professors the day before classes begin. If a student's schedule changes during the semester, it is their responsibility to notify the office to send a memo to the new professor. In the event that new accommodations are added during the semester, an updated memo will be sent to professors.

Grievance Process

If a student encounters an issue where reasonable accommodations have not been made, the student should first contact Dr. Hunter, the Director of Counseling & Testing (843-661-1841, will.hunter@fmarion.edu). He and the Center staff will work to resolve the issue, serving as a liaison to the professor or staff member and advocating for the student's needs. If a satisfactory outcome is not attained, the student should contact Dr. Charlene Wages, ADA Compliance Coordinator (843-661-1140).

It is the policy of FMU to provide an equal educational and employment opportunity to all present and future employees and students regardless of race, color, religion, sex, national origin, age, or disability. FMU is an affirmative action/equal opportunity employer.

Service Animal and Emotional Support Animals

Service Animal

Students with a service animal are strongly encouraged to voluntarily register with disability services by contacting the Testing, Counseling, & Special Services Center. Service animals are working animals, not pets. The work or task a service animal has been trained to provide must be directly related to a student's disability. Students who intend to live on campus are required to inform the housing office that they plan to have a service animal residing with them in housing.

Service Animal Requirements and Etiquette

1. The animal should be on a leash, harness or other tether. It is recommended, but not required, that the animal wear some type of commonly recognized symbol, identifying that the animal is a working animal.
2. The animal should respond to voice or hand commands and be

in full control by the handler.

3. To the extent possible, the animal should be unobtrusive to other individuals in the learning, living and working environment.
4. The handler must adhere to and be aware of all applicable state and local laws regarding ownership of animals (e.g., leash law, proper identification, vaccinations, etc.)
5. Cleaning up after the animal is the sole responsibility of the handler. In the event that the handler is not physically able to clean up after the animal, it is then the responsibility of the handler to hire someone capable of cleaning up after the animal.

Emotional Support Animal

Unlike a service animal, an emotional support animal does not assist a person with a disability with activities of daily living, nor does it accompany a person with a disability at all times. In order to receive permission to have an emotional support animal in housing, a student must provide documentation supporting the request. Preferably, the document will be submitted at least one month before the beginning of each semester.

An ESA application and medical documentation form may be picked up from the Testing, Counseling, & Special Services Center. If a student is submitting separate medical documentation, it should include:

- Verification of the student's disability from a physician, psychiatrist, or other qualified mental health professional. This assessment must be conducted by a third party that is separate from the University.
- Description of the type of animal requested.
- Statement on how the animal serves as an accommodation for the documented disability (i.e. how it alleviates one or more identified symptoms or effects of a person's disability).

Emotional support animals are not allowed in other areas of campus (e.g., library, academic buildings, classrooms, labs, University Center, etc.), except on a case-by-case basis as an approved accommodation.

Once approval is granted for an emotional support animal, the student should be in contact with the Housing Office to make arrangements to bring the animal to campus. The student's roommate(s) and/or suitemate(s) will be notified (if applicable) to solicit their acknowledgement of the approval, and notify them that the approved animal will be residing in a shared assigned living space.

In the event that one or more roommates or suitemates do not want to reside with an emotional support animal, those individuals will be given the option to move to an alternate location. If roommates were assigned BEFORE the animal owner applied for housing, the original roommates will not be required to move; the animal owner will have to accept another housing assignment.

The Housing Office will provide the student with specific requirements for having a support animal in the residence halls (e.g., waste disposal, pest control).

Responsibility of Handlers

Handlers are responsible for any damage or injuries caused by the animals they are responsible for and must take appropriate precautions to prevent property damage or injury. The cost of care, arrangement, and responsibilities for the well-being of a service animal are the sole responsibility of the handler at all times.

Removal of Service Animals/Emotional Support Animals

Service animals and emotional support animals may be ordered removed by the Housing Office or by Campus Police for the following reasons: disruptive or out-of-control- animal; non-housebroken animal; perceived to be a substantial and direct threat to the health and safety of others. Animals may not be left alone for unreasonably extended periods in a student's room or apartment.

In the event that an animal is not being attended to as needed (food, left alone for longer than a reasonable time, creating a disturbance), the Housing Office may order immediate removal of the animal. If a student does not respond to this request, Florence County Animal Control may be contacted for assistance in removing the animal. Any cost of removing a service animal, or emotional support animal, shall be the responsibility of the student.

Tutoring

Free academic assistance is available from the Tutoring Center at 843-661-1675 and the Writing Center at 843-661-1528.

Contact the Director of Assistant Director of Counseling and Testing if you need assistance working with departments to secure a personal tutor.

RESIDENCE LIFE

Mission

The Office of Housing and Residence Life promotes academic success by providing safe, comfortable, attractive, modern, well-maintained residential facilities, and quality management operations. The department strives to maintain a campus living and learning environment that fosters student learning, promotes active engagement, and collaboration with others. Residence Life encourages students to devote time and energy to activities that enhance academic and community living skills.

In support of the mission of the Division of Student Life and Francis Marion University, opportunities are provided for positive, educational, and social experiences, both inside and outside the classroom.

Campus Community

FMU will be your home, the place where you study, socialize, and live. Therefore, we work hard to make sure our halls and apartments are comfortable, safe places to live and learn.

Designed to create a sense of community, each residence hall floor or apartment building houses approximately 40 to 48 students. On each residence hall floor and in every apartment building, a student serves as a Resident Assistant (RA). RAs provide residential students with assistance such programming, conflict mediation, participation in the campus community, and much more.

One of the purposes of the FMU Housing office, is to assist students in becoming more involved in the campus community. Student involvement and participation increases the likelihood of students achieving their goals - in and out of the classroom. Getting involved in your community is as easy as getting to know your roommates/suitemates, talking to your RA, or saying hello to neighbors on your floor or in your building. Attending RA programs, campus-wide events, or joining a student organization also helps students participate in the campus community. And

while it is an RA's duty to encourage students, we expect each student to take ownership of their experience here at FMU.

Programming and Community Activities

We believe programming helps students become involved in their community. Each semester, RAs plan and implement a variety of social and educational programs. RA programs focus on the following areas of growth and development: social, occupational, spiritual, physical, intellectual, and emotional. Some examples of programs include: study skills seminars, stress management, career choices, alcohol awareness, and, how to communicate with your roommate. . RAs offer programs throughout the semester, during the week and every weekend. If you have suggestions for programs, please share the idea with your RA.

Community Standards

FMU establishes policies, rules, and processes to create a community environment conducive to success in academic pursuits, as well as healthy interactions between each of the community members. Therefore, FMU expects every member of the campus community (i.e., students, faculty, staff, and guest) to demonstrate respect for the rights and responsibilities of every member of the community, including themselves.

Students may find these policies, rules, and processes in detail within the handbook or by visiting the FMU Student Life webpage (fmarion.edu/studentlife). FMU also upholds and abides by all applicable federal, state, and local laws.

The Process, Policy Violation

Ideally, all members of the community encourage one another to live by the standards and policies set forth. However, when infractions occur, individuals must take responsibility for their choices. A disciplinary process exists to hold students accountable, in the event that a student's actions/choices violate policy. Typically, when the Housing Office becomes aware of an alleged student violation of policy, an RA or another student reported it. In some cases, the Campus Police Department provides information to the Housing Office regarding allegations of student violations of policy. Depending on the severity of the alleged violation, the Housing Office addresses the matter or sends a referral to the Dean of Students. Whether addressed by the Housing Office or the Dean of Students, students involved in an alleged violation receive notice of the allegations and an opportunity to provide information to assist in determining whether the student is responsible for the alleged violation or not.

Resident Assistants (RAs)

A Resident Assistant (RA) is a student staff member who works for Housing and Residence Life. RAs are trained to provide support, oversight, and guidance to residential students, while enforcing University policy and coordinating programs (activities) designed to enhance the campus community. The Housing Office expects students to comply with reasonable directions given by RAs, as they act in accordance with their job responsibilities. Failing to follow, or actively disregarding, and RA's direction, constitutes a violation of policy.

For each Housing area (i.e., ABC, DEF Residence Halls, Village

Apartments), and Forest Villas) one RA serves as the designated RA On-Duty. After hours, students may contact the RA On-Call to report crisis-situations, register an overnight guest, report violations of policy, and/or to report emergency maintenance needs. Please note: only the ON-Call RA may assist students with lockouts services. The RA assigned to a student's specific floor/building, unless assigned the ON-Duty shift at that time, cannot provide that student with access if locked out of their room/apartment.

RA Help Desk (GO-RA)

Each day 5:00pm to 12:00am students may go to the Heyward Community Center (HCC) to contact an RA On-Duty. Students may also call 843-661-4672 (GO-RA). The RA On-Duty may assist students with housing office related questions, lockout services, guest registration and other needs. For assistance after 11:00 pm, students may call their area's RA On-Duty (see numbers posted at building entrances).

Roommate/Suitemate Relationships

Living with another individual in close quarters requires communication, cooperation, and compromise. For many college students, this is the first time they have shared a room with another person on a semi-permanent basis. A roommate/suitemate relationship, like any other, requires each individual to work at and care about making the relationship work. The key to a successful relationship is effective communication. At the start of each semester, it is a good idea for roommates/suitemates to discuss potential conflicts and express expectations for one another. Some topics you may wish to discuss include guest visitation times and behavior, noise levels and study times, cleanliness, borrowing/sharing personal belongings (i.e., food, music, TV, etc.), privacy, or preferred method of communication. Tip: refer to other sections of this handbook when discussing expectations.

If conflict arises between roommates/suitemates, the individuals should discuss the situation, civilly. If the roommates/suitemates directly involved cannot resolve the matter after attempting to discuss the conflict themselves, the residents should contact their RA for help mediating the conflict. The RA, with the advice of their supervisor, will facilitate an environment where each resident has the opportunity to speak and listen to the concerns of all parties. Note: mediation helps students remain in their assigned room/apartment. Students should not consider mediation an automatic prerequisite for changing rooms. In exceptional circumstances, the Director of Housing and Residence Life may require relocation of students, if necessary. Housing will not tolerate physical or psychological threat or harm, intimidation, bullying, or other forms of retaliation.

Room Assignment Change

Each semester the housing office establishes specific periods wherein students may request a change in room assignment (i.e., Room Change period for the current semester & Room Signups (requests) period for the following semester). Outside of the designated room change/request periods, students may change room, only after receipt of written permission from the Director of Housing (or the Director's designee). No student may move their belongings to another space, to which they are not assigned-during

designated room change/request period or otherwise-without first receiving written approval and directions from the Housing Office. Charges and other sanctions may apply for violation of this policy.

Students will be eligible to begin the room change process on the first business day, two weeks after the start of move-in each semester.

The University reserves the right to change a student's (or students') room assignment(s), including to a different area of campus or type of housing facility, if the University (i.e., the Dean of Students or the Housing Office) deems the move in the best interest of the student, the University, or the campus community.

For all room changes, students must follow the proper checkout/in procedures, as directed by Housing Office staff (see Check-Out). Students failing to checkout/in properly may receive an improper checkout charge.

Decorations

You are encouraged to personalize your room. It is a good idea to discuss decorations with your roommate(s). You may hang posters and pictures from the wall, but this must be done with non-damaging materials or removable hangers. Housing prefers tacking decorations to walls. Using materials such as thumb tacks, push pins, and or small picture nails, adhesives/tapes, (including products such as "3M Command Strips") are discouraged. Residents are billed for repairs, based on the severity of the damage and the time/resources required for repairs. Decorations must not cover more than one third of the total wall space. Students must keep all decorations at least 18 inches away from any fire/safety fixture (e.g., smoke detectors, sprinklers, fire alarms, extinguisher cabinets). Contact housing staff for all questions.

In decorating your door or other space, you are encouraged to consider the space publicly visible. Please be considerate of the message that your decorations communicate. PROHIBITED decorations include: messages that communicate, to a "reasonable-person" promotion or threat of violence towards a specific individual or group, promotes illegal activities, obscenities, or messages that tend to slander/libel an individual or group. Residents will be required to remove decorations that violate the above policies. Failure to do so will result in the items being removed by University staff, and the residents will be charged with a violation. Please note that some items are prohibited, including public street signs, stolen items, and alcohol containers in the residence halls.

Fire Hazards

Fire safety and prevention is of paramount importance in a campus living environment, and the responsibility for this safety rests on each resident. No open flame or any flammable liquid is permitted in the residential facilities (e.g., oil lamps, candles, gasoline, incense, halogen lamps).

Also, in the event of a fire alarm or fire drill, all residents must evacuate the building, completely and immediately (*see Campus Police section for more information*).

Appliances

For health and safety reasons, certain appliances may not be used or possessed in the residence halls. Cooking appliances may

only be used in the kitchen area of the apartments. Following is a list of appliances that may not be used in the residence halls or apartments (UNLESS OTHERWISE NOTED):

- Appliances with exposed/external heating element, such as: coffee pot, Crock-Pot®, hot plate, hot cooking coils, George Foreman® type grills, etc., (ALLOWED IN APARTMENTS ONLY)
- Microwave ovens (ONE PER RESIDENCE HALL ROOM, apartments furnished with a microwave)
- Window air conditioners
- Large refrigerators or freezers (no more than 2 cubic feet mini-fridge, per resident, or three cubic feet shared between two roommates in the residence halls)
- Outdoor Grills (no charcoal grills permitted, propane grills must be approved in advance, in writing, by the Director of Housing)
- Space heaters
- Halogen Lamps

Pets

For health and safety reasons, students and their guests are prohibited from possessing pets in and around the residence halls and student apartments. Pets are defined as any animal other than ADA (Americans with Disability Act) defined "service animals" and HUD (U.S. Department of Housing and Urban Development) defined "assistance animals" (including emotional support animals). Students found in possession of a pet will be given 24 hours to remove the animal from all residential facilities, unless there is an immediate threat to person or property.

Students and their visiting guests should avoid bringing pets to the campus. However, if students wish to request "reasonable accommodations" for a service animal or an assistance animal (emotional support animal), they must contact student housing in advance and arrange a meeting with housing staff. For assistance animals only (including emotional support animals), students must complete/submit all required documentation and receive written approval from the Director of Housing, prior to move-in.

Feeding stray or wild animals is prohibited. Students found feeding an animal will be required to discontinue feeding the animal immediately.

Student failing to comply will be subject to disciplinary action. Additionally, any cost resulting from a pet (e.g., repair or damage, cleaning, or pest control) will be assessed to the student's account.

Business Related Activities

Distribution of written materials and solicitation by students, University employees, nonaffiliated individuals, and non affiliated groups are prohibited in student housing. Canvassing, selling, offering for sale, soliciting, or promoting the sale of any goods or services is prohibited on University premises, including residence halls and apartments, except as allowed under University policy (*see Solicitation Policy in Rights and Responsibilities section*). However, an individual student has the right to invite anyone into his or her residence hall living quarters for the purposes of that student considering or purchasing the invitee's goods or services.

Students are not allowed to conduct commercial activities or business ventures from their rooms or apartments.

Written materials designed for commercial purposes may not be distributed on University premises, including residence halls and apartments. Before any material is posted, it must be approved through the Offices of Housing and Residence Life or Student Life (see *Literature Distribution Policy*).

Sports and Use of Sports Equipment

Use of outdoor sporting equipment such as balls, frisbees, golf clubs, bats, skateboards, lacrosse sticks, etc. inside of the residence halls and apartments is prohibited. Use of such equipment indoors poses a threat to the physical safety of residents and can result in damage to University or individual property or bodily harm as well as creating noise problems. Use of such equipment is restricted to appropriate locations outside of the residence halls and apartments.

Motorized and Non-Motorized Vehicles

Vehicles such as bicycles, motorcycles, scooters, hoverboards, rollerblades, skateboards, etc., may not be used (ridden) anywhere inside a residential facility.

Safety and Security

FMU Housing strongly encourages students to carry their keys at all times and lock their door when not in their room. Residents are encouraged to be active in maintaining a safe and secure community. Report any threats of safety to an RA, the Housing Office, or Campus Police (843-661-1109). These threats might include, but are not limited to, suspicious persons in the building, damage to doors, windows, screens, or locks that may have been tampered with, poor lighting at entrances and exits or malfunctioning phones at main building entrances. A safe and secure living community for residents is important. Any action on the part of a resident that threatens the safety or security of another resident or his/her property will result in disciplinary action. Potentially dangerous actions include, but are not limited to, providing or allowing entry to nonresidents or unauthorized individuals, propping locked doors, loaning keys, accessing student rooms other than one's own, taking another's property, tampering with locks, and/or removing screens from ground floor windows.

Windows/Balconies

Throwing objects from windows, balconies, etc., is a danger to students outside of the building and is therefore prohibited. Hanging outside or climbing from windows is also prohibited due to the danger involved. Screens must remain in windows at all times. It is prohibited to enter or exit through the windows. Students are required to report any damage to windows, screens, or doors to the Housing Office.

Guest Visitation and Overnight Stay Policies and Procedures

A roommate's expectation of privacy, sleep and study takes precedence over a resident's right to have a guest. "Guest" is defined

as a person NOT ASSIGNED to YOUR LIVING SPACE (i.e., living rooms, bathrooms, bedrooms, and kitchens). If the person is not assigned to the space you share, then the person is a guest.

Each guest must have some form of positive photo identification with proof of age. Guests under the age of 18 must be accompanied by a parent/guardian and may only visit between 12pm and 8pm (for non-student minors under 18 only). Guests may not be unattended while visiting. Guests should not be left in a building while the resident is not present. Residents are responsible for the actions of their guests. Violations of this policy by residents will result in disciplinary actions, which could include loss of visitation privileges. Non Residents who violate any part of this policy may be banned from the residential facilities or campus.

Please note that due to liability reasons, babysitting is not allowed.

Overnight-Stay Visitation

Overnight-stay is defined as a single guest, per resident, staying overnight between the hours of 12am and 6am.

- Overnight guests MUST be acceptable to all roommates/suitemates/apartment mates. The right to host a guest(s) does not take precedence over a student's right to privacy. Therefore, a roommate/suitemate may withdraw consent to any or all guest(s), for any reason. If a roommate/suitemate no longer accepts a guest in their living space, that guest must depart immediately.
- Every overnight guest and his/her host must complete a guest registration form. Forms are available in the housing office during normal business hours. Residents may contact the RA On-Duty after hours. Guests, who bring vehicles, may receive a temporary (two-day maximum) parking permit, with their guest registration form. Guest vehicles may be subject to citation or towing if not properly registered.
- A resident may have no more than six overnight-stays total, per semester, no more than two CONSECUTIVE overnight-stays.

Daytime Visitors Only

All guest(s) not staying overnight (minors under 18 see above) MUST depart campus grounds by 12am (access gates closed between 11pm and 6am).

Trash Disposal

FMU expects students to remove garbage and other trash from their rooms and apartments on a regular basis. Failing to regularly/ properly dispose of trash creates a health and safety hazard, in the form of pest infestations and other sanitation issues. Large dumpsters are located in each housing area. In the Residence Hall area students may utilize the designated Trash-Rooms adjacent to each floor. Students should not leave trash in hallways, stairways, beside exit doors, or other areas of the residential facilities, except in designated trash receptacles as noted. Students found responsible for improper disposal of trash, including trash and abandoned items left at the time of checkout-may receive a charge to their student account.

Noise (Courtesy/Quiet Hours)

Students living in FMU housing have a right to sleep, study, and socialize (in that order) in an environment that is conducive to those ends. All students and guests in the residential areas must respect others right and monitor the level of noise they produce.

At all times, FMU expects students to observe “Courtesy Hours.” During Courtesy Hours, if a student is producing noise (e.g., speaking, singing, playing music/movies/games, etc.) which reasonably disrupts another person’s ability to sleep, study for class, or otherwise enjoy their living space: the student(s) producing the noise should reduce the volume of the noise to a reasonable level.

Mandatory “Quiet Hours” starts at 11:00 pm and ends at 8:00 am, each night. Twenty-four-hour Quiet Hours take effect beginning the night (11:00 p.m.) before the first Final Exam-extending through the weekend-ending the day (8:00 am) after the last exam. During Quiet Hours, FMU expects all students to reduce the volume of the noise they create in their room to a level, which suitemates, roommates (in apartments), or neighbors, do not hear the noise you create in their room, suite, or apartment.

Weapons/Firearms/Fireworks

Possession or use of any type of firearm, fireworks, or other weapons by anyone on University-owned or -controlled property is prohibited. Instruments used to simulate such weapons in acts that endanger or tend to endanger any person shall be considered a weapon. Involvement in this activity will result in removal from the residential facilities on a permanent basis and could result in other sanctions such as suspension or expulsion (*see Student Conduct Code*). For more information regarding weapons on campus, please see Campus Police section of this handbook.

Housing Eligibility and Assignment Eligibility Requirements

Full-time undergraduate students enrolled in 12 (or more) credit hours and graduate students enrolled in 6 (or more) credit hours, receive first priority in housing assignments. Students enrolled in fewer credit hours during the last semester of study prior to graduation also receive first priority in housing assignments. Students enrolled in fewer credit hours-not graduating-may receive assignments based on the available space.

Assignments (Process)

In addition to the number of enrolled credits, the Housing Office uses the following guidelines for assigning students housing placement:

- **Credits Earned.** Students with 24 or more credit hours may apply for placement in apartment-style housing (i.e., Village or Forest Villas; see Housing Styles). Students with less than 24 earned credit hours receive automatic placement in the residence hall facilities.
- **Returning Residents.** Eligible returning students who paid their housing deposit and reservation fees, receive first priority for room assignments.
- **Roommate/Suitemate Requests.** Students may request specific roommates or suitemates, however, all requests are subject to the above guidelines (i.e., credits earned, returning vs. new residents, etc.) and availability.

- **Roommate “Preference” Matching.** New or transfer students applying for housing may provide the housing office with information regarding preferred roommate characteristics (e.g., music preference, smoking yes/no, religion, early bird vs. night owl, etc.). Housing staff use the preferences provided to match students with similar preference.
- **Medical/Special Need.** Students with documented medical or special needs may request reasonable accommodations in their housing assignments. Contact the Counseling, Testing, and Special Services Center for more details.

Contract and Term Periods

Upon acceptance of an on-campus assignment, students complete the Housing and Residence Life contract in agreement to abide by policies as stated by the University. Applicants under the age of 18 must have their contracts signed by a parent or guardian..

The Housing contract is a written agreement between a student and FMU concerning accommodations, services, and responsibilities. Terms and conditions are specifically listed in the contract. Failure to abide by the contract could result in its immediate termination. Copies are available in the Housing and Residence Life Office.

The term periods of the Housing and Residence Life contract are: Fall, Spring, Late Spring, Summer I and/ or Summer II. The contract extends from the first day of the term until the last day of the term. Campus facilities will be closed from the last day of exams in December until the day before registration for the Spring semester. During the recess, the University secures the locks where occupancy has not been approved.

Students are expected to remove all belongings and officially check out of their campus housing assignment no more than 24 hours after their last exam. University housing closes at noon on the Wednesday following completion of final examinations. Only students participating in commencement exercises in an official capacity are allowed to remain in campus housing until the day of commencement.

Housing and Dining Refund Policy

The Housing and Dining Refund Policy is separate and apart from the Academic Refund Policy and follows different procedures than the Academic Refund Policy due to the unique business of providing food and housing services to students.

Students who withdraw from on-campus housing during the period between the authorized move-in date through 14 calendar days into the fall and spring semesters will receive a 90% refund of the housing fee, less the \$173 Housing reservation fee. The 90% refund period begins on the authorized move-in date and continues through 14 calendar days into the fall and spring semesters. During this period, students with a mandatory meal plan who withdraw from the residence halls or move from the residence halls to the apartments will receive a 90% refund of the meal plan assessment. All other students who wish to change or withdraw from a voluntary meal plan during this period may request a refund by completing and submitting the Dining Services Refund Request form (available at the Ervin Dining Hall). This policy does not apply to any declining balance accounts.

After the 90% refund period, there is no guaranteed refund of housing and meal plan fees. However, appeals will be considered

for situations such as marriage, activation for military service, or uniquely extenuating circumstances that occur during the term of the contract. Appeals must be made within the academic semester that the appeal is based upon and should be submitted as soon as possible after the change of status occurs.

All appeals require completion of the Housing and/or Dining Refunds - Appeal Form which must be submitted to the Director of Housing and/or the Director of Dining Services who will forward the request to the Housing and Dining Refund Committee. Students will be notified in writing of the committee's decision. The Housing reservation fee of \$115 will be deducted from all refunds with the exception of military activation. The decision of the Housing and Dining Refund Committee is final. A refund of funds placed on the FMU ID Card (debit account) may only be requested upon graduation or official withdrawal from the University. Requests should be submitted to the Accounting Office in Stokes Administration Building. Refund checks are held in the Cashier's Office for one week and then are forwarded to the student's permanent home address.

Facilities

The following are descriptions of the housing facilities available at FMU.

Residence Halls

The six Residence Hall buildings consist of several floors of suites. Each suite contains two bedrooms (two students to a bedroom) with an adjoining bathroom shared by the four residents. Palmetto, Swamp Fox, Marion State, Belle Isle, Snow Island, and Ellen C. Watson Residence Halls provide an environment for most freshmen and sophomore students. This setting, with three buildings on each side of the dining facility and a nearby study hall, promotes the establishment of new friends, develops community- living skills and provides academic enrichment. First floor residence hall units are available with provisions for persons with disabilities.

Village Apartments

Students assigned to the Village Apartments may choose from two options: a one-bedroom apartment shared by two students or a four-bedroom apartment with individual bedrooms for four students. Apartment residents share kitchen and living room space.

Things to Bring

In addition to personal belongings, each resident is encouraged to bring the following: a flashlight, study lamp, alarm clock, waste basket, pillow, towels and washcloths, bath mat, laundry basket or bag and clothes hangers. For the single bed, residents will need a mattress pad, bed spread, blanket and linens. (Oversize linens are recommended). Residents may wish to share expenses for jointly-used items such as iron and ironing board, mop, broom, bowl brush, trash cans, toilet tissue, soap, etc. You may bring your personal computer. Each residence hall occupant may bring a small refrigerator (2.0 cubic feet or less). There is only one microwave (1.0 cubic feet or less) allowed per room.

Upon departure, all personal items and furnishings must be removed. The University cannot accept responsibility for personal items left on the premises. Abandoned property will be discarded by the University at the student's expense.

Check-In

Students check-in during their designated move-in time (after paying the housing deposit, completing an application and contract, and paying any outstanding charges; see Move-In Fall/Spring).

To Check In:

1. The Student reports to the Housing Office with a picture identification (Student ID Card preferred).
2. The Student completes relevant Check-In forms/paperwork.
3. The Student receives keys to their assigned living space and mailbox.
4. The Student (and friends/family) begins moving belongings into assigned living space.

Check-Out

FMU closes all residence halls and apartments at 12:00 pm, the day following the last day of final exams (see FMU Catalog for academic calendar). The Housing office expects all students, except those graduating to depart from FMU housing facilities, no more than 24 hours after their last final exam, no later than 12:00 pm, the Wednesday following the end of final exams.

Fall Semester (December): Students returning to their same room in spring (January) as they occupied during the fall semester do NOT complete a check-out- all other students must complete a check out prior to departure.

Spring Semester (May): All students must complete a check-out prior to departing from FMU Housing. Students who fail to complete a proper check-out (see below) receive an improper check-out charge applied to their student account.

To Properly Check-Out:

1. Remove all belongings and trash from your living space. Complete all assigned cleaning responsibilities in your

living space. Note: students who fail to adequately clean and or leave excessive trash or other abandoned property in their assigned living space may receive a cleaning/removal charge.

2. The Student must report to the Housing Office (during business hours) or call the RA On-Call to complete the appropriate check-out form/paperwork and return their assigned keys.
3. Students graduating or not returning to FMU housing must complete a Housing Withdrawal form.

Mail and Packages

For the most efficient delivery of letter and packages to students residing in FMU Housing, refer to the sample address listed below.

When checking-in, students receive a mailbox key for the mailbox assigned to their bed space. When students move bed spaces, rooms, or apartments, their mailbox assignment changes also. The day after mail (non-packages) arrives at the Housing Office, a staff member delivers mail to the resident's assigned mailbox on the next business day (by 4 pm, Monday-Friday). As a courtesy, a Housing Office staff member also sends an email notification to the student's FMU account. Check your mailbox frequently for US mail correspondence/magazines and official FMU correspondence. Should FMU send letters or other communications to the student's assigned mailbox: no student excuses himself or herself from responsibility, because they did not check their mailbox

Students may pick up all packages (non-letter mail) at the Housing Office. After a package arrives at the Housing Office, a staff member sends a notification email to the student's FMU account. A delivery notice from the vendor (e.g., Amazon, eBay, Walmart, etc.), the carrier (e.g., USPS, FedEx, UPS, DHL, etc.), or a friend/family member does not guarantee the package arrived in the Housing Office. Students must present a photo identification (Student ID card preferred), in order to receive their package.

The Housing Office staff returns mail or packages unclaimed after two weeks from the date of receipt or after the Housing Closes each semester.

Students may drop off properly sealed, labeled/stamped, and addressed mail/packages at the Housing office-including FedEx and UPS. Students may also utilize Postal Boxes located on campus or visit the campus Mail Center in the Office Services Building. The Mail Center offers stamps, but no envelopes or packaging supplies. U.S. Postal (outgoing) mailboxes are located behind Newton Apartment Building and near Marion State Residence Hall.

Address all mail/packages as follows:

Your Name
Campus # _____
5130 East Palmetto Street
Florence, South Carolina 29506

Telephones

FMU provides corded push-button telephones with local phone service in each residence hall room and in each apartment. In addition, students may use the outdoor weatherproof telephone boxes located at the first floor entrance to each of the residence hall buildings and Forest Villas Apartments, to request entry when

visiting or locked-out (see Lock-Out below).

Locked-Out

Students who misplace their room/apartment key and or FMU ID; or who have locked their key/ID in their room or apartment; or who can otherwise not access their key/ID: visit the Housing Office (Monday-Friday, 8:30 am-5:00 pm) to obtain a temporary key/ID. After hours, students should contact an RA ON-Call (see your residence hall or apartment building entrance door for contact numbers). After a student's third lockout, Housing staff members apply an additional charge for each subsequent lockout.

Attention: Housing Staff members and or RAs only provide students access to their assigned room, apartment, or building--no access given to a friend's, family member's, or neighbor's living space.

Students should report lost, stolen, broken, or malfunctions keys or ID to the Housing Office promptly. Housing Office staff members apply any applicable charges for the replacement of keys, ID, or to change locks directly to the student's account--the Housing Office accepts NO payments.

Maintenance Services Requests

Any problem with facilities should be promptly reported online (fmarion.edu/housing/workorderform) or to the Housing Office directly. Housing Work Order/Service Request Forms describe the services requested, schedule an appointment to be present, and/or authorize entry into room/apartment in absence of the resident. If a student believes a maintenance issue (e.g., flooding water, sparking electrical equipment, smoke, etc.) creates a hazard to themselves or others, he or she must call the Housing Office or an RA On-Call immediately. In case of an emergency: call Campus Police (843-661-1109 or 911). The Housing Office schedules routine pest control service-calls. If a student wishes to request additional pest control services they should complete a service request form (see above). Maintenance staff members respond to service requests based on the time of receipt, available resources, and the nature of the issue reported. Students should report services not performed with reasonable promptness to the Housing Office. In some cases, repairs require permanent/temporary relocation of affected students.

Room Entry

FMU reserves the right to enter a student's living spaces (a) to perform routine maintenance and custodial services (b) conduct health and safety or other inspections; (c) enforce the University Code of Student Conduct; and or (d) for the purpose of conducting, by law enforcement officers, search and seizure procedures (see the Housing and Residence Life Contract and the Students' Rights and Responsibilities section in this Handbook for additional information regarding the Room Entry Policy).

Personal Property Liability/Loss of Service

In the event of mechanical, electrical or water problems, the University shall make all reasonable efforts to restore service but shall give no abatement in rates because of inability to restore

service and shall not be liable for any personal inconvenience or personal losses incurred. The University is not liable for personal belongings which may be lost, stolen or damaged in any way.

Parking

Perimeter parking is available. Selected access gates within the Village and Forest Villa apartment areas will be open while students are moving in and out of the apartments at the beginning and end of the semester at the direction of the Housing and Residence Life Staff.

Loading and Unloading on Access Roads

- Park vehicle with two wheels on the same side on the grass to allow other vehicles to pass.
- Maximum parking is 20 minutes.
- Parking is prohibited on access roads from 10pm to 6am.
- Vehicles may not be parked on sidewalks or other grassy areas.
- Vehicles cannot be pulled up to the apartment door.

Resident and Guest Parking

Residents must purchase and display the FMU decal (indicated by the letter "R").

Between the hours of 2 am and 6 am, parking is restricted to the appropriate resident "R" decal. Commuter students must have appropriate guest visitation paperwork to avoid being ticketed during the restricted hours.

Temporary permits (a section on the Guest Visitation Form) may be obtained for visitors from the Housing and Residence Life Office or your Resident Assistant if proper approval is obtained.

Parking for the Study Hall is available 24 hours daily. Parking during the hours of 2 am and 6 am for off-campus students, faculty, staff and visitors must be coordinated through Campus Police.

For more information, refer to the Campus Police section of this handbook.

Insurance

Each student is encouraged to discuss with his/her parents their family's accident and sickness insurance plans as it relates to college students. If you have expensive equipment such as a computer, stereo, etc., you should also discuss your parents' homeowner's policy to determine if coverage is available. If you do not have medical or personal effects coverage, you may want to consider the purchase of a policy suitable to your needs.

Vending machines

Vending machines for beverages and snacks can be found at several locations on campus with refund information posted at each location. If you have questions concerning the vending operation, please contact the Purchasing Office.

Laundry

For the convenience of residential students, FMU provides two 24-hour access laundry facilities through a partnership with

Caldwell & Gregory, LLC (see locations below).

- Adjoining Ervin Dining Hall, adjacent to Marion State Hall (66 machines)
- In the Heyward Community Center at the Forest Villas (35 machines)

Each location provides free washers and dryers (cost of laundry included in room fees). FMU laundry facilities are for residential students use only--residential students should not knowingly provide laundry room access to non-residents.

In each laundry room, Caldwell & Gregory provide washing/drying instruction-posters and instructions for reporting malfunctioning equipment. Students may submit a service request to Caldwell & Gregory directly from their mobile device, using the QR scan codes attached to each machine.

Students may check machine availability or monitor progress of their laundry loads using Wash Alert™, visit <https://www.fmarion.edu/housing/services/> for more details.

IMPORTANT: FMU assumes no liability for students' lost, stolen or damaged belongings (i.e., clothing, baskets, laundry supplies, etc.). Students found responsible for damage or misuse of laundry facilities may receive sanctions (e.g., fines for the cost of repair or loss of access). FMU staff members remove clothing and other abandoned items after 24 hours.

Students may contact the Housing Office (843-661-1330) or the Contractual Services Office (843-661-1134) with any questions, comments, or concerns regarding laundry services.

Damage/Cleaning/Missing Property/ Replacement Costs

Students must reimburse the University for any damages, repairs or missing property caused by negligence, misbehavior, and/or related to decorations. Whenever residents fail to meet cleaning standards as deemed appropriate by the University, authorized personnel will be assigned to provide services. Residents will be assessed for services rendered. These charges may be adjusted as changes in cost to the University occur.

All residents will be held responsible for damages or violations which occur in communal areas other than a private bedroom unless a specific individual can be identified as responsible. Each student concerned will receive a bill reflecting his/her share of the charges.

Actual costs will be charged when a Service Request/Work Order is completed unless an estimate is necessary.

Invoices or bills for services, damages or fines are due upon receipt. Failure to pay a financial obligation within 14 days or the specified date as indicated on the invoice will result in the addition of a \$10 late fee.

STUDENT ENGAGEMENT

The Office of Student Life is responsible for creating a positive campus environment that enhances and complements the academic mission of the University while providing opportunities for leadership development, involvement, recreation, and personal growth and development. All students are encouraged to become involved in one of the many student organizations (e.g., Student Government, the Campus Activities Board) or one of the many events throughout the year such as the Student Activities Fair, First Friday Festival, FM A'Glow, various CAB events, Fraternity and Sorority Life, Campus Recreation activities, The President's Bowl, FMU Regatta (cardboard boat race), SwampFox 200 (pedal kart race), Student Clubs and Organizations, Academic Honor Societies, Homecoming events, Ms. FMU Scholarship Pageant, and Leadership programs.

Fraternity and Sorority Life

Being a member of a fraternity or sorority is one way to get involved on campus. Currently FMU has 12 fraternities and sororities. Each individual group has different requirements for membership.

Patriot Fraternity Council

Members of the Patriot Fraternity Council are Kappa Alpha Order, Tau Kappa Epsilon, and Pi Kappa Alpha.

National Panhellenic Conference

Members of the National Panhellenic Conference are Alpha Delta Pi, Kappa Delta, and Zeta Tau Alpha. The National Panhellenic Conference holds formal recruitment in the fall of each year to select new members. Applications are available online at www.fmarion.edu/studentlife/greek-life/npc/

National Pan-Hellenic Council

Members of the National Pan-Hellenic Council at FMU are Alpha Phi Alpha, Alpha Kappa Alpha, Kappa Alpha Psi, Omega Psi Phi, Sigma Gamma Rho and Zeta Phi Beta.

Guidelines for Fraternities and Sororities

In addition to the Guidelines for University Organizations, fraternities and sororities are expected to operate according to the following:

1. **NPC Sororities** – All full-time students with a 2.0 cumulative GPA are eligible for recruitment. Full-time first semester freshmen are eligible for recruitment to the NPC Sororities.
2. **PFC Fraternities** – All full-time students with a 2.0 cumulative GPA are eligible for recruitment. Full-time first semester freshmen are eligible for recruitment to the PFC fraternities.
3. **National Pan-Hellenic Council** sororities and fraternities

require a minimum GPA between 2.5 and 2.75 and at least one semester of FMU college credit hours to be considered for membership intake. Please contact the individual groups or the Dean of Students Office for academic standards and membership intake requirements.

4. All matters concerning the time of intake/recruitment and initiation shall be in accordance with the regulations of the Panhellenic Council, the Patriot Fraternity Council, and the National Pan-Hellenic Council.
5. The Patriot, Panhellenic and National Pan-Hellenic Councils will inform the Office of Student Life of dates and times of intake/recruitment and initiation for all fraternities and sororities. All grade release forms must be approved by the Office of Student Life.
6. All fraternities and sororities are required to keep on file, in the Office of Student Life, a current list of all members, including those active and participating in intake/recruitment, and their faculty advisers.
7. Fraternities and sororities must demonstrate in their charters, as well as in their later actions, a service as well as a social orientation. They must show promise of promoting the academic success of their members and the enhancement of the total educational mission of the University as well as the enrichment of the social life of their members.
8. At the present time there is residential housing on campus available for fraternities and sororities. A fraternity or sorority must have a minimum of 4 full-time residential students to be eligible to stay in the Greek Village area on campus..
9. Fraternities and sororities must be open to students without discrimination with respect to race, religion or color, but fraternities and sororities may be selective in this policy. If the membership consists of a single race or religious persuasion or color, the organization will be required to show that it has not violated this rule in its recruiting practices. Federal Guidelines are followed.
10. Fraternities and sororities recognized by the University must have full-time faculty or staff advisers nominated by the student organization.
11. If the membership of a fraternity or sorority drops below the minimum number required by the national charter, the organization will be placed on probation for one year (or semester). If at the end of the probation period their membership is still below the required number, they will be placed in the special interest group category.
12. Membership will be open only to students classified by the Office of the Registrar as full-time undergraduates (those carrying 12 or more semester hours). No specially admitted student can acquire membership in a registered greek-letter organization.
13. Fraternities and sororities must refrain from any form of hazing which involves physical, mental or bodily punishment. Such behavior is viewed as out-of-character for University students in that it degrades and/or demeans the individual and is in violation of South Carolina state law. (See Hazing Policy) Should rules governing this matter be violated, the organization may be placed on probation, its charter may be revoked and persons violating the rules may be dismissed from the University. In the event that a hazing violation

occurs, the following procedure will be followed:

- a. The Vice President for Student Life will suspend the organization until an investigation can be conducted. The Notice of Charges will be sent via mail with copies to the president of the University, investigators, Chief of Campus Police, local, regional and national offices of the organization, and any other person on campus (adviser, etc.) with an interest in the organization.
 - b. The Vice President for Student Life will assign the Dean of Students or his/her designee and the adviser to the Patriot Fraternity Council, Panhellenic Council or National Pan-Hellenic Council the responsibility of conducting the investigation.
 - c. A written report of the investigation will be submitted to the Vice President for Student Life.
 - d. Sanctions, conditions and/or restrictions if any, will then be imposed upon the chapter. The sanctions will be sent to the organization in written form with a copy to the same individuals who received the letter stating the charges.
14. Any commitment on the part of a fraternity or sorority for any function that commits funds above the amount of money on hand in the treasury must be approved by the PFC, Panhellenic and National Pan-Hellenic Council faculty advisers and the Dean of Students prior to any contracts being signed.
 15. Failure to abide by approved rules can result in an organization being placed on probation.
 16. All fraternities and sororities are responsible for adhering to all South Carolina laws and University regulations concerning alcohol and drugs. Organizations are encouraged to provide educational programs for members and to support University-sponsored alcohol and drug programs held throughout the year.
 17. Non-students are not allowed to actively participate in intake and/or recruitment activities unless permitted by the University. Failure to adhere to these directives will be considered a violation and the organization and members are subject to the Honor Code.

Homecoming

Homecoming Celebrations are a valued and exciting tradition at FMU. The week prior to the Homecoming basketball games is filled with activities focused on Patriot Spirit. These activities may include pep rallies, friendly and spirited competitions, dances and more. The day of the games, the campus community gathers to encourage the men's and women's basketball teams and celebrate the history and traditions of FMU. After the men's basketball game, the Homecoming Queen and King are crowned before students, faculty, staff, and alumni. Be sure to get involved in Homecoming!

Homecoming King and Queen

The Homecoming King and Queen are selected annually by the entire student body. The positions are open to any student meeting the following guidelines:

1. Candidates must be nominated by a registered student organization. Each student organization may nominate one candidate for King and one candidate for Queen.

2. All candidates must have at least a cumulative 2.0 GPA, be currently enrolled in 12 or more hours, and be in good standing with the University.
3. All candidates must attend any rehearsals, the pep rally or related events, and attend the Homecoming basketball games.

1. Candidates must be full-time female students (at least 12 credit hours).
2. She must enroll as a full-time student at FMU for the academic year **following** the pageant to complete her reign.
3. She must have attended FMU as a full-time student for at least one semester prior to the one in which she is competing.

6. She must assist with New Student Orientation.
7. She must adopt an educational platform with the intent of implementation during her reign (for example: leadership, service learning, social justice, etc.) All platform initiatives/projects must be approved by the Office of Student Life.

Campus Activities Board

The Campus Activities Board (CAB) provides opportunities for students to get involved in event planning for social, cultural, educational, and recreational activities. CAB is an excellent opportunity for students to meet new people, be creative, and actively engage in the campus community. The Campus Activities Board's activities are designed for students, by students.

The CAB student members (assisted by professional staff members) plan and present programs and activities for the entire FMU community. By joining CAB, students will gain experience in programming, promotions, team building and working with others as well as acquire leadership skills, meet many interesting people and become involved on campus.

CAB is open to all students. Anyone interested in joining should stop by or call the Office of Student Life for application information.

Student Organizations

Starting and Chartering a New Group

There are more than 50 student organizations offering opportunities for involvement for all FMU students.

Types of organizations include academic, social, service,

honor, and special interest. Organizations listed in this handbook represent groups registered for the previous academic year. If you cannot find an organization that meets your needs, feel free to discuss the possibility of starting a new organization with a member of the office of Student Life staff. The majority of officially recognized student organizations are considered to be "University Affiliated." The University does not sponsor or endorse activities associated with these groups. The use of the University's name in the organization's title is possible (*see Guidelines for Student Organizations*), as long as University sponsorship or endorsement is not implied or stated.

Organizations wishing to use the name and/or facilities of Francis Marion University must have formal approval by the University. Pending official approval, a proposed organization is permitted to meet on campus but only for the purpose of organizing. A proposed organization shall not conduct any program or activities until its charter is approved by the Office of Student Life.

The following information is required of organizations seeking to be chartered by Francis Marion University:

1. Name of the organization.
2. Statement of purpose and statement of contribution to the University community.
3. List of officers, all of whom must have a minimum grade point average of 2.0 and a list of 10 members, all of whom must be regular students with a 2.0 GPA and no more than five of whom may be transfer students or freshmen.
4. Indication of any affiliation.
5. Indication of source of financial support.
6. Proposed adviser(s), who must be a full-time member of the Francis Marion University faculty or staff.
7. Listed roster of all prospective members who are full time (those carrying 12 or more credit hours) students. The roster must include each student's first name, last name, and student ID number.
8. Groups with recognized national affiliations must meet the membership guidelines established by the national office.

If an organization is governed by a constitution or bylaws, such documents must accompany the request when submitted for processing.

A recommendation regarding approval will be made to the Vice President for Student Life by the Dean of Students, and, in the case of an organization involving an academic area (e.g., American Chemical Society), the Provost.

Guidelines for Student Organizations

1. Each organization must file a list of its officers with the office of Student Life at least once a semester. An up-to-date copy of the constitution and bylaws of each approved organization should also be filed. It is the responsibility of each organization to ensure that changes are filed when they occur. Organizations wishing to change their constitutions or effect changes in affiliation must submit these changes to the Office of Student Life..
2. University recognition or approval of events and activities of student organizations does not indicate endorsement. Each student organization is expected to conduct its activities in such a manner as to reflect credit on the University.
3. Each organization is responsible to the Dean of Students for

observances of all University rules and regulations. Students and/or organizations not in good standing with the University are not eligible for leadership opportunities, some induction and intake procedures and selected extracurricular activities.

4. An organization may utilize the University name in its title provided University sponsorship or endorsement is not implied or stated. If used, only the titles Francis Marion University or FMU may be utilized. The use is limited to the following examples: The Francis Marion University Chapter of (Organization Name) or The (Organization Name) Club of Francis Marion University.
5. The tax exempt status of the University does not extend to student organizations. To seek tax exempt status, organizations must follow local, state, and federal guidelines. Under no circumstances are organizations allowed to utilize the University's federal tax identification number.
6. Subject to prior reservation, student organizations are eligible to use University facilities for meetings and other functions. To reserve space, organizations can go online at www.fmarion.edu/spacerequest or use paper forms that can be obtained from the Office of Student Life. Only elected officers or members designated in writing by the president of the organization are eligible to reserve space for an organization. Certain rooms may not be available due to the type of event. All rooms must be returned to their original condition.
7. Each student organization shall submit an application for registration to the Office of Student Life by the end of the fourth week of classes each Fall semester. This application form is available online through the Student Life website and must be completed fully for the organization to continue as officially recognized by the University.
8. It is the responsibility of the chief officer of each student organization to file an updated student organization report with the Office of Student Life immediately after election of new officers, all of whom must have a minimum grade point average of 2.0.
9. Clubs and organizations are required to submit the names of one or two proposed advisers to the Office of Student Life with the request for charter. All advisers must be full-time members of the faculty or staff.
10. Names of proposed off-campus speakers are required on the space request form submitted to the Space Committee. Even though an organization has received blanket approval for space on a regular basis, any off-campus speaker's name must be submitted two weeks in advance of the event on a separate request to the Office of Student Life.
11. All meetings must be scheduled on the official University calendar, which is maintained in the Office of Finance & Facilities. This calendar is necessary in order to ensure the efficient use of time and space as well as to provide adequate publicity for activities and events. Online forms for reserving time and space on the official University calendar may be found at www.fmarion.edu/spacerequest. Paper forms can also be found in the Office of Student Life.
12. Student organizations may have events occurring within the same time frame providing that the events are not considered as large events, major fundraisers or conflict with programs sponsored by the Campus Activities Board (CAB),

Student Government Association (SGA) or any other official University program that requires University community participation. The Office of Student Life will determine any exceptions.

13. Because Francis Marion University does not provide financial support for campus organizations, such organizations are expected to rely upon their own membership to meet budgetary requirements. Should an organization determine that a fundraising project is necessary or desirable, the steps indicated below must be followed:
 - a. The project must be approved by the Office of Student Life. All fundraising events must be approved.
 - b. A description and adequate justification of the project should be included so that a decision can be made concerning its appropriateness as a campus activity.
 - c. Forms are available online at www.fmarion.edu/studentlife/activities/documents/.
 - d. Forms must be submitted 10 business days before the event with a completed space request. Income reports must be returned within 10 business days after the event or future fundraisers will not be approved.
 - e. In accordance with South Carolina law, Francis Marion University prohibits "Raffles" as a form of fundraising. For more information regarding state law, go to [http:// www.scstatehouse.gov/code/t16c019.htm](http://www.scstatehouse.gov/code/t16c019.htm).
 - f. In accordance with the South Carolina Department of Health and Environmental Control, foods requiring time and temperature control are not allowed to be used as a fundraiser without a retail food permit issued by local authorities. In addition the University must also approve the activity and purposes for the fundraiser on University-owned property.
14. Student organizations hosting a dance/party on campus must adhere to the Guidelines for Large Student Events.
15. Francis Marion University prohibits hazing of any student. Respect for the rights, dignity, and integrity of others is essential for the wellbeing of an academic community. South Carolina law states: It is unlawful for any person to intentionally or recklessly organize, promote, facilitate or engage in acts which cause or have a foreseeable potential for causing physical harm to any person for the purpose of initiation or admission into or affiliation with any student or fraternal organization (*see Hazing Policy in University Violations section*).
16. If these guidelines are not followed, organizations may be placed on probation with possible loss of charter. Student organizations are also subject to the Code of Student Conduct and all other University policies and procedures.
17. Student events designed or anticipated to include non-students must get prior approval from the Office of Student Life and meet the University guidelines for facility use. All catering for the event must use FMU Dining Services unless otherwise indicated by the University.
18. Student organizations using FMU facilities must use FMU Dining Services for any catered events.

Events Publicity

Posters

Officially registered student organizations may utilize campus bulletin boards to advertise events. Organizations must follow the guidelines contained in the Literature Distribution Policy, located in this handbook.

Special rules and regulations concerning posters, banners, and billboards for election purposes are distributed by the Election Commission Chairman when a candidate files. This permits use of additional areas during elections that are appropriate to our general standards of campus appearance.

Off-campus organizations may bring posters to be posted in the University Center to the Office of Student Life for approval. Other campus buildings are off limits for commercial advertisements. For details, see the Literature Distribution and Solicitation policies in the Rights and Responsibilities section.

Campus Newspaper

Student organizations may submit information to the campus newspaper, *The Patriot*, to advertise their events. Information should be submitted at least two weeks prior to the event.

Bulletin Boards & Student Organization Boxes

Student organizations wishing to post notices on bulletin boards must follow the guidelines in the Literature Distribution Policy. Each officially registered student organization may receive an information box in the Office of Student Life. All mail sent to the student organization in care of the University will be placed in these boxes. Additionally, official notices from the University and the Student Government Association will be placed in these boxes. Student organizations are required to check these boxes and remove their mail on a regular basis.

Computerized Sign Boards

Announcements pertaining to the University community on the digital signs throughout campus, should be coordinated through the Office of Communications.

Mass Media

Advertisements and announcements to the mass media about events that are open to the public should be coordinated through the Office of Communications (*see University Communications Information section in this handbook*).

Auctions

Though the University encourages student organizations to engage in fundraising activities, a degree of decorum must be used when conducting auctions. Francis Marion University does not promote, nor will it tolerate the auctioning or sale of any human being, whether in jest or as an attempt to acquire funds.

This includes date auctions, servant auctions, slave-for- a-day auctions or any combination thereof. If an auction is the fundraiser of choice, only items or services that have been purchased or donated by commercial agencies or reputable vendors are permitted.

Guidelines for Large Student Events

The following guidelines must be adhered to by all individuals, clubs, organizations, and offices sponsoring an event in the Smith University Center and/or other areas of campus as determined appropriate by the Office of Student Life. All forms must be completed at least two (2) weeks prior to the event. Failure to

complete and submit paperwork will result in the cancellation of the event. For Large Events, which includes the Facility Reservation Request, Campus Event Service Request, and Request for Police Officers forms, is available online (<https://www.fmarion.edu/spacerequest>) and should be used in planning dances, cookouts, parties, pageants, shows, concerts or other major events to be held on campus by student organizations.

1. Advertising for the event will be limited to the Francis Marion University campus only.
2. Students must present a valid FMU ID Card to enter the event.
3. Guests may be invited by personal invitation, must be 18 years of age or older, and must present picture identification (driver's license, University ID) prior to entry. Each FMU student will be allowed to sign-in three guests. Event sponsors are responsible for the actions of all guests.
4. A sign-in sheet must be maintained by the sponsoring organization for large events held in the Smith University Center. All sign-in sheets must be turned in to the Office of Student Life at the conclusion of the event.
5. The maximum number of people allowed at an event in the University Center is 450. Other venues have different maximum numbers. Crowd control is the responsibility of the sponsoring organization. A detailed plan for crowd control must be submitted, along with the names of those students responsible for crowd control, with the Facilities Reservation Request form. The maximum number of people allowed in other campus venues varies and must be confirmed accordingly.
6. The organization president, adviser and crowd control designees should introduce themselves to the University Center or other facility employees and any police officers on duty prior to the start of the event.
7. Setup and cleanup of the event location and trash in the parking lot, which may be the result of the event, are the responsibility of the sponsoring organization.
8. Controlled substances such as alcoholic beverages and other drugs must not be served nor allowed into campus event locations or exterior spaces except in accordance with the FMU Alcohol Policy. Solicitation on Campus by Student Organizations

Although it is recognized that the faculty, the staff, and the student body of Francis Marion University share a mutual interest in rendering support to local churches, charitable organizations, and other worthy causes, it is also recognized that unrestrained solicitation among members of the University community may bring about an unfair burden to some who may prefer not to contribute or perhaps to make their contributions in a different way.

Therefore, in the interest of maintaining the best working relationship, all University personnel and students will refrain from soliciting of any type (monies, goods, or service) while on the University campus unless the request to do so has the specific approval of the appropriate University official (*see Guidelines for Student Organizations*).

Francis Marion University's approval of certain fund-raising projects will allow clubs and organizations to sell approved items at a designated place in Smith University Center. The student organization may not solicit out of the designated location or take items away from the location for sale. Students should not assume that they are covered under their parent's policy; check with parents to make sure.

Student Ombudsman

The FMU Student Ombudsman was created in 2016 by the University President under the auspices of the administration as a resource for all Francis Marion University students to assist in the resolution of non-academic conflicts, concerns, and other problems that they may encounter while pursuing their course of study. The Student Ombudsman acts as a neutral and impartial resource for students in addressing and resolving non-academic issues and concerns.

The FMU Student Ombudsman does not take sides in disputes, does not petition on behalf of students or the University, and does not advocate for any particular outcome. The Ombudsman has no stake in outcomes. Instead, the Ombudsman advocates for a fair process and works to assist students in identifying their options to provide avenues for the resolution of their issues.

STUDENT GOVERNMENT ASSOCIATION

Upon enrolling in Francis Marion University, all students become a member of the Student Government Association (SGA). The SGA shall represent and shall be the governing agency within the student body of the University and shall assume the responsibility of supporting, coordinating, and expediting programs, projects, and policies necessary and proper for the welfare of the student

body of the University as so designated by the SGA Constitution.

The Student Government Association is composed of three branches: the Executive, Judicial, and Legislative. The Executive branch is composed of the president, vice president, secretary, and treasurer of the Student Government Association and other appointed cabinet officers. The Legislative branch is the Senate. The membership of the Senate is composed of the vice president of the Student Government Association, who serves as the president of the Senate, and 25 senators. All students should read and know the contents and provisions of the Student Government Association Constitution, copies of which can be obtained in the SGA Office. Students are encouraged to express their interests and ideas to their elected student leaders and to become actively involved in the association. This can be accomplished in many ways, including running for various offices, serving on committees, voting in all elections or by visiting the Student Government Association Office. Francis Marion University can grow only with personal interest and involvement.

Student participation in institutional government is centered around the Student Government Association. Students, as constituents of the academic community, shall be free, individually and collectively, to express their views on issues of general interest to the student body through their governmental structure. Students, through their elected senators or appointed committee representative, have the right to participate in the formulation and application of institutional policy affecting academic and student affairs.

The role of the student government including its general and specific responsibilities are made explicit. The University will provide sufficient autonomy for the student government to maintain its integrity of purpose as elected representatives of the student body.

OPPORTUNITIES FOR INVOLVEMENT

The University recognizes the importance of a well-developed and varied program of extracurricular activities; therefore, FMU offers a variety of programs and organizations for students to join and participate in outside of class.

Students receive one academic credit per group per semester; a total of three semester hours of general education credit may be applied toward graduation, although many students continue to participate simply because they enjoy the activity. Choral groups plan several off-campus performances as well as performances on-campus for students, faculty, staff, and the community.

For information, contact the Department of Fine Arts.

Scholarships may be available (if funded) for participation in ensembles. Additional information about all ensembles is available from the Department of Fine Arts.

The University Theatre offers three-four major main-stage productions annually and student-directed experimental theatre productions. Each year more than 150 students participate in theatre productions. Participation is open to all FMU students regardless of major, and no prior theatre experience is expected or required.

The Digital Millennium Copyright Act (DMCA) and Peer-to-Peer File Sharing Policies

Copying, distributing, and downloading copyrighted materials, including music, videos, and games, for which you do not have the owner's (copyright holder's) permission is a violation of federal law. Compliance with federal copyright law is expected of all students, faculty, and staff at FMU. If you download and/or distribute unauthorized copies of copyrighted music recordings and movies, you are breaking the law and may be held legally liable for thousands of dollars in damages. Federal law provides severe penalties for the unauthorized reproduction, distribution, or digital transmission of copyrighted materials. The FBI investigates allegations of criminal copyright infringement and violators are prosecuted.

Most peer-to-peer (P2P) software turns file sharing on by default as soon as the software is installed. This means that others may access materials on your computer without your knowledge, whether you have given permission or not. Downloading copyrighted music or movie files without permission is illegal. It is also illegal to share purchased music or movie files with others, again, whether you are aware that you have done it or not.

If you install P2P software, turn the file sharing options off. And, remember, if you are sharing materials inadvertently, you are still liable for violating copyright law. For more information regarding the Recording Industry Association of America (RIAA) position on music downloading, visit <https://www.riaa.com/resources-learning/for-students-educators/>.

WARNING: Under the **Digital Millennium Copyright Act (DMCA)**, Francis Marion University reserves the right to terminate computing services of users who repeatedly infringe upon the rights of copyright owners. If you have questions about whether you may be infringing on another's copyright, please review the online Crash Course on Copyright (<https://www.iusmentis.com/copyright/crashcourse/rights/>)

The complete Library Computer Use Policy is available at the Reference Desk.

Book Drop

In case you cannot get to the library, you may return your library books to the book drop inside the front (west) entrance to Founders Hall.

The Department of Mathematics also has created computer labs for use as a classroom and a student resource center for completion of their mathematical work. These computers contain mathematics programs (MAPLE, Mathematica, MATLAB, GEOMETER'S SKETCHPAD, etc.) to empower students in the areas of mathematics and probability and statistics.

CENTER FOR ACADEMIC SUCCESS AND ADVISEMENT (CASA)

The Center for Academic Success and Advisement (CASA) offers students a one-stop resource for assistance with advising questions, academic support, and career services. CASA, located in Founders Hall 220, is home to Advisement, the Career Center Office, the Tutoring Center, as well as the Writing Center (located downstairs in FH 114-C). CASA provides a variety of services designed to help students thrive during their experience at Francis Marion University.

CASA also works in conjunction with University Life 100: First-Year Seminar, providing first-year students with valuable information to help them become acquainted with the university, build connections on campus, learn about strategies for being successful students, and make the most of their time at FMU. In addition, CASA is home to the Patriot Mentor program, a staff of undergraduate peer mentors who work with new students in First-Year Seminar courses.

All of these resources provide students with a network of knowledgeable and friendly professionals who can help with questions they may have while at the university.

CASA Advisement

CASA advisors work closely with first-year students to ease the transition from high school to university life. The friendly and knowledgeable advising team assists first-year students in navigating the university, choosing majors, finding career paths, selecting courses, and exercising habits that lead to academic success. CASA advisors are dedicated to supporting students and connecting them to resources that will help them be successful during their academic careers at FMU.

CASA advisors also provide counseling for probationary students and answer general questions for students about course registration, majors and minors, study skills, time management,

career guidance, and more.

Students can meet with an advisor by calling 843-661-1400 or visiting CASA in FH 220.

Career Center Office

The Career Center Office, located in CASA (Founders Hall 220), supports the University's mission by providing students with a comprehensive, educational approach to career development and preparation. The office's mission is to coach, guide, and support students and alumni in becoming educated, successful professionals by making career services and programs available for all students and alumni.

Career Planning

Students are encouraged to begin using the Career Center Office during their first year of enrollment. Staff members are available to meet with students exploring their skills and interests as they decide upon their majors and plans for specific career fields. Students are welcome to meet with a staff member and take a career inventory to learn how their attitudes, values, and personalities might help them select a major and a career.

Career Center also houses a diverse collection of career resources to assist students as they explore careers, research employers, and develop overall job search skills.

Employment Resources

The Career Center Office also provides links for students pursuing employment opportunities. Full-time, part-time, and summer job ads and internships for on-campus and off-campus positions are regularly posted outside the Career Center Office (FH 220), on Career Center's social media pages, and on Career Center's website.

Career guidance workshops allow students to explore occupations, meet employers, and develop the skills needed to conduct successful job searches, including resume writing and interviewing skills.

Individual resume counseling sessions are available to help students improve their job search documents. In addition, students who register with our online job and resume service, provided in partnership with College Central Network, can view jobs via the web. Students can also upload resumes to the online service and make their resumes available to interested employers.

Mock interview sessions are available in the Career Center Office on an individual basis. They are designed to provide students with a constructive evaluation of their skills within a comfortable counseling environment.

The Career Center Office also holds a job fair each fall and spring semester, connecting students and alumni with a variety of employers. The Career Center Office actively works to foster and maintain positive relationships with the surrounding business community. Many state, regional and national employers attend our Career Fair and post job announcements with our office. In addition, the Career Center staff develops relationships with new employers in order to maximize employment opportunities available to students.

Students are invited to visit the Career Center Office or call 843-661-1676 to book an appointment. Students may also make an appointment via the Career Center website with the "Make an Appointment!" link. Students are invited to follow the Career Center Office on social media to learn about upcoming events,

employer visits, and open positions.

Tutoring Center

The FMU Tutoring Center provides all students with learning assistance for a variety of subjects, including math, sciences, social sciences, and humanities courses. Located in CASA (Founders Hall 220), the Tutoring Center is staffed by faculty members and trained peer tutors. Students are welcome to meet with tutors to review course content, practice problem-solving skills, and discuss study strategies.

The Tutoring Center offers more than 40 hours of services each week. To meet with a tutor, students can book their appointments through the Tutoring Center's webpage, call 843-661-1675, or visit the Tutoring Center in FH 220.

Writing Center

The FMU Writing Center is available to assist all students in improving their writing abilities and acquiring the skills needed to succeed at writing tasks in academic and professional communities. English department faculty members and trained student consultants provide one-on-one assistance on a wide range of writing tasks and projects, including research papers for all disciplines, literary analyses, creative writing, lab reports, resumes, business letters, and graduate school applications. Students are invited to meet with a consultant at any stage of the writing process for guidance on generating a topic, clarifying a thesis statement, building an argument, reorganizing paragraphs, incorporating research, revising a draft, or learning about grammatical errors. The Writing Center encourages students to use writing as a means of personal expression and as a tool for learning in and beyond the University environment.

Writing Center Consultants are available for both face-to-face and online tutoring services. To meet with a tutor, students can book their appointments through the Writing Center's web page, call 843-661-1528, or visit the Writing Center in Founders Hall 114C. Writing Center consultants are also available for appointments on weekday evenings in the Tutoring Center, located in CASA (FH 220).

SUPPORT SERVICES & RESOURCES

DINING SERVICES

FMU Dining Services provides a high quality dining experience in various locations across campus. All new freshmen living on-campus in traditional residence halls are required to purchase an all-access plan, which is already included in the student's room and board. Students who live in campus apartments or who commute to campus are also encouraged to purchase an all-access or block meal plan. Students may purchase a meal plan by visiting the Cashier's Office (Stokes Administration Building, room 104) or online at www.fmarion.campusdish.com.

FMU Dining Services offers several customer-oriented locations featuring a variety of menu choices. The Ervin Dining Hall, located near the campus housing facilities, serves hot meals daily in addition to a complete salad and deli bar, pizza and grill items, and fresh desserts. The Grille, located adjacent to the outdoor pool, provides a wide variety of menu options including fresh Subway deli sandwiches, hot burgers and grilled items, and tasty wings. Students can also enjoy a leisurely cup of coffee and pastry items with friends at the Cauthen Cafe located in the Cauthen Media Center, or stop by the newly refreshed P.O.D. bistro market located beside the Ervin Dining Hall for a variety of espresso drinks, snacks, beverages, and grab-and-go items.

THE GRILLE

This one-story building is located adjacent to the outdoor swimming pool. The facility provides an additional dining option during the day and in the evening after the dining hall closes with indoor and outdoor seating available. It also has a lounge area, a small space for group use, and provides convenient access to the outdoor pool, sand volleyball court, and outdoor grilling.

FINANCIAL SERVICES

Facilities Reservation Requests

Any use of University space by faculty, staff, or student organizations must be cleared with the University Space Committee. The representative of the group needing space at a particular time is asked to contact the Office of Financial Services, check the University Space Calendar, and, if the calendar indicates that acceptable space may be available, file a Facilities Reservation Request. In normal circumstances when the using organization has allowed reasonable lead time in making the request, the Space Committee will act upon the request usually within a period of two weeks. Events are not approved if they are not listed on the University Space Calendar in the Office of Financial Services. Organizations are asked to make every effort to provide a minimum of two weeks notice for the scheduling of routine meetings or events. More notice should be given for events involving special preparation for off-campus persons. Many campus events, upon approval, are listed on the University Calendar website at <http://www.fmarion.edu/calendar>. For more information or to initiate a request for space, contact the space coordinator at the Office of Financial Services in Stokes Administration Building, Room 107, ext. 1110.

Campus Service Requests

If a particular meeting or event requires any services other than opening and closing facilities, normal seating, and regular lighting, the user group is asked to fill out the Campus Event Service Request form provided by the Office of Financial Services and return it to that office or to Facilities Management. Service requests should be submitted at least two weeks in advance; those for major events should be coordinated with the Director of Facilities Services as far in advance as possible. For any event requiring service from Facilities Management or Dining Services, the Facilities Reservation Request will not be approved until the service request has been submitted.

CRISIS COMMUNICATION PROCEDURES

Real Time Emergency Notification can provide a mechanism for campus authorities to provide guidance while an emergency is ongoing, including both information about the nature of the emergency, and actions which the community can take, such as avoiding a particular area of campus, shelter in place, be on the lookout for/report the location of a missing child, disoriented or elderly person, watch for severe weather, evacuate a particular building, class cancellation, etc. Several different communications avenues are available to notify the community of emergencies. A siren system will augment other methods of communications primarily covering outdoor spaces. The Swamp Fox Alert System will send warnings and emergency information by text-message, email and voicemail to campus community members and cell phones.

- The system is designed to notify members of the campus community in a particular part of campus, such as those in a particular building, those with responsibility for particular facilities or buildings (building managers, resident staff) executive leadership, or emergency response teams.
- Communications with those who may be at home or in transit pose other difficulties as does communications with parents and others who may be worried about family members at the site.
- FMU will send text messages for emergency purposes only to cell phone numbers of those who have subscribed to the system.
- Emergency text messages should produce immediate action.
- Follow-up messages may be sent as the situation develops or concludes.

E-mail

The University will only utilize students FMU assigned email addresses for official electronic communication. In order to access your address or confirm your email address, go to <http://www.fmarion.edu/campustechnology/>. Should you have difficulties accessing your account, contact the Help Desk at 843-661-1111.

Campus Alert Siren System

Federal Signal siren notification system also provides a means of notifying persons outdoors of emergencies. The system has seven prerecorded messages. There is a public address capability in the FMU PD office that allows for voice input for unusual situations

from a missing child during a special event to a violent incident at a particular location. For each message the siren will “ramp up” to full volume in 5 seconds, the steady tone will play for 5 seconds and the prerecorded message or the PA announcement will be provided twice. Siren testing will occur periodically to ensure system viability. Testing will occur in a manner that minimizes interference with classes or causes concerns to community members. Any testing would be preceded by email messages to alert faculty, staff, and students that a test will be conducted.

Swamp Fox Alert

The Swamp Fox Emergency Alert System has been adopted by Francis Marion University in order to quickly notify students via SMS text messaging (standard text messaging rates apply) and email in the event there is an imminent campus emergency. All students that provide a cellphone number and cellphone carrier will automatically be added to our notification system. In addition to being notified of an imminent campus emergency, students will also receive notifications regarding other situations that affect the status of the campus like weather-related class or school closings.

A student can update their cellphone information at <http://www.fmarion.edu/enrollment/swampfox>. If a student does not want to be notified in the event of an emergency or be informed of the campus status during weather related events (e.g. class cancellation and university closing), they may opt out of the Swamp Fox Alert system.

Registered users can also provide additional email addresses to which information can be sent. Text messaging is an effective and reliable means of communicating during an emergency situation and is a powerful way to reach people on the move or away from conventional media (i.e. television and radio). Text messaging makes it an ideal vehicle for communicating critical information during times of emergency.

CAMPUS POLICE

Safety on the University campus is a natural source of concern for parents, students and University employees. Education - the business of Francis Marion University - can take place only in an environment in which each student and employee feels safe and secure. FMU recognizes this and employs a number of security measures to protect the members of its community. Although the area, with its small-town feel and neighborly attitude, is perceived to have a relatively low crime rate and because no campus is totally isolated from crime, crime prevention remains a high priority. FMU is committed to providing a safe and secure environment for our community and guests and does its part to ensure the safety of everyone. All members of our campus community share in the responsibility of making our campus a safe place to study, work, and live. The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act report, commonly referred to as the Clery Act Report, can be accessed on the web at [http:// www.fmarion.edu/police/](http://www.fmarion.edu/police/). Any member of the campus community or anyone considering becoming a campus community member may obtain a printed copy of this report by contacting Campus Police at 843-661-1109.

FMU provides full-service police protection to the campus community through its Campus Police Department; a fully independent state law enforcement agency responsible for criminal investigations, initial response to medical emergencies, and crime

awareness education. The primary objective of Campus Police is to provide a safe, healthy environment that enhances the campus learning experience and complements the University's educational mission. Department police officers with comprehensive arrest powers patrol the campus and residence areas 24 hours a day.

Their authority, responsibility and training are the same as required of all state certified police officers in South Carolina. While Campus Police officers have statewide jurisdiction, their focus is on all University-owned, -leased or -controlled property and the adjacent streets and sidewalks, University officers have the authority to enforce all state laws and University regulations. They work closely with the Florence Police Department, the Florence County Sheriff's Office and the regional office of the State Law Enforcement Division. Each agency may provide mutual support and assistance to another as necessary and joint investigations often occur. Life Support services provided by Campus Police include: temporary vehicle registration for on-campus parking; assisting motorists with minor vehicle problems; providing crime prevention education and services; inspecting buildings for safety compliance; providing property registration services; and maintaining the University's lost and found database.

Access to Campus Facilities

Except for housing, most University facilities are open to the community during day and evening hours. At 11 p.m. all gates except one are secured and access to the campus is restricted to community members and their authorized guests. Gate closing times may change during periods of decreased campus activity such as when the University is closed. When the University is officially closed, buildings are secured and only faculty, staff and pre-approved students with proper identification are admitted. The University's trespass policy, enforced by Campus Police is as follows: only those persons having legitimate business with Francis Marion University, members of the University community and their invited guests, are permitted in a building. The University reserves the right to exclude all persons not conforming to acceptable behavior from these premises. Those who disregard this warning are considered in violation of criminal trespass under South Carolina law and are liable for arrest and prosecution. Campus Police officers may serve verbal or written trespass notices to persons found to pose a threat to the community, at their discretion and may make immediate arrests of persons in secure areas for which they have no legitimate business. If a person served with a prior trespass notice reappears on campus or if a person is found in a posted facility with no legitimate purpose in that building, he or she is subject to immediate arrest.

During hours of darkness or when perimeter gates are closed and access to campus is restricted officers may stop vehicles that do not have properly displayed FMU decals. These stops are to ensure that persons accessing campus are here for a legitimate purpose such as, but not limited to, a student with a temporary vehicle or a guest of a student who can provide contact information for their host. If the stopped driver cannot provide a legitimate reason for being on campus he/she will be directed to leave and return during normal business hours.

Alcohol and Drug Prevention

The University recognizes, supports and enforces all laws related to alcohol and other drugs. The University does not offer

a safe haven from applicable laws of personal behavior. If you find someone who has had too much to drink, who is unconscious or unresponsive, contact Campus Police immediately for assistance. This person's welfare may be at stake and you need to obtain help quickly to avoid the person suffering serious health consequences or even death from overindulgence. A detailed explanation of the policies governing possession, use, and distribution of alcohol and other drugs at Francis Marion University can be found in the Francis Marion University Policies, Procedures and Sanctions for Alcohol and Other Drugs available in the Office of Student Life. It is permissible for persons of legal drinking age (21) to consume certain alcoholic beverages in their on-campus apartments only. No alcoholic beverages or alcoholic beverage containers are permitted in the residence halls or in any public areas of the University. South Carolina statutes prohibit certain activities regarding alcoholic beverages or drugs. Convictions for law violations could result in fines, loss of driver's license and imprisonment. Cases involving alcohol and drugs violations may impact a student's federal student aid eligibility. University sanctions could include penalties ranging from fines to suspension from the University. The FMU Board of Trustees has adopted a policy that permits the serving of beer or wine at certain University events, provided that prior approval has been obtained.

FMU is committed to reducing the illicit use of drugs and alcohol among students and employees. University police officers enforce all laws and University policies concerning the purchase, possession, consumption, sale and storage of alcoholic beverages and drugs, including, but not limited to, public intoxication, driving under the influence of alcohol or other drugs; purchase of alcoholic beverages on behalf of a minor, purchase or possession of alcoholic beverages by a person under 21; selling, giving or providing alcoholic beverages to a person under 21; presentation of false or improper identification in order to obtain alcoholic beverages; distribution, use or possession of drugs, controlled substances and drug paraphernalia; possessing an open container of an alcoholic beverage in a moving vehicle or in an area where such possession is prohibited; possession or distribution of any illegal drug, as defined by South Carolina law. These activities are prohibited in any building or on any property owned or operated by the University. Possession is defined to include any area or property for which the student is responsible.

Referrals are available for alcohol or drug problems for any student at FMU. Students can obtain more information about these programs by contacting the Vice President for Student Life (843-661-1182) or the Counseling Center (843-661-1840).

Campus Security Authority (CSA)

In addition to campus law enforcement at FMU, a Campus Security Authority (CSA) is an individual to whom students or employees can and should report criminal offenses or he/she is an official of the institution who has significant responsibility for student and campus activities. FMU CSA positions include Campus Police, the director of athletics, team coaches, and faculty advisers to recognized student groups; the Provost; the Vice President for Student Life; the Dean of Students; the Director of Housing; the Coordinators of Multicultural Affairs, Student Activities, International Students, Campus Recreation Services, and the University Center. Crimes can be reported to any CSA.

The CSA must provide statistical information on crimes reported to him/her for inclusion in the University's annual "Clery Act Report." A CSA is encouraged, but not required, to recommend that the person reporting the crime to him/her also report the incident to Campus Police. The final decision about reporting the specifics of any crime rests with the person making the report. Crime statistical information will also be requested from the Florence County Sheriff's Office and Florence Police Department.

Crime Prevention Efforts

The active cooperation and participation of all members of our community are essential in order to successfully combat crime. One of the most effective actions anyone can take to prevent crime is to quickly report anything that appears suspicious. Reports can be made to Campus Police or to any Campus Security Authority. Further information about campus safety can be obtained on the Campus Police website: <http://www.fmarion.edu/police/> or by calling 843-661-1109.

Through a cooperative effort between Campus Police, Residence Life, and the Counseling Center, programs on personal safety and security, rape prevention and response, date rape, substance abuse, self-defense and resistance to burglary, larceny and vandalism are available throughout the school year. Each fall, Campus Police, Facilities Management and Student Life staff conduct a safety and security campaign, distribute safety literature to each resident student and encourage all residents to attend hall meetings on personal safety.

Resident Assistants are encouraged to offer programs throughout the year to students in their areas on varying personal safety topics. Operation ID, a program that provides engraving and registration services for valuable personal property, is conducted once each semester in residence halls and is available on an ongoing basis through Campus Police.

The on-campus emergency number (843-661-1109) directly connects any phone with Campus Police and should be used when fire, police or medical response is required. You can also dial 911 and the information will be passed to Campus Police. Outdoor emergency call boxes located across campus provide one-button communication with Campus Police. From a non-campus phone, dial 843-661-1109. Any of these methods can be used to report suspicious incidents.

In addition to programming throughout the year, the University participates in National Collegiate Alcohol Awareness Week, a week devoted specifically to alcohol and substance abuse prevention. Through these awareness programs, members of the University community learn more about the University's efforts to enhance their safety and become aware of their own personal stake in their own security and that of others.

Your Individual Role in Crime Prevention

Although FMU works hard to ensure the safety of all individuals in the community, students and employees themselves must take responsibility for their own personal safety and that of their personal belongings. Everyone is encouraged to report crimes so an investigation can take place. The FMU Police Department encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Everyone is encouraged to report all crimes to ensure inclusion in the annual crime statistics and to aid in providing timely warning to the community,

when appropriate. Because police reports are public records under state law, the FMU Police Department cannot hold reports of crime in confidence. Confidential reports for the purpose of inclusion in the annual disclosure of crime statistics can generally be made to other Campus Security Authorities as listed above. As part of the University's educational mission, Campus Police attempts to advise community members on ways to reduce their chances of experiencing crime against themselves or their property.

The FMU crime prevention program is based on two concepts. First, eliminate or minimize, whenever possible, criminal opportunities. Second, encourage everyone to be responsible for their own security and the security of others. Simple, common-sense precautions are the most effective means of maintaining personal security. Some examples of these precautions include; students walking across campus or to parking lots at night, male or female, should consider dialing 843-661-1109 to use the Campus Police escort services particularly if they feel "something isn't right." Students living in residence halls should keep their room doors locked at all times and should never prop open room or external doors. Residents must escort their guests at all times. Any harassing or obscene phone calls should be reported to Campus Police at once.

Crime Reporting

A crime in progress, suspicious persons or activity or an emergency should be reported to Campus Police at our 24-hour number 843-661-1109 or by pushing the button on an emergency call box located throughout campus. Suspicious activity you may have witnessed and then justify to yourself as trivial may just be the last piece in the puzzle officers needed to solve the case. A number of crimes are solved because of the simple piece of information brought forward by a concerned citizen. Don't feel embarrassed that your information is trivial; following up on information is part of what we do. Give us the chance to check it out. If you should witness something, don't withhold the information. Call the police as soon as you have the chance. The faster we get the information and can react to it the more likely that the crime will be solved. Use the Campus Police "Silent Witness" web page at www.fmarion.edu/police/ to anonymously report anything suspicious. Information can also be reported to on duty Resident Assistants who assist residents after normal working hours. Off-campus crimes are reported to the Florence City Police (843-665-3191) or County Sheriff's office (843-669-3911). For any emergency, on or off campus, you can also dial 911.

Numerous efforts are made to advise community members about campus crime and crime related problems. You can find information through sources such as the University newspaper, The Patriot, which publishes a summary of criminal incidents; the Campus Police Web Pages or the Campus Police Open Crime Log.

Crime Victims' Rights

The South Carolina State Constitution lists the following Crime Victims' rights.

- The right to be informed of and present at all criminal

proceedings where the defendant has the right to be present.

- The right to be allowed to submit either a written or oral statement at all hearings affecting bonds or bails.
- The right to be heard at any proceeding involving a post arrest decision, a plea or sentencing.
- The right to be reasonably protected from the accused or persons acting on his behalf throughout the criminal justice process.

- The right to be informed of any proceedings involving post-conviction action or hearing and to be present at any hearing.
- The right to a reasonable disposition and prompt and final conclusion of the case.

Dating Violence

FMU is committed to providing on-campus security, education, training, and victim services to combat violence against all persons. "Dating violence" is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. The FMU Counseling Center offers support and counseling for individuals who have experienced dating violence. Support may be through individual or group counseling. Counseling is also available for friends and partners of people who have experienced this kind of violence.

A student victim of dating violence has the right, in addition to filing charges through the criminal justice system, to file a complaint with the Office of Student Life, relative to any acts of violence toward them or another committed by an FMU student. It does not matter whether the violence occurred on or off campus since the University reserves the right to hold students accountable for certain types of off-campus behavior. Disciplinary action will result if a student's behavior jeopardizes the educational atmosphere or mission of the institution. Examples of such off-campus behavior would include, but not be limited to, crimes of violence, sexual assault and/or alcohol or drug violations. Judicial response to referrals related to acts of dating violence can result in charges against the accused under the FMU Code of Student Conduct.

Emergency Plan

The University published an Emergency Plan that incorporates emergency response and evacuation policies and procedures for a variety of situations. Information in the Plan ranges from general guidelines for dealing with potential emergency situations to specific information on what to do for a variety of specific situations. The information is provided in an effort to better prepare all community members in the event of a natural or man-made emergency or disaster. The plan is reviewed periodically and is on the web at <http://www.fmarion.edu/police/>.

Fire Safety Practices and Standards

Fire safety and prevention is of paramount importance in a campus living environment, and the responsibility for this safety rests on each resident. Many of our students reside in 6 three story residence halls and 18 apartment buildings on the FMU campus. Each residence hall is equipped with a 24/7 monitored fire alarm system, fire sprinkler systems, smoke detectors, and portable fire extinguishers. The Village Apartments are equipped with local smoke detectors and portable fire extinguishers in each apartment. The Forest Villas Apartments are equipped with a 24/7 monitored fire alarm system, fire sprinkler systems, smoke detectors and portable fire extinguishers in the apartments and in the hallways. FMU is a smoke free campus meaning that smoking (including the use of electronic smoking devices) is prohibited on property owned/controlled by the University along with all vehicles the University owns, leases or controls.

For health and safety reasons, certain appliances and items may not be used or possessed in the residence halls. Appliances that may not be used in the residence halls include appliances with a heating element (e.g., coffee pot, hot plate, hot pot, cooking coils, George Foreman type grills, etc.). Cooking appliances such as stoves may only be used in the kitchen area of the Village and Forest Villas apartments. No grills, space heaters, or halogen lamps are authorized in Housing. No open flame or flammable liquid is permitted in the residential facilities (e.g., no oil lamps, candles, gasoline, or incense).

In accordance with the Fire Code adopted by the State of South Carolina mandatory fire drills will be conducted in residence facilities. Fire drills occurring in campus housing require that all residents completely and immediately evacuate the building. Failure to evacuate a building when a fire alarm sounds shall result in sanctions under the Student Code of Conduct. Treat any fire alarm activation as real; don't gamble that the alarm is false. In a fire the first rule is don't panic. Residents should become familiar with all emergency exits, fire alarm and extinguisher locations in their residence and in academic buildings. In the event of a fire, pull the nearest fire alarm to notify others, evacuate the building and call Campus Police to ensure the alarm was received. Evacuate into the parking lot away from the building in order to provide fire responders with sufficient space to operate in the event of an actual emergency.

Members of the campus community should report all fires to FMU PD at 843-661-1109 or in person at 4804 Patriot Drive. Federal law requires that a log be maintained for all fires occurring in campus housing and that this log be available for review during regular business hours. This log will be maintained at the Campus Police Department along with the Open Crime Log discussed previously.

Emergencies Involving Students

For emergencies involving students, Campus Police calls on the services of the Student Life staff, including the FMU Counseling Center as well as local coalitions when and where appropriate. The Victim/Witness Assistance Program is designed to lessen the impact of criminal acts on the victims and witnesses of crimes and to ensure that such individuals receive fair treatment while participating in the criminal justice system. Campus Police can outline what being a victim or witness can mean and the agencies

available to assist in criminal justice procedures.

Missing Student

If a member of the University community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify FMU PD at 843-661-1109. FMU PD will initiate an investigation and may generate a missing person report. Efforts will be made to locate the student to determine his or her state of health and well-being through the collaboration of Campus Police, Student Life and other offices on campus. FMU PD will secure authorization from University officials to make a welfare entry into the student's room. University officials will endeavor to determine the student's whereabouts through contact with friends, associates, and/or employers of the student. Whether or not the student has been attending classes, labs, recitals, and scheduled organizational or academic meetings, or appearing for scheduled work shifts, will be established. If the student is located, the student's state of health will be verified and an effort will be made to determine his/ her intention of returning to campus. When and where appropriate if the need is determined, a referral will be made to the Office of Counseling and Testing and/or Student Health Center.

After investigating the missing person report, should FMU PD determine that the student is missing and has been missing for more than 24 hours, FMU will notify the Florence County Sheriff's Office (FCSO) and the student's emergency contact no later than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated individual, FMU will notify the student's parent or legal guardian immediately after FMU PD has determined that the student has been missing for more than 24 hours.

All pertinent law enforcement agencies, neighboring municipal, county, or state; those located along suspected travel corridors; or place of original domicile, may be notified and requested to render assistance, through direct telephone contact or visit, and/or radio transmission with a comprehensive "be on the lookout" message based on the totality of up-to-date information. Upon closure of the investigation, all parties previously contacted will be advised of the status of the case.

In addition to registering an emergency contact, students residing in on-campus housing have the option to confidentially identify an individual to be contacted by FMU in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, FMU will notify that individual no later than 24 hours after the student is determined to be missing.

If the student is an off-campus resident, appropriate family members or associates are encouraged to make an official missing person report to the law enforcement agency with jurisdiction. The Campus Police will cooperate, aid, and assist the primary investigative agency in all ways prescribed by law. If the missing student is an on-campus resident Campus Police will open an investigation as the primary investigative unit.

Off Campus Residents

Off-campus housing includes apartments, private homes, individual rooms or apartments within private homes, and a small number of off-campus fraternity houses within a few miles of campus. Crime prevention programs emphasizing what they can

do to help themselves are available. Florence City Police, County Sheriff, or other local law enforcement respond to and investigate criminal incidents at off-campus residences.

While some student organizations maintain residences away from campus, the University neither officially recognizes nor endorses any residential facilities for students other than those owned by FMU. In those instances when the University is made aware that a student organization recognized by the University is using a residence exclusively for its members, efforts will be made to obtain information from the appropriate law enforcement agency and include the statistics from these locations in this report. The University reserves the right to charge an organization or individual with a violation of campus policy for off-campus infractions based upon sufficient evidence but does not provide supervision for off-campus housing.

Lost and Found

Lost and found property is normally returned to Campus Police for safekeeping. Inquiries about lost articles should be made to Campus Police at 843-661-1109. Notices about lost and found property may appear in the campus newspaper or through other avenues. Items abandoned for longer than 90 days will be disposed of through various means.

Open Crime Log

The University community is kept aware of reported incidents on campus through a Police crime log. Those wishing to view a hard copy of the most current information may view the crime log for the most recent 60 day period during normal business hours, usually Monday through Friday, 8:30 am until 5 pm. Portions of the log beyond 60 days, if not immediately available, will be made accessible within two business days of a request for public inspection. The log is open for review by anyone; however, it will not leave the premises.

Severe Weather

Hurricanes: If a hurricane warning is issued that affects FMU, an evacuation of the housing area and/ or University closing may be necessary. Plans are in place to evaluate all circumstances before an evacuation decision is made. Once evacuation is called for, Campus Police will coordinate efforts to notify campus residents to evacuate to the Smith University Center. After the storm, the Director of Facilities and the Chief of Campus Police will inspect the situation and determine if students can safely return to their residences.

Thunderstorms: Campus Police may notify the University community when severe thunderstorms are predicted and the weather becomes threatening. Normally, evacuation of buildings is not necessary but everyone should be aware of the dangers of going outside during this type of storm.

Tornadoes: Tornadoes can occur anywhere in the United States. Under a tornado Watch, conditions are favorable for tornado activity. Under a tornado Warning, a tornado has been sighted in our area. Campus Police may advise persons in University buildings and activate the campus wide siren. If you are in a

classroom and time allows, move to a lower floor and away from windows preferably near an inside wall. For maximum protection, remain inside the building. If in the residence facilities, move away from the windows to an inside wall. Remain calm.

Sexual Offenses*

Anyone can be the victim of sexual assault. When sexual assault occurs on campus, it is a flagrant violation of the University's standards of conduct. When the assailant is an acquaintance, a survivor often has mixed feelings concerning the incident and what to do about it. Besides feeling frightened, angry, hurt and ashamed, survivors can feel betrayed and even guilty for having "facilitated" the assault. In some cases, they do not even acknowledge that they have been assaulted until long after the incident has occurred. If you find yourself in an unwanted sexual situation, on a date or wherever, be assertive - say no. If you are told "no" when you make sexual advances, accept it. No means no!

Definition: Sexual assault is any actual or attempted non-consensual sexual activity including, but not limited to, intercourse, attempted intercourse, or sexual touching by a person known or unknown to the victim. Rape is an act of sexual intercourse with a person against his or her will and consent, whether one's will is overcome by force or fear resulting from the threat of force, or by drugs administered without consent, or when a person is unconscious, intoxicated or otherwise physically unable to communicate willingness. Having sexual relations with someone who is unable to give consent by being mentally incapacitated or unconscious (passed out) is rape.

Getting Assistance: Victims may be unsure of how to deal with the assault and can wonder what courses of action are available and appropriate. An unfortunate result of this insecurity is that many victims elect not to tell anyone about their ordeal and decline to seek the help they need - on a physical and emotional level - to deal with the terrible hurt they have suffered. All students, faculty and staff should be aware of both the consequences of sexual assault and the options available to the victim. Seeking assistance in connection with a sexual assault from the hospital, the police, the University or anyone else does not oblige you to take further action.

If a sexual offense should occur, the victim should: go to a safe place; contact a friend or family member; get prompt medical attention; call Campus Police if the incident occurred on campus; call the local police if it occurred off campus; tell someone all details you remember about the assault or write down all the details as soon as possible; keep the clothes worn during the offense. If you change your clothes, place these clothes in a paper bag and give them to the police. Do not shower, bathe, or douche; do not urinate, if possible; do not eat, drink liquids, smoke or brush teeth if oral contact took place; do not destroy the physical evidence that may be found in the vicinity of the crime. If the crime occurred in your place of residence, don't clean or straighten up until the police have had an opportunity to collect evidence.

When someone who was sexually assaulted comes to you, encourage him/her to seek medical attention, pursue counseling and report the incident. No victim should be allowed to suffer alone. If the victim does not wish to report the assault, anyone can

**The FRANCIS MARION UNIVERSITY SEXUAL MISCONDUCT (TITLE IX) POLICIES AND PROCEDURES, adopted August 14, 2015, supersedes all statements in this handbook concerning discrimination, harassment, sexual misconduct, and retaliation. The final edition of the 2023-24 FMU Student Handbook will incorporate all changes necessitated by the new policy.*

inform Campus Police. FMU will work closely with the victim and will assist in changing the victim's academic or living situations if the changes are requested and are reasonably available. Medical Attention: A victim of any sexual offense is encouraged to seek medical assistance. Even if the victim decides not to report the assault to the police, it is very important to seek medical attention immediately for possible internal injuries or sexually transmitted diseases. To keep all options available, the collection of medical evidence becomes critical in the event you choose, even later, to prosecute. At the emergency room, the doctor will collect samples: hair, semen, and other trace evidence. The hospital will collect the clothing worn during your assault so it is helpful to bring a change of clothes with you. Normally the Pee Dee Coalition against Domestic and Sexual Assault is called by the hospital. Their representative will come to the emergency room to assist the victim. Their services are free. Going to the hospital and having evidence collected does NOT obligate the victim to complete other actions. This simply keeps your options open until you decide how to proceed. Options include later choosing to pursue charges against the perpetrator criminally, through the University Disciplinary System, or both.

Counseling: Remember, sexual assault is a crime committed against you, not by you. Do not blame yourself. Emotional trauma is severe after a sexual assault. The violation, loss of trust, and loss of control can have serious long-term impact on the victim. It is not unusual for a person to feel guilty, distrustful or withdraw from others, particularly in an acquaintance rape. There are, however, trained persons, on- and off- campus, who can provide counseling and support during recovery. Agencies that may be of assistance to you on campus include: Counseling and Testing 843-661-1840; Campus Police 843-661-1109; Student Life 843-661-1182; Student Health Services 843-661-1843; and Human Resources 843-661-1140. Off-campus resources include: Pee Dee Coalition 24-hour Rape and Family Crisis Line 843-669-4600 or 1-800-273-1820; Pee Dee Mental Health 843-317-4073 and 1-800-808-4796; McLeod Regional Medical Center Family Practice Center 843-777-2800; McLeod Regional Medical Center Emergency Room 843-777-2027 or Carolinas Hospital System Emergency Room 843-674-5100.

Reporting to the Police: Following a sexual assault, victims are encouraged to make a report to campus or local police. Reporting the assault does not obligate prosecution, but it does make legal action possible if the decision to prosecute is made at a later date. The earlier an incident is reported, the easier it is to collect valuable evidence. Incidents may also be reported to the Title IX Coordinator, any FMU CSA or Title IX Responsible Employee, the Office of Counseling and Testing, or Student Health Services. If the suspect is a student, the student victim is encouraged to contact the Vice President for Student Life immediately. Campus Police officers will aid the victim in completing the report and contacting other agencies that can help. Off-campus incidents should be reported to the local police. If the assault happens in the city of Florence or in Florence County, contact the police/sheriff at 911. Student victims who wish anonymity are encouraged to call the Pee Dee Coalition 24-hour Rape and Family Crisis Line at 843-669-4600 or 1-800-273-1820 for help or advice. When a sexual offense is reported, the University will make every effort to see that the victim is offered medical and psychological care as well as information about prosecuting the suspect through both University disciplinary channels and the criminal justice system. Victims have the option

of keeping their report of sexual assault in complete confidence, protecting their right to anonymity, when making a report through the University's Counseling and Testing Center.

The Campus Police Department believes a victim deserves the right to a professional investigation. Victims are often confused about how to deal with their trauma. Reporting the assault to the police and obtaining medical attention are not synonymous with criminal prosecution. The victim retains the right not to pursue prosecution even if these steps are taken. Even if the victim decides not to pursue charges, reporting the assault is a step in regaining a sense of personal control. Providing information about the assault may help someone else avoid becoming a victim. If the offender does repeat, you may change your mind about pressing charges. If you are a victim, Campus Police will aid you in arranging for medical care, contacting counseling and other available resources. We will meet with you privately, at a place you choose to take a report and will do our best to meet your request to speak to a male or female officer. We will treat you and your case with sensitivity, and professionalism and continue to be available to you to answer questions, and explain the processes involved. We will investigate your case perhaps leading to arrest and prosecution of a suspect. Finally, we will keep you up-to-date on the progress of the investigation or prosecution and your rights and options.

Campus Judicial Proceedings: University judicial action, criminal prosecution, and civil suit are all options available to sexual assault victims. To begin University judicial action, the victim should contact Student Life and report the assault with a request that the vice president for Student Life bring charges on behalf of the University. The victim may request only to receive medical and/or psychological assistance. If the student/victim does not wish any official action, that is her/his choice. Reports will be included anonymously in statistics required by the Jeanne Clery Disclosure of Campus Security.

Policy and Campus Crime Statistics

Students accused of sexual offenses may be charged with violating FMU's Standards of Conduct. The victim is afforded special rights if the suspect is a student. The accuser and the accused are entitled to have others present during a campus disciplinary hearing. If the accused also faces criminal prosecution he/she may have the right to the presence of an attorney. If he/she chooses that option, the victim may also have an attorney present. Both the accused and the accuser are notified of the results of the campus disciplinary proceeding brought as a result of the charges. The victim is allowed to make a "victim impact statement" as part of the hearing process.

If criminal charges are pressed and the suspect found guilty, University discipline will be in line with the conviction. If charges are not pressed but the victim identifies the assailant, disciplinary action will be in line with the severity of the offense upon completion of the investigation and substantiation. Possible University disciplinary action may be, but is not limited to: a student perpetrator living on campus may be fined, dismissed from housing, or from the University. A student perpetrator living off campus may be fined or dismissed from the University. For a faculty or staff perpetrator, disciplinary action may include termination. There are a number of proactive measures you can take to minimize the potential for becoming a victim. Report suspicious persons to Campus Police. Let others know where you are going

and when you will return. Avoid working, studying or being alone in buildings or isolated areas. If you “feel” uncomfortable - trust your feelings - contact Campus Police to be accompanied to your destination. Know where emergency call boxes are throughout the campus. Be cautious dating someone you don’t know well; get information about that person from a mutual acquaintance or try to arrange a double date or group activity. Remember that leaving a party or other social event with someone you have just met can be dangerous. Avoid excessive use of alcohol; most acquaintance rapes involve drug or alcohol use by one or both parties. Men and women should avoid excessive alcohol in dating situations. Don’t have your good judgment impaired. Do not use illicit drugs or improperly use prescription drugs; they can interfere with clear thinking and clear communication. Know your sexual desires and limitations. Communicate them clearly. Finally, walk with confidence and alertness. Assaults are less likely to target a person who appears assertive and difficult to intimidate.

Prevention, intervention and education programs specifically addressing rape, acquaintance rape and other sexual offenses are sponsored by a variety of organizations at FMU throughout the year. Programs on sexual assault occur in residence halls and the topic is addressed at freshman Orientation. The University sponsors a number of education and awareness programs regarding sexual assault. Information sessions are included in workshops such as Health Education Day, Mini-Student Health Fair, Resident Assistant and Residence Life Training, and other educational programs. For more information on these programs, contact Student Life.

Sex Offender Registry and Access to Related Information

In accordance with the “Campus Sex Crimes Prevention Act” of 2000, which amends the Jacob Wetterling Crimes against Children and Sexually Violent Offender Registration Act, the Clery Act, and the Family Educational Rights and Privacy Act of 1974, FMU provides information about the link to the South Carolina Sex Offender Registry. The Act requires institutions of higher education to advise the campus community where law enforcement information provided by a State concerning sex offenders can be obtained. The Act also requires sex offenders already required to register in a state to provide notice to each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student. In South Carolina sex offenders must register at the County Sheriff’s Office for the site maintained by the State Law Enforcement Division (SLED). The web address for the SLED state Sex Offender Registry is: <http://www.sled.sc.gov/> and allows you to search for offenders by name, city, county, or zip code. The information available includes the offender’s name; sex, race, age, date of birth, height, weight, eye, hair and skin color; last reported address, any scars, marks or tattoos, aliases used; the date of conviction, the Statute violated; if the offender is a predator; and a photograph if available. Information on sex offenders across the nation can be obtained through the US Department of Justice National Sex Offender Public Registry at <http://www.nsopr.gov/>. This site will also allow you to access the S.C. SLED site along with sites from a host of other states. The Florence County Sheriff’s Office has launched the “Offender Watch” sex offender website to provide additional information about registered sex offenders in the local area. You can access this site at: www.fcso.org.

Registry information provided under law shall be used for the purposes of the administration of criminal justice, for the

screening of current or prospective employees or volunteers or otherwise for the protection of the public in general and children in particular. Use of the information for purposes not authorized by law is prohibited and a willful violation with the intent to harass or intimidate another can result in prosecution. The FMU Housing contract states that the University reserves the right to refuse a student’s being admitted to or remaining in housing if the student fails to meet University requirements or to adhere properly to University policies or regulations.

Traffic Regulations

The following information is extracted from the FMU Traffic Regulations, which can be obtained from Campus Police or is available from the Campus Police website; www.fmarion.edu/about/police. For any specific concern or question, see *the Traffic Regulations Manual*.

Coming to Francis Marion University is fun and exciting, but parking can be a challenge, especially when the University is in session and you are trying to park immediately adjacent to a particular building. However, planning ahead can alleviate many problems frequently encountered when trying to locate a parking space on campus.

These regulations repeal and supersede all prior Traffic Codes/Regulations at Francis Marion University. The operation of motor vehicles on campus is a privilege granted by the Board of Trustees of Francis Marion University. The privilege is extended to faculty, staff, students and visitors to the campus. Failure to adhere to these regulations as well as the laws of the state may result in a warning or citation and may result in the loss of parking or driving privileges on the FMU campus. All South Carolina statutory laws apply on University property at all times. The University reserves the right to protect the safety and wellbeing of the campus community. Students must be aware that violations of these traffic regulations are also violations of the University’s Standards of Conduct; they may be held accountable under both.

Because of its status as primarily a commuter University and because there are no restrictions on the bringing of motor vehicles to campus by community members, Francis Marion University has an unusually high ratio of automobiles to students. These regulations have been designed by the Traffic Committee to provide maximum use of existing facilities and to insure safe movement of pedestrian and vehicle traffic. These regulations apply at all times.

Application: All students, faculty, staff, active alumni, and visitors who own or drive a motor vehicle on the campus of Francis Marion University are subject to the motor vehicle laws of the state of South Carolina and University regulations. Each student, faculty, staff, or active alumni member must agree to comply with the rules and regulations set forth herein. The University reserves the right to withdraw motor vehicle privileges, parking or driving, from any person at any time for cause. These regulations apply to the drivers, owners or registrants of all motor vehicles on the Francis Marion University campus and are enforced by the Campus Police 24 hours every day, unless otherwise provided in these regulations. The person registering the vehicle or, for unregistered vehicles, the owner is responsible for all citations issued against the vehicle. Vehicles that are cited for being parked illegally on campus and/or vehicles that do not display a campus registration decal will be checked by license plate numbers through the appropriate State Department of Motor Vehicles. If the license check returns

a registered owner with no affiliation to a campus community member the citation will be listed against the registered owner. If a match to a campus community member (faculty, student, staff, alumni, etc.) can be made by name and address then the campus community member will be listed as responsible for the citation. The University reserves the right to protect the safety and well being of the members of the campus community. Students must be aware that in those cases where violations of the traffic regulation are also violations of the Student Code of Conduct they may be held accountable under both.

Speed Limits: The speed limit is **10 MPH** in parking lots, parking areas and when approaching or passing pedestrians. The speed limit on all campus streets is **20 MPH** unless otherwise posted. These are maximum limits on campus. No person shall operate a motor vehicle at a speed greater than is reasonable and prudent under the actual and potential hazards then existing, even where the posted speed limit may be faster.

Pedestrian Right-of-Way: Pedestrians have the right of way at all times, whether or not in marked crosswalks. Vehicles must always yield to pedestrians. Pedestrians on campus must obey applicable state laws and traffic control signals. No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a motor vehicle which is so close as to constitute an immediate hazard.

Campus Vehicle Registration: FMU campus registration is required for every vehicle driven on campus by a member of the campus community. Vehicles should be parked so that the campus decal is clearly visible. Head in parking is recommended and encouraged. Students obtain permanent registration decals at the current approved rate from the Cashier's Office in Stokes Administration Building. Students must obtain a numbered parking decal for a vehicle registered in the student's name or parent's name or relative's name or legal guardian's name being used on campus. Permits are valid from the date of issue until Aug. 31 as indicated on the decal. All vehicles must be currently registered by that date or citations may be issued. Campus Housing Resident decals are on a white background and will display a four digit number, the letter "R" and the current year. Commuter student decals have a blue background and will display a four digit number and current year. Students who change status (resident to commuter or vice versa) must exchange decals at no cost. In order to obtain a free replacement decal the old decal or its pieces must be returned to the Cashier's Office. Parking decals must be displayed on the registered vehicle immediately after obtaining the registration decal. On a standard motor vehicle there are two authorized display locations for the FMU parking decal. Using the supplied adhesive decals may be permanently attached to the registered vehicle's left rear bumper OR permanently attached to the registered vehicle's exterior bottom left rear window glass. On mopeds, motorcycles and motor scooters the registration decal must be displayed in the most prominent place and must be clearly visible from the rear. The entire parking decal identification number must be legible and visible at all times. Parking permits will not be honored unless displayed correctly.

Parking permits are not transferable from one vehicle to another or from one person to another. When a parking permit is issued to an individual, that person is responsible and accountable for that permit. He/she is responsible for all non-moving violations involving the vehicle he/she registered; regardless of who was

operating it. If another operator of the registered vehicle comes forward to claim the non-moving violation, he/she will be held accountable for it.

If your permit is lost or stolen, you must notify Campus Police to avoid responsibility for violations. If you change vehicles during the year or if you change status (i.e. commuter student moves into campus housing), bring the decal or its pieces to the Cashier's Office to obtain a replacement. Failure to exchange the decal subjects the registrant to traffic tickets and fines. The Cashier's Office will reissue a replacement parking decal to a vehicle that is registered in accordance with established procedures; however, replacement charges may apply. Should a permit become damaged or mutilated a new permit must be obtained. Bring in the damaged decal to obtain a replacement free of charge. If you fail to return the damaged decal replacement charges will apply.

If a decal is stolen, contact Campus Police to file a report. Campus Police will issue a replacement for the reportedly stolen decal and annotate their computer system that the decal is stolen. Should the decal be discovered on another vehicle a charge of Possession of Stolen Property may be levied.

If your vehicle is involved in an accident and your decal destroyed, contact Campus Police with a copy of the Vehicle Accident Report. Campus Police can issue a replacement decal if it can be determined that the current decal is no longer active.

Parking: Parking is defined as the standing of a motor vehicle, whether occupied or not. Parking must conform to the restrictions outlined in these regulations. Authorized parking areas are designated by the traffic regulation and shown on campus maps. Parking is only authorized in marked parking spaces. Authorized parking spaces incorporate white or yellow lines on both sides of a legally parked vehicle. The lack of an available parking space is not an excuse to violate University parking regulations. The fact that a person parks in violation of any law or regulation and does not receive a citation does not mean that the law or regulation is no longer in effect and does not justify illegal parking. If you are unsure about anything involving parking please contact Campus Police at 843-661-1109.

Reserved Parking Areas: Certain parking areas, designated by official signs, road or curb markings, are reserved for individuals with disabilities, visitors, faculty, or staff. Otherwise, parking is open and unreserved. No member of the campus community may park in any space marked as "visitor". Those displaying an alumni parking permit may park in any open unreserved parking space.

Persons wishing to park near a University building to load/unload must inform Campus Police at extension 1109 prior to illegally parking. Permission will not be granted or will be rescinded if the motor vehicle is parked in a manner that obstructs a fire lane, impedes vehicular or pedestrian traffic, or is parked in any other unsafe manner. Failure to notify Campus Police may result in a traffic ticket and/or towing of the vehicle. Service and delivery vehicles may park in loading zones in accordance with the official performance of their duties.

Temporary Parking Permits: You must have a vehicle registered with FMU for the current year to get a Temporary Permit for a vehicle registered in your name or a relative's name. You can't permanently or temporarily register a friend's vehicle. If your campus registered vehicle is unavailable because it breaks down or was in an accident, you can get a temporary permit good for up to 10 days. You are limited to two temporary decals per semester.

If your permanently registered vehicle is out of service for an extended period of time (i.e. longer than 20 consecutive days) you should remove the old decal from your vehicle and reregister a replacement vehicle at no charge. Once your regularly registered vehicle is again operational you can reverse the process. Only under unusual circumstances would a community member be able to obtain a temporary decal for a replacement vehicle when his/her permanently registered vehicle is functional. If you come in late at night or on a weekend, call 1109 and an officer will meet you to issue a Temporary Permit. Handwritten notes will not be honored.

Visitor Parking: Permanent registration is not required for visitors. However visitors should park in the appropriately marked visitor spaces or in any open unreserved parking space. Campus community members (students, faculty, or staff) are not considered visitors and must not park in visitor spaces.

Housing Guest Parking: Vehicles belonging to visitors/guests of housing residents are considered non registered vehicles. From 2 am-6 am in any Housing lots east of the Fine Arts Center (i.e. Lots F, G, and H and the parking areas around the apartments) non-registered vehicles may be cited for improper parking. Family members, friends, nonstudents, and commuter students visiting any housing resident must obtain prior approval from Housing personnel through the use of the Overnight Guest Visitation Form. A copy of the Overnight Guest Visitation form acts as a temporary vehicle registration for the duration of the visit and must be displayed on the front dash of the guest's vehicle. Handwritten notes will not be accepted or honored. Guests should park in regular open parking spaces.

Study Hall Parking: On-campus parking in the Housing area is restricted to "RESIDENTS ONLY." Off-campus students, staff, faculty, visitors, and active alumni members using the Study Hall during the restricted hours (2 am-6 am) must contact Campus Police at 1109. Failure to notify Campus Police may result in a traffic citation. Between 5 pm and 8 am parking lots and spaces not otherwise marked or reserved are available on a first-come first-served basis. Examples of spaces that always remain reserved are handicap, EMS, Ambulance or timed loading/unloading spaces. This list is not all-inclusive and if in doubt the driver should contact Campus Police and inquire before parking.

Motorcycle Parking: Concrete motorcycle parking pads are located in parking lots A, C, H, and in housing and should be used for parking these vehicles. Motorcycles may park in marked parking spaces, only one unit per space, as any other vehicle. Motorcycles, motor scooters and mopeds may NOT be stored in buildings, or parked in breezeways, under stairs, or next to buildings on campus. Vehicles in these locations will be removed and impounded.

Parking for Individuals with Disabilities: Signs and/ or pavement markings incorporating the international disability access symbol mark accessible parking areas reserved for individuals with disabilities. Obstructing access to a parking area reserved for individuals with disabilities is prohibited. Vehicles displaying an official disability access license plate, permit or placard are the only vehicles authorized to park in these areas provided the person to whom the plate, permit or placard was issued is in/with the vehicle. Vehicles parked in spaces reserved for individuals with disabilities are required to prominently display a valid disability access parking placard or license plate issued by a state highway department. In addition to spaces specifically reserved for disability access in most parking lots, any vehicle displaying a valid state issued disability

access permit may park in any marked parking space in accordance with state statute §56-3-1960, Free Parking. Persons with temporary impairments may obtain a time-limited disability access parking permit issued at the Office of Counseling and Testing. Temporary special parking permits may be obtained at no cost if the vehicle is currently FMU registered. Contact Counseling and Testing for further information about requirements for issue of this temporary placard. A current FMU registration decal is required in addition to a disability access-parking placard when parked in accessible parking spaces. All students must obtain a resident or commuter student permanent decal before a temporary disability access parking permit will be issued. A campus issued permit can only be used to park in on- campus spaces. Only state issued placards/ plates permit parking in off-campus disabled parking spaces.

Move In/Out: During move in and out, selected emergency gates leading into the Village Apartment area may be opened at the direction of the Housing and Residence Life staff. Students may pull up into these access lanes and park closer to assigned apartments.

Vehicles must be parked with two wheels on the same side of the vehicle on the pavement (i.e. road surface). Vehicles may NOT be parked with all wheels on the grass (i.e. not right up to the apartment door). Forest Villas Apartments emergency bollards may be lowered for moving at the direction of the Housing and Residence Life staff. Due to the limited number of emergency access points, no emergency gates will be opened in the Residence Hall area.

No Parking Areas: Stopping or parking is prohibited, except in compliance with a traffic order, in any of the following areas: on streets or driving lanes where parking spaces are not marked; on a sidewalk; on a pedestrian crosswalk; in or in front of a public driveway; within 20 feet of an intersection, unless marked for parking; within 15 feet of a fire hydrant; on the grass, or other non-paved surface, unless specifically authorized to do so by a Campus Police Officer; where prohibited by official signs; on or over yellow or white lines which mark parking spaces or lanes; in front of a dumpster; in front of any emergency gate traffic bollards or in a fire lane under any circumstances.

Enforcement: It shall be the responsibility of the Campus Police to enforce all regulations set forth herein along with South Carolina statutes. Violations of campus traffic regulations may result in the issuance of a FMU Traffic Ticket. The fine associated with the FMU ticket or the appeal as to the validity of the ticket will be handled through the campus (i.e. fines are paid or violations appealed at the Cashier's Office). The FMU Traffic Ticket does NOT result in any points against the operator's driver's license. Violations of state statutes may result in the issuance of a Uniform Traffic Ticket. Fines for these tickets are paid at and court appearances regarding the ticket occur through the Florence County Magistrates Court. The Uniform Traffic Ticket can result in traffic point assessment against your driver's license. Downtown Florence parking is regulated in accordance with city and state parking regulations by the Florence Police Department. Any parking citations issued by the City of Florence are heard within the City Court system. These particular citations cannot be appealed to the University Traffic Committee. Any person who operates or parks a motor vehicle on campus shall obey any official traffic sign or other control device properly placed in accordance with the provisions of this regulation except when otherwise directed by a Campus Police Officer actively engaged in directing traffic on campus. Whenever a particular section of this

regulation does not state that signs are required, such section is effective without signs being provided. No person shall, without lawful authority, attempt to, or in fact alter, deface, injure, knock down, or remove any official traffic sign or device, or inscription shield, or insignia thereon, or any part thereof. Francis Marion University, its officers and employees shall have no liability for the care and/or protection of and assume no responsibility for damage to or loss of any vehicle or its contents at any time while it is operated or parked on campus. It is recommended that valuables not be left in unoccupied vehicles at any time and that vehicles be locked when not in use. Thefts or damages that occur should be reported to the Campus Police 843-661-1109. After 5:00 pm, Monday through Friday, and on weekends all marked parking spaces throughout campus revert to open parking except those set aside for short-term loading/unloading or for disabled persons. Limitations on parking in Housing between 2 am - 6 am remain in effect at all times.

Violations and Penalties: An FMU Traffic Ticket is a notice of violation of this regulation and notice of the right to appeal the citation. Payment or appeal must take place within fourteen (14) calendar days of the ticket issue date. The operator, owner or the person who registered the motor vehicle on campus is responsible for all non-moving violations incurred by the vehicle. Penalties may be in accordance with state statute, the Student Code of Conduct, the traffic regulation or any combination. Violators may be liable for both traffic fines and sanctions imposed under the campus judicial system. Campus Police Officers will issue the State Uniform Traffic Ticket or FMU traffic ticket or warning notice for violation of traffic regulations in accordance with applicable S.C. Code of Laws and FMU regulations. Fines for campus traffic regulation violations range from \$50.00 for improper parking in a disabled space to \$5.00 for improperly displaying a campus parking decal. The majority of fines are \$15.00. A complete list can be found in the Traffic Regulations Manual.

Any person cited waives the right to appeal the ticket by paying the assessed penalty within the 14 calendar day limit. Fines must be paid at the Cashier's Office. Three unpaid fines may result in revocation of campus driving privileges and immobilization or impoundment

of the vehicle. Students who fail to pay his/her financial obligation to the University before the end of the semester may not be allowed to register for future semesters or secure a transcript of records until the obligation has been cleared.

Delinquent Violations: Persons who fail to pay the penalty assessed or who fail to initiate the appeal process within **14 calendar days** after the date of the traffic ticket have waived any right to appeal the citation. Persons with one or more past due parking citations (citations which have not been paid or appealed within **14 calendar days** of the date of violation) may not register a vehicle to park on campus until all past due penalties are paid. Persons/vehicles with three or more past due parking citations, may be prohibited from parking on campus. Immobilization or impoundment of the vehicle is also possible.

Immobilizing, Removing and Impounding Vehicles: In addition to any other remedy herein provided, Francis Marion University may immobilize, tow, impound and store at the owner's expense and risk any vehicle: that is parked illegally; that is presumed abandoned; that impedes vehicle or pedestrian traffic; that impedes or obstructs the movement or operation of emergency equipment; that is parked in a fire lane or by a fire hydrant; that is not properly registered to include proper license plates and current decal or permit; that is left parked in excess of 48 hours, regardless of how or where, that is parked in such a manner as to constitute a serious hazard to vehicular or pedestrian traffic; that obstructs the collections of trash at established locations, which the owner/driver continues to park on University property after receiving at least three citations in a 12 month period. An immobilization fee of **\$15** will be assessed on a Traffic Ticket and this fee **cannot** be appealed. Owners should contact Campus Police at 843-661-1109 to find out if the vehicle has been towed. Transportation to the wrecker service location will not be provided. Motor vehicles that have been towed and impounded will not be released until all unpaid parking citations are cleared at the Cashier's Office. The vehicle owner or operator is responsible for paying any towing and storage fees to the individual towing company. Motor vehicles impounded and not claimed may be disposed of in accordance with state statutes.

Accidents: Any motor vehicle accident resulting in death, personal injury or property damage shall require the operator to report such accident to the Campus Police and to comply with South Carolina law regarding motor vehicle accidents. The Campus Police will handle any charges resulting from the accident. Depending on the severity of the accident, assistance may be sought from off campus law enforcement such as the S.C. Highway Patrol.

Traffic Barricades: No person, other than those who by the nature of their functions are required to do so, shall operate any motor vehicle in or upon any area of the campus that is closed by the use of barricades, gates, bollards, or other traffic control devices.

Vehicle Breakdown: In the event a vehicle breaks down or runs out of gasoline while on campus, all reasonable steps should be taken to move the vehicle from the street or other hazardous position to a parking space. In the event that the vehicle must be parked illegally to await repairs or gasoline, Campus Police must be notified immediately. Campus Police officers can aid with minor vehicle problems such as dead battery or keys locked in the car. Campus Police can assist motorists in finding mechanical assistance for more extensive problems. Persons, who must park in an unauthorized parking area due to a mechanical failure, may

obtain temporary permission from the Campus Police. Permission will not be granted, or will be rescinded, if the motor vehicle is parked in a manner that obstructs a fire lane, impedes vehicular or pedestrian traffic, or is parked in any other unsafe manner.

Non-motorized Vehicles and Motorcycles: Francis Marion University recognizes non-motorized vehicles or human powered transportation devices are important and legitimate means of transportation and may be operated on campus sidewalks and paths provided they are used solely as a means of transportation and not for prohibited purposes. This section applies to such things as bicycles, unicycles, skateboards, skates and similar items. These items must be operated with due regard and concern for the safety of the general public. Non-motorized vehicles may be operated on campus sidewalks and paths provided they are used solely as a means of transportation and not for purposes prohibited by statute or by this regulation. Pedestrians in all locations designated for pedestrian traffic shall have the right-of-way over non-motorized vehicles and human powered devices. State law governs non-motorized cycles. The cyclist has a right to use the streets and highways just as a motorist. However, the relative size of the cycle and the lack of safety devices make it extremely important that cycles be operated within the letter of the law. Cycles and cyclists shall in all respects comply with applicable state laws and regulations, including but not limited to turn signals, lighting, brakes, lane changing, etc. Bicycles may be operated on sidewalks but must yield to pedestrians and must be operated in such a manner so as not to cause a traffic hazard. Bicycles must be parked/secured in the bicycle racks provided throughout campus. Driving or storing of bicycles inside residences or buildings is prohibited. Chaining or storing bicycles to objects other than authorized bicycle racks is prohibited. Bicycles found improperly parked or secured to inappropriate objects (e.g. light poles, handrails, doors, etc.) may be removed and impounded by Campus Police. Bicycles should be registered with Campus Police, in person or through the Campus Police web pages. In the event of theft of a bicycle, the registration number will aid an investigation. Motorcycle parking pads are the authorized parking location for these vehicles. Motorcycles may not park in any area except those areas specifically designated for their use. There are motorcycle pads in parking lots A, B, C, H and in housing. Motorcycles, motor scooters and mopeds may NOT be stored in buildings, or parked in breezeways under stairs or next to buildings on campus. Vehicles in these locations will be removed and impounded.

Non-motorized Vehicles prohibited activities include: Any acrobatic maneuver, stunt, trick riding, speed run, or other movement designed to display or demonstrate the operator's physical ability to manipulate the non-motorized vehicle, cycles or skates is prohibited on University property. Motorcycles, motor scooters, mopeds, bicycles, skates, skateboards and other similar means of transportation will NOT be operated within buildings or on the patio/breezeway/ramp areas of any campus buildings. Bicycles, skates, and skateboards may be operated on sidewalks provided the operator yields to pedestrians. The operators of non-motorized vehicles are responsible for controlling the speed of such device so as not to endanger any pedestrian. Any campus community member or person connected to the University violating the provisions of this regulation will be issued a campus Traffic Ticket charged with "Other Moving Violation" and fined \$15. Additionally, the violation shall be reported to appropriate

authorities for administrative action as deemed appropriate.

Access Phones/Emergency Call Boxes: Francis Marion University has in place at a number of locations Emergency Communications devices that provide immediate contact with Campus Police officers twenty- four (24) hours per day. If you have a vehicle problem or if you need help in an emergency contact Campus Police by using one of these call boxes. Refer to a campus map for the locations of these devices.

Appeals and University Traffic Committee: Members of the Traffic Committee serve a term of one year. The Committee shall consist of representatives from faculty, staff and/or students. The committee members elect the committee chairman. The Chief of Campus Police, or his/her designee, serves on the Committee as a nonvoting adviser. This committee operates as an advisory group to the President. Recommendations are made regarding traffic control, parking, vehicle registration, violations and penalties. All recommendations are subject to the final approval of the President. The decision of the Traffic Committee on traffic ticket appeals is final. The Traffic Committee has the authority to review violations to determine whether an infraction has been committed. It also has the authority, upon review, to reduce any violation if applicable or to void any ticket where a violation of the regulations is not shown. The Traffic Committee may revoke the privilege of driving or parking on campus of any individual who grossly or repeatedly violates the traffic regulations. If privileges are revoked, subsequent operations on campus will result in charges and fines. Campus Traffic Ticket Appeals: Any person feeling that his/her vehicle has been unjustly ticketed may file a written Traffic Appeal. Appeals must be received within fourteen calendar (14) days after issuance of the ticket or the right to appeal is forfeited. Only one appeal will be allowed per citation. The person actually in control of and/or operating the vehicle at the time it was cited must submit the appeal. The person receiving the citation will present his or her case to the committee by written explanation or may choose to augment the written appeal in person. Appeal forms are available at the Cashier's Office in Stokes Administration Building or the appeal form may be completed on the Campus Police web page, <http://www.fmarion.edu/about/police>. The appellant need not appear if he or she does not desire to do so. If you commit yourself to appearing in person and fail to appear, then the written appeal will be reviewed by the committee and used to make a determination. A letter indicating the final decision of the Committee will be sent to the address listed by the appellant on the appeal. If the appeal is sustained, the appellant will be notified and no further action is required. If the appeal is denied, payment of the fine must be received by the time limit outlined in the letter, or the fine imposed will double.

During vacation periods, between semesters, during the summer semesters and during periods in which the Traffic Committee is not able to convene, the Committee Chairperson or his/her designee may review all appeal cases in lieu of a full committee meeting. He/she may also call an ad hoc Committee or implement other procedures which may be necessary at the time in the interests of concluding the appeals review process. All who habitually or flagrantly disregard these regulations may be subject to disciplinary action and/or revoked parking privileges. People who continue to park on Francis Marion University property after their privileges have been revoked will have their vehicles towed away at their own expense.

Vehicle Trouble:

Officers have equipment to attempt to jump-start or unlock vehicles; however, they make no guarantee of success. This service is **FREE** but only available on and immediately adjacent to campus. If you have a problem call 843-661-1109, use an emergency call box or stop by the Campus Police office for help.

Firearms and dangerous weapons of any type are not permitted in campus housing facilities, while on University-owned or -controlled property, University-sponsored or -supervised activities, or other University facilities, except when carried by law enforcement officers within their jurisdiction. The possession and/or use of firearms (handguns, rifles, shotguns) on campus is prohibited under state law. Violations can result in arrest. Intentional use, possession or sale of firearms or other dangerous weapons by students on campus is strictly forbidden and is a violation of University policy and state law. Violations can result in arrest and confiscation and/or destruction of the prohibited item. Other weapons prohibited on campus include BB guns, pellet guns, air guns, blow guns, paintball guns, sling shots or other projectile weapons; hatchets, knives (with blades 2" or longer) or other edged weapons; bows/arrows, explosives, and fireworks, chemical components expelled in a reckless manner, impact weapons such as batons, nunchucks, slap jacks, brass knuckles or martial arts type weapons; electrical shock devices (i.e. stun guns or Taser); dangerous/ noxious chemical mixtures, incendiary devices, propelled missiles or other dangerous substances. Approval for temporary possession or use of certain types of weapons in extremely limited and specific situations is considered on a case-by-case basis.

The office strives to maintain positive town and gown relations and works with the corporate community, local chambers of commerce, civic organizations, and state and local government agencies on projects designed for the betterment of the University and the region it serves. The office plans and coordinates special events designed to increase the visibility of the University.

In order to coordinate the flow of information, the office has established uniform procedures in preparing and releasing statements and news releases so that the media will receive an organized flow of information that is consistent in style, quality and content.

Therefore, the planning, research, writing, and distribution of news stories, University statements, public service announcements, feature articles, and other informational materials (including photographs) released to the media should be centralized and coordinated by the Office of University Communications.

The office is a source for media representatives looking for faculty, staff and students to be sources of information for news stories. University Communications staff members often coordinate faculty, staff, and student interviews in instances of direct media contact.

FRANCIS MARION UNIVERSITY HONOR CODE

Statement of Honor

Upon becoming a member of the Francis Marion University Community, students are expected to behave with honor and integrity in a manner that reflects the values of the institution. Students must interact in a civil manner, both in and out of the classroom, treating all persons and property with respect. Upon enrollment at Francis Marion University, students pledge not to lie, cheat, or steal. They also pledge not to violate the FMU Honor Code or any civil/criminal laws. Inasmuch as honor and integrity serve to define one's character, the university community expects that students will not tolerate the aforementioned behaviors in others and will exhibit reasonable judgment in reporting students who violate the FMU Honor Code.

The Honor Pledge

"As a student at Francis Marion University, I pledge to obey the FMU Honor Code and civil and criminal laws. I pledge not to lie, cheat, or steal. I will encourage others to respect the Honor Code and will exhibit reasonable judgment in reporting students who violate it."

Philosophy and Purpose

The FMU Honor Code consists of academic and student conduct sections and contains the expectations, policies, and procedures that apply to all Francis Marion University students. These sections

are designed to support the educational mission of the University, to protect the University community from disruption and harm, and to maintain appropriate standards of individual and group behavior. The sections should be read broadly and are not intended to define misconduct in exhaustive terms.

Authority of the University

The University reserves the right to take all necessary and appropriate steps to protect the safety and well being of the campus community. Any act committed by a student, whether on or off campus, which is determined by the University to be a threat to the safety or well-being of the community or which is disruptive to the primary purposes of the University may result in the University taking action in accordance with community standards. Student, for the purpose of this policy, is defined to mean a person enrolled for one or more hours of academic credit, or in a non-credit course or courses offered in the name of the University; or a person admitted or seeking admission to the University if action is related to University admission, function, or event. Violations by non-students may result in restricted access to campus or University events. Non-students are expected to abide by these policies as well. It is the responsibility of the student host of the nonstudent to make his or her guest aware of these behavioral expectations.

Benefits of the Honor Code

- Creates a supportive peer environment that affirms honesty and discourages cheating
- Creates pride in belonging to a community with strong values and standards
- Promotes student ownership and responsibility in an atmosphere of mutual trust
- Promotes responsibility and civility among students
- Supports systems within the University and ties the campus community together
- Lasts beyond graduation, encouraging a lifelong adherence to the Honor Code
- Instills community trust in students and graduates of the University

Civility in the Classroom

The classroom is an integral component of the educational community, and FMU strives to provide an environment appropriate to the University setting. Students are expected to interact in a civil manner, treating all persons with respect, and to adhere to behavioral standards contained in the respective course syllabi. Disruption of classroom instruction by students is not tolerated and will result in the removal of the disruptive student or students from class. Disruptive or uncivil behavior in the classroom may result in appropriate disciplinary action, which could include suspension, expulsion, or other University sanctions.

Reporting of Violations

Students may report possible Academic Conduct violations to the instructor in question, the appropriate Department Chair or Dean, the Office of the Provost, or the Office of the Vice President for Student Life. Students reporting possible academic violations have the right of confidentiality. Students may refer possible Student Conduct violations to Campus Police or to the Office of the Vice President for Student Life.

Those making such referrals are required to provide information pertinent to the case.

ACADEMIC CONDUCT

A primary responsibility of an instructor is to certify that a specific academic assignment has been mastered sufficiently to merit college credit. An inseparable part of this responsibility is to take all possible precautions to ensure that the credit has not been attained by fraud. The instructor should rigorously enforce honesty concerning all academic work submitted by his/her students for evaluation. While it is difficult to define precisely and all inclusively all aspects of academic dishonesty, the following statements should serve as a guide.

Cheating includes, but is not limited to, wrongfully giving, taking or presenting any information or material by a student with the intent of aiding him/herself or any other person on any academic work which is considered in any way in the determination of the final grade. Plagiarism involves the use of the ideas or writings of another without acknowledgment of that use. A more detailed description of these two forms of academic dishonesty, and how allegations of academic dishonesty are handled, are described below.

1. All academic work, written or otherwise submitted by a student to his/her instructor or other academic supervisor is expected to be the result of his/ her own thought, research, or self expression. In any case in which a student feels unsure about a question of plagiarism involving his/her work, he/she is obliged to consult the instructor on the matter before submitting it.
2. When a student submits work purported to be his her own, but which in any way borrows ideas, organization, wording, or anything else from another source without appropriate acknowledgments of the fact, the student is guilty of plagiarism.
3. An act of plagiarism may occur with or without intent. Submission of work without proper in-text and bibliographical attribution of all sources constitutes plagiarism, regardless of whether the student intended to plagiarize.
4. Plagiarism includes reproducing someone else's work, whether it be a published article, chapter of a book, a paper from a friend or material found on the Internet. Plagiarism also includes the practice of employing or allowing another person to alter or revise the work which a student submits as his/her own, whoever the other person may be. Students may discuss assignments among themselves or with an instructor or tutor, but the actual work must be done by the student alone unless explicit permission is otherwise given by the instructor.
5. When a student's assignment involves research in outside sources of information, he/she must carefully acknowledge exactly what or where and how he/she has employed them. If a student quotes the words of someone else, he/she must put quotation marks around the passage in question, add an appropriate in-text citation to indicate its origin, and include a full bibliographic citation of this source. If a student paraphrases or summarizes ideas from a source, the student should communicate those ideas in his/her own language and sentence structure, add an appropriate in-text citation to indicate its origin, and include a full bibliographic citation for this source. Leaving the organization, content, and phraseology intact and making simple changes is plagiaristic. However, nothing in these rules shall apply to those ideas which are so generally and freely circulated as to be part of the public domain. It is important to recognize that plagiarism is theft, not of ideas, but of the credit for originating ideas. Students who use another's ideas or language without giving credit violate the most basic agreement between the student and the University; they attack the academic enterprise at its very heart. Scholars at every level (including students) must represent truthfully their findings; that is, they must not tamper with the truth or offer as theirs what others discovered or wrote.

Allegations of Academic Dishonesty

If a faculty member believes a student has committed an act of cheating or plagiarism, he or she should notify the student of the allegation and give the student an opportunity to respond. The faculty member's department chair or school dean may be present at any meeting between the faculty member and the student. Whenever possible, this process should occur prior to

the submission of final grades. When notification occurs after the submission of grades, the instructor will provide the student a post factum opportunity to rebut the charge. If, in the judgment of the instructor, the student is able to show that the charge is unsubstantiated, the instructor will withdraw the allegation and remove the academic penalty. If the faculty member determines that a violation has in fact occurred, she or he should then notify the Provost's Office in writing of the allegation, with copies sent to the faculty member's dean or department chairperson. The Provost or designee will serve as an adviser to the faculty member to assure that all appropriate due process is provided to the student and that proper procedures are followed.

Notice to the Provost or his/her designee also serves as a record of the alleged violation. The notice must include a statement of, and relevant copies of evidence that the faculty member has which leads him or her to believe that the student has committed the act in question. Upon receipt of this material, the Provost or designee shall confirm the allegation by providing written notice to the student. This notice shall include the alleged violation, a brief description of the persons presenting information regarding the alleged violation, a summary of the evidence against the student, a statement of the academic penalty imposed by the instructor, and a date by which the student must respond to the allegation. The notice will provide the student with an opportunity to contest the allegation. Should the student deny responsibility for the act, the Provost/designee shall inform the student of his or her right to a hearing before the Honor Council.

Should the student accept responsibility for the act, the Provost/designee may choose to let the academic penalty stand without further action or, in severe or repeat cases, may choose to levy an additional sanction as described in the Student Conduct section. Should the student deny responsibility for the act, the Provost/designee shall inform the student of his or her right to a hearing before the Honor Council. The Honor Council consists of four faculty members—three council members and one alternate—appointed by the Provost. The Provost's designee will serve as nonvoting chairperson at Council meetings. Each hearing board of the Honor Council shall consist of three voting members. Decisions shall be based upon a majority vote of those present. Procedures will follow the hearing guidelines outlined below.

Honor Council Hearings

Honor Council Hearings are generally conducted by the Provost's office but may be conducted by other hearing bodies (see *Exigent Circumstances*). The Honor Council consists of four faculty members - three council members and one alternate - appointed by the Provost. The Provost or Provost's designee will serve as non-voting chairperson at Council meetings. Each hearing board of the Honor Council shall consist of three voting members. Decisions shall be based upon a majority vote of those present. In preparation for the hearing, students should review the procedures below and the *Student Rights and Responsibilities* section of the Student Handbook. Hearing guidelines for Honor Councils are below:

1. The accused shall be given notice of the hearing date and the specific charges no less than three business days in advance. The University will notify students of charges by delivery of notice to the last known or local campus address by any reasonable means available. Students having moved and not

notified the University, or those who refuse to accept delivery will not be excused from their obligation to attend.

2. The accused shall be given reasonable access to his/her case file, which will be retained in the office of the Provost.
3. Accused students who fail to appear for an Honor Council Hearing after proper notice will be deemed to have accepted responsibility for the alleged violation pending against them. An accused student who fails to appear for a scheduled hearing will have the case heard against him/her in his/her absence.
4. The council may request the attendance of any person who can give pertinent information in a case to be present at the hearing. Such requests may be personally delivered or sent by campus mail, first class mail, or certified mail, return receipt requested. University employees and students are expected to comply with requests for attendance at such cases, unless compliance would result in significant and unavoidable hardship or substantial interference with normal University activities. In cases in which a witness is unable to appear, he/she may submit a statement which describes his/her testimony. Such statements will be accepted for use only if signed by the witness. The accused shall have the opportunity to refute the information in the statement.
5. Hearings will normally be closed. Only those persons directly involved with the hearing may be present.
6. The Provost or Provost's designee shall exercise control over the proceedings to avoid needless consumption of time and to achieve an orderly completion of the hearing. Any person, including the accused, who disrupts a hearing may be excluded by the Provost or Provost's designee.
7. Honor Council hearings will be recorded or transcribed. If, due to technical difficulties, a recording is not feasible, the Provost or Provost's designee and elected chair of the council should write a summary of the testimony as soon after the hearing as is feasible in case of appeal. The decision of the council should include a summary of the testimony and evidence in such cases as well. Deliberations in any case will not be recorded.
8. Any party may challenge the seating of a board member due to alleged personal bias.
9. The accused may invite a member of the FMU university community to attend the hearing as an advisor to provide unobtrusive advice. This individual may not represent the student, participate in the hearing process, or address the parties. This advisor may not be the Student Ombudsman or any other administrative officer.
10. Witnesses and others giving information in a hearing shall be asked to affirm that the information they are giving is truthful. Students who provide untruthful information are subject to Honor Code charges.
11. Persons giving information in a hearing, excluding the accused, the faculty levying the charge, and their advisors, if appropriate, will be excluded from the hearing during the testimony of other persons. All persons except council members will be excluded during the deliberations of the council.
12. The council members shall ask all questions of all witnesses as necessary and appropriate. If the accused wishes to have a witness answer a question, he/she shall present the question

to the council.

13. Recommendations by council shall be by majority vote of board members in attendance. All decisions shall be made based upon the preponderance of the evidence presented.
14. The student's previous academic record shall not be considered during the consideration of a particular charge. It is the purview of the Honor Council to uphold or overturn the charge of academic dishonesty as alleged by the faculty. They have no authority over the academic or university sanction.
15. If a charge of academic dishonesty is upheld by the council, the university sanction as assigned by the faculty will stand, as will any additional university sanction(s). If a charge is overturned, the academic penalty and any university sanction will be vacated, and the faculty will be instructed to evaluate the assignment without prejudice or penalty and allow the student to make up any missed work and participate fully in the remainder of the course.
16. The University will notify students of the decision by the council via delivery of notice to the last known or local campus address by any reasonable means available. Students having moved and not notified the University, or those who refuse to accept delivery will not be excused from knowing the outcome of the hearing.

Honor Council Appeals

Students found responsible for academic dishonesty violations may file an appeal within the following guidelines. All appeals must be based on one or more of the following conditions:

1. There was a violation of due process which materially affected the outcome of the hearing, decision, or case.
2. There is new evidence which was not available at the time of the earlier hearing or meeting or which could not have been discovered with due diligence on the part of the accused or his/her adviser.
3. The sanction assigned for the offense was grossly inappropriate based upon the seriousness of the offense.

Decisions of responsibility made by the Honor Council in cases involving academic dishonesty may be appealed to the President of the University, whose decision is final. To be considered, appeals must meet the following criteria:

1. Clearly indicate the basis for appeal as indicated above.
2. Be submitted in a typewritten format.
3. Be submitted within three business days of the delivery of the written notice of the original decision.

The President will decide whether to hear arguments or base the decision upon the letter of appeal, any new evidence, and the case record. They may do one of the following:

1. Reject or amend the finding of the original decision of the council as to responsibility of the student for the offense(s).
2. Reject or amend the sanction(s) as assigned by the council and assign any other sanction(s), with the exception that the sanction(s) may not be made harsher.
3. Return the case for rehearing by the council. In such cases the President of the university should state the reasons for the assignment for rehearing (i.e. violations of due process). Cases reheard shall be heard completely as if never heard before.

Sanctions for Academic Dishonesty

Violations of the Academic Conduct policy strike at the very heart of the University and the teaching and learning process. It is the responsibility of the instructor to determine the appropriate academic penalty for an act of cheating or plagiarism. Normally these penalties range from failure on the assignment to failure of the course. It is the responsibility of the Provost or his/ her designee to apply general University sanctions for severe or repeat offenses. The first violation of the academic integrity policy typically carries no general sanction beyond the academic penalty. A second violation will result in the academic penalty plus a general sanction up to and including suspension from the University for a term of no less than one fall or spring semester. A third offense will result in the academic penalty plus a general sanction up to and including permanent expulsion from the University.

STUDENT CONDUCT

Francis Marion University prohibits the conduct listed below. Persons committing such acts are subject to appropriate action from the University. Students found responsible for committing violations are subject to sanctions that may include a written reprimand, loss of privileges, removal from campus residential facilities, restitution, educational sanctions, probation, suspension, expulsion, or other University sanctions and/or conditions. Any violator of the law is subject to criminal conviction and may be fined, jailed, or both. South Carolina Law empowers the university president latitude in addressing alleged cases of hazing that supersedes the FMU student conduct procedures otherwise outlined in the handbook.

Per S.C. State Statute SECTION 59-101-210, FMU maintains and updates a report of violations by fraternity and sorority organizations. FMU updates and posts this report (The Tucker Hipps report) each semester. It is available on our website: <https://www.fmarion.edu/tuckerhipps/>

Implementation of the Student Conduct Process

The conduct process for students is based upon the elements of constitutional due process and local, state and federal law which have been developed over the last several decades. While University students do not give up their rights at the gates of the University, it is important to understand that the level of due process in the University disciplinary system differs from that of the legal system. The following procedures outline the University process and shall be carried out as fully as possible. Community members should be aware, however, that there are emergency situations in which these procedures may be omitted when necessary to protect public safety. Any person may refer a student or student group or organization suspected of a violation of the Section. Persons making such referrals are required to provide information pertinent to the case and will normally be expected to appear before a conduct board or conduct official as a complainant. The Dean of Students Office administers the conduct process at Francis Marion University, except for academic violations, which are administered by the Office of the Provost.

Reporting Alleged Student Conduct Violations

Campus Police officers, Residence Life and Housing staff and other University officials are charged with the maintenance of appropriate student behavior. As a result, occasions may arise when these persons must confront students who they believe are violating University or residence hall standards of conduct. In such cases, these officials will make contact with the student whenever possible and inform him/her that they may be charged with a violation of the code.

1. Campus Police officers will normally inform the student who they believe has allegedly committed the violation and refer the student to the Dean of Students Office. The referral will normally include a prepared incident report.
2. Housing staff may inform the student orally that he/she is being referred for an alleged violation of standards. These staff members will subsequently prepare a report of the incident leading to the allegation. A copy of this report will be forwarded

to the Offices of Housing and the Dean of Students. Depending upon the seriousness of the alleged violation, the student will be informed by one of the above named offices to report to that office within a certain period of time for adjudication of the alleged violation. The student will be required to meet with the University Conduct Officer appointed by the Dean of Students.

3. Other community members such as faculty, administrators, or fellow students may also from time to time report alleged violations to the conduct officials of the University. In these cases, the alleged violator will receive a letter from the University conduct officer appointed by the Dean of Students.

Violations of the Law and Standards of Conduct

There are occasions when behavior which violates Francis Marion University policies and procedures also violates civil or criminal law. In these cases, students should understand that they may be held accountable to both authorities. University procedures related to these matters will normally continue during the pendency of criminal proceedings and will not be subject to challenge on the grounds that criminal and civil charges involving the same incident have been dismissed or reduced. The University student conduct system is not analogous to the criminal justice system. The purposes, the standards of proof, the procedures and many other aspects differ. This is an educational process in which we review the student's responsibility for violations of the honor code or community standards.

Retained Counsel

South Carolina Law allows any student facing disciplinary or honor code violations as a result of a criminal charge the right to retain counsel, at the students' expense, to provide full legal representation in all proceedings including, but not limited to, allowing counsel to appear on behalf of the student, speak on behalf of the student, question witnesses, protect the statutory and constitutional rights of the student, and to otherwise fully participate in all proceedings on behalf of the student. Those students who are eligible under the Law, and who wish to retain counsel must submit a Notice of Counsel Form to the Dean of Students Office at least three (3) calendar days prior to the scheduled disciplinary proceeding.

University Conduct Boards and Conduct Officers

University Conduct Boards

The Dean of Students Office may convene University Conduct Boards consisting of students, faculty, and staff members for the purpose of conducting conduct hearings. Conduct Boards will conduct hearings as indicated in this section. The Dean of Students, or his/ her designee, will serve as advisor to the Conduct Board and will administer the hearing process. Decisions by Conduct Boards must be made in accordance with the FMU Student Conduct Section and are made by a majority of the members of the board based upon the preponderance of evidence presented.

University Conduct Board members are selected for a one-year

term, and may be reappointed for subsequent terms. The Board will consist of at least five full-time faculty members, at least five full-time students and at least five full-time staff members with at least five alternates for exigent circumstances who serve as a pool of members from which to select. Each hearing will consist of three members, one from each category (faculty, staff and student) unless due to exigent circumstances the makeup of the board must be changed (*see Exigent Circumstances*). Quorum for a hearing to proceed is three with a maximum of five board members. Student members are selected through the Student Government Association and the Student Life Office, faculty members are appointed through the Provost's Office, and staff members are selected by the Dean of Students' Office. Each selected member becomes part of a consortium of trained board members for the academic year.

University Conduct Officers

Conduct officers are members of the Student Life staff who are responsible for processing alleged violations of University policy. The chief conduct officer of the University is the Dean of Students, who appoints other conduct officers from the appropriate University staff. Conduct officers may assist in information gathering related to alleged violations of University policy, conduct initial meetings with students charged with violation policy, and preside over conduct hearings as appointed.

The University conduct officer assigned to the incident will determine if information from an incident report or resulting from information gathering indicates that a student may have been involved in a violation of policy. If so, the student will be sent a letter that includes the policy or policies that have allegedly been violated, a summation of the evidence that indicates the violation occurred, and a notice for the student to meet with the conduct officer. Conduct meetings may be arranged by telephone and verified with written notification of the meeting.

Conduct Meetings and Hearings

During this meeting, the conduct officer will share any information that indicates the student may have violated policy, and the student will have the opportunity to present information on their behalf. Should the conduct officer determine that a preponderance of the evidence indicates the student is responsible for violation of policy, and the appropriate sanction does not include suspension or expulsion, the conduct officer may make a determination of responsibility at the conclusion of the meeting. If the student is found responsible, the conduct officer shall assign sanction(s), condition(s) and/or restriction(s) appropriate for the violation (*see General Sanctions*). The student is responsible for completing the sanctions as assigned within the appropriate time-frame. The conduct officer shall send the student written notification of the results of the meeting, the assigned sanctions, and provide information on the student's right to appeal (*see Appeals Process*). Should the appropriate sanction(s) for the offense include removal from student housing, suspension or expulsion, or should the student's prior disciplinary record establish a behavioral pattern that justifies removal from housing, suspension or expulsion, the conduct officer shall notify the student of his/her right to a judicial hearing and allow the student to accept or deny responsibility for the alleged violation(s). By accepting responsibility, the student

also agrees to comply with the sanctions deemed appropriate. By denying responsibility, the student chooses to have a conduct hearing before the appropriate hearing body (*see Hearings*). Should the conduct officer determine that the preponderance of evidence indicates that the student did not violate policy, the case is dismissed and the related information removed from the student's record. (For cases involving academic dishonesty, *see the section on Allegations of Academic Dishonesty*.)

Hearings

Hearings are generally conducted by a conduct officer or conduct board but may be conducted by other hearing bodies (*see Exigent Circumstances*).

Hearing Guidelines for Alleged Behavioral Misconduct

In all cases the following procedural hearing guidelines shall be applicable:

1. The accused shall be given notice of the hearing date and the specific charges no less than three business days in advance. The University will notify students of charges by delivery of notice to the last known or local campus address by any reasonable means available. Students having moved and not notified the University, or those who refuse to accept delivery will not be excused from their obligation to attend.
2. The accused shall be given reasonable access to his/her case file, which will be retained in the office of the Dean of Students.
3. Accused students who fail to appear for an initial meeting with a University official after proper notice will be deemed to have accepted responsibility for the alleged violation pending against them. In addition, they will be charged with failure to comply with the directions of a University official in performance of his/her duty. An accused student who fails to appear for a scheduled hearing will have the case heard against him/her in his/her absence.
4. The conduct hearing officer, board, or council may request the attendance of any person who can give pertinent information in a case to be present at the hearing. Such requests may be personally delivered or sent by campus mail, first class mail, or certified mail, return receipt requested. University employees and students are expected to comply with requests for attendance at such cases, unless compliance would result in significant and unavoidable hardship or substantial interference with normal University activities. In cases in which a witness is unable to appear, he/she may submit a statement which describes his/her testimony. Such statements will be accepted for use only if signed by the witness. The accused shall have the opportunity to refute the information in the statement.
5. Hearings will normally be closed. Only those persons directly involved with the hearing may be present.
6. The presiding officer of each board, council or the conduct hearing officer shall exercise control over the proceedings to avoid needless consumption of time and to achieve an orderly completion of the hearing. Any person, including the accused, who disrupts a hearing may be excluded by the presiding officer, conduct hearing officer, or by the board adviser.
7. Conduct hearings will be recorded or transcribed. If, due to

technical difficulties, a recording is not feasible, the chair of the board should write a summary of the testimony as soon after the hearing as is feasible in case of appeal. The decision of the board, administrative hearing officer or council should include a summary of the testimony and evidence in such cases as well. Deliberations in any case will not be recorded.

8. Any party may challenge the seating of a board member due to alleged personal bias.
9. Witnesses and others giving information in a hearing shall be asked to affirm that the information they are giving is truthful. Students who provide untruthful information are subject to Honor Code charges.
10. Persons giving information in a hearing, excluding the accused and the complainant and their advisors, if appropriate, will be excluded from the hearing during the testimony of other persons. All persons except board or council members or conduct officers, and their adviser if requested by the board, will be excluded during the deliberations of a board.
11. The University has sole authority to charge students. Individuals who bring complaints shall be considered to be witnesses and shall be excluded as noted above except as required by law. The burden of proof is on the University.
12. Board, council members or the conduct hearing officer shall ask all questions of all witnesses as necessary and appropriate. If the accused wishes to have a witness answer a question, he/she shall present the question to the board or administrative hearing officer.
13. The Dean of Students may appoint a special presiding officer for boards in particularly complex cases or under other special circumstances he/she feels appropriate. Such presiding officers shall be nonvoting.
14. Recommendations by the board or council shall be by majority vote of board members in attendance. All decisions shall be made based upon the preponderance of the evidence presented.
15. The student's previous disciplinary record shall not be considered during the consideration of a particular charge. If the student is found responsible for a violation, the University Conduct Board will be informed of the student's previous disciplinary record so that it may be considered in determining the recommended sanction(s).
16. The accused shall be informed orally of the decision of the conduct board or conduct hearing officer when feasible. Such notification will be followed up by written notice from the Dean of Students or his/her designee.

Appeals

Students found responsible for violations may file an appeal within the following guidelines. All appeals must be based on one or more of the following conditions:

1. There was a violation of due process which materially affected the outcome of the hearing, decision, or case.
2. There is new evidence which was not available at the time of the earlier hearing or meeting or which could not have been discovered with due diligence on the part of the accused or his/her adviser.
3. The sanction assigned for the offense was grossly inappropriate based upon the seriousness of the offense.

Decisions of responsibility made by conduct officers during an administrative conduct meeting may be appealed to the V.P. for Student Life or his or her designee, whose decision is final. Decisions of responsibility made by the University Conduct Board, or other hearing bodies used during exigent circumstances, may be appealed to the University Conduct Appeals Committee whose decision is final.

To be considered, appeals must meet the following criteria:

1. Clearly indicate the basis for appeal as indicated above.
2. Be submitted in a typewritten format.
3. Be submitted within three business days of the delivery of the written notice of the original decision.

The person or committee to whom the appeal is made will decide whether to hear arguments or base the decision upon the letter of appeal, any new evidence, and the case record. The person or committee reviewing the appeal may do one of the following:

1. Reject or amend the finding of the original decision maker as to responsibility of the student for the offense(s).
2. Reject or amend the sanction(s) as assigned by the original decision maker and assign any other sanction(s), with the exception that the sanction(s) may not be made harsher.
3. Return the case for rehearing by the original person or body. In such cases the person or body hearing the appeal should state the reasons for the assignment for rehearing (i.e. violations of due process). Cases reheard shall be heard completely as if never heard before.

Student Rights and Responsibilities

The following rights and responsibilities exist for students of Francis Marion University who are charged with violations of the student conduct or academic dishonesty:

Student Rights

1. The right to written notice of the charges placed against them.
2. The right to be informed of the witnesses and/or evidence which will be used against them.
3. The right to have the case determined in a fair and impartial manner through a hearing or other judicial proceeding.
4. The right to present evidence and witnesses on their own behalf and to dispute the evidence or witnesses used against them in the case.
5. The right to have only those charges about which the student has been notified in writing heard at the hearing on those charges.
6. The right not to implicate himself or herself in a violation.
7. The right to be assisted by any member of the Francis Marion University community in defending themselves against the charges placed against them. This assistance may include helping the accused student to prepare his/her defense against the charges, attendance with the student to any meetings and/or hearings on the matter, or assisting the accused to prepare questions to ask at the hearing, etc. This person may not represent the accused at a hearing (e.g. ask questions, argue points, or even speak on his/ her behalf) or other meeting.
8. Though appeals are not a right, students are encouraged to exercise their option to appeal a decision.
9. The right to ask questions of witnesses and others presenting information in this case. In cases in which such evidence is

in the form of a statement, the student will have the right to dispute the information in the statement.

10. For a student to be found responsible for the acts alleged, the person or body hearing the case must believe him/her to be responsible for the violation by a preponderance of the evidence (the greater weight of the evidence must indicate responsibility for the violation).
11. The student is presumed to be innocent until proven responsible by the University. The burden of proof is on the University.
12. The right to notice of the maximum allowable penalty (i.e., permanent dismissal).
13. The right to a written decision specifying the rule(s) violated, sanctions assigned if found responsible, and right to appeal the decision.
14. The right to challenge the seating of any board member or other hearing officer for good cause. The dismissal of a challenged hearing board member shall be at the discretion of the hearing board chairperson. If the chairperson is challenged, he/ she may be excused by a majority vote of the board. Dismissal of a hearing officer may be determined by the supervisor of the person in question. This does not apply to the faculty member who charges a student with academic dishonesty.
15. The right to be treated with respect within the student conduct process.
16. The right to request an open hearing of the charges placed against the student. Such a request may be granted if agreed to by all parties directly involved in the case; if the hearing would not, in the opinion of the Dean of Students, be disruptive to the campus environment; and attendance can be limited as a result of the facility in which the hearing is being held.

Student Responsibilities

1. The responsibility to attend all hearings or meetings when scheduled.
2. The responsibility to take receipt of any notices or other written documents related to the charges against the student.
3. The responsibility to avoid any acts by him/herself or others at his/her direction which threaten, or may appear to threaten, witnesses or others who might give information in the case.
4. Any appeals must be submitted within stated deadlines and must address one or more of the bases of appeal noted above in order to be valid. Failure to submit an appeal in a timely manner voids the option to appeal.
5. The responsibility to treat those persons involved in the judicial process with respect.
6. The responsibility to comply with the requests of University officials who are part of the student conduct process.
7. The responsibility to comply with any sanctions placed against the student as a result of the charges for which he/she is found responsible, and to understand that failure to comply is a separate offense for which the student may be charged.

Student Ombudsman

The FMU Student Ombudsman was created in 2016 by the University President under the auspices of the administration as a resource for all Francis Marion University students to assist

in the resolution of non-academic conflicts, concerns, and other problems that they may encounter while pursuing their course of study. The Student Ombudsman acts as a neutral and impartial resource for students in addressing and resolving nonacademic issues and concerns.

The FMU Student Ombudsman does not take sides in disputes, does not petition on behalf of students or the University, and does not advocate for any particular outcome. The Ombudsman has no stake in outcomes. Instead, the Ombudsman advocates for a fair process and works to assist students in identifying their options to provide avenues for the resolution of their issues.

General Sanctions for Student Misconduct

If a student is found responsible for violating the code, one or more of the following sanctions may be determined as appropriate. Normally there will be a presumptive sanction for each offense; however, sanctions may be altered due to mitigating or aggravating circumstances for each violation. Multiple offenses, previous offenses, violations of probation and other factors may alter the appropriate sanction for a particular offense. Students should be aware that expulsion from the University may be appropriate for any offense if aggravating circumstances apply.

1. **Expulsion** - Permanent, forced withdrawal from the University. The student will forfeit all fees paid for the semester in question.
2. **Indefinite Suspension** - Forced withdrawal from the University for an indefinite period of time. The student will be required to complete specific tasks prior to consideration for reinstatement. The student will forfeit all fees paid for the semester in question. Students may not have transcripts, grades or other University records of attendance sent to other persons during the period of the suspension. The student may not have credit for courses taken at other institutions during the period of suspension transferred back to Francis Marion University for credit without the permission of the vice president for Student Life.
3. **Suspension** - Forced withdrawal from the University for a specified period of time, generally no less than one semester. The student will forfeit all fees paid for the semester in question. Suspension may be deferred pending appropriate completion of tasks assigned by the University. Students may not have transcripts, grades or other University records of attendance sent to other persons during the period of the suspension. The student may not have credit for courses taken at other institutions during the period of suspension transferred back to Francis Marion University for credit.
4. **Conduct Probation** - A student placed on conduct probation is not in good standing with the University. Disciplinary probation is assigned for a specified period of time and may include conditions, restrictions or expectations of the student. Any violation of the terms of probation during the specified period will be deemed as a separate offense for which suspension is the appropriate sanction. Restrictions to be included within conduct probation will be determined based upon the particular offense and the disciplinary record of the offender. Sanctions for policy violations that occur while a student is on conduct probation are enhanced.
5. **Fines** - The student will be charged a specified fine as deemed

appropriate for the particular offense. Fines may be adjusted due to mitigating or aggravating factors with each offense. Fines will be used only in limited circumstances in which the conduct officer or board feels that they will be educational in nature. Failure to pay fines by a specified date will be deemed a separate offense and may result in increased fines and/or more severe sanctions.

6. **Restitution** - Upon direction from the University, the student must pay restitution to the aggrieved party or complete a specified task or number of hours of work on a project designed to ensure some form of restitution to the University. Failure to complete the assignment by a specified date will be deemed a separate offense and may result in more severe sanctions.
7. **Written Reprimand** - The student will receive a written notice that he/she has committed an offense. A copy of the notice will become an official part of the student's disciplinary record.
8. **Admonition** - The student will be provided an admonition. A notice of the admonition will be entered in the student's disciplinary record.
9. **Educational Sanction** - The student will be assigned a project which is deemed appropriate to the offense for which he/she is found responsible. This may include but not be limited to mediation or other alternative dispute resolution, writing projects such as papers on a topic related to the offense, public speaking assignments, educational workshops such as alcohol or drug education programs, and other projects.
10. **Removal from Residential Facilities** - If a student is currently living in campus housing he/she may be removed for a specified or indeterminate period of time depending upon the offense. In such cases, the student will forfeit all housing fees paid for that semester.
11. **Loss of Participation Privileges** - The student will lose his/her privilege of participating in one or more activities such as visitation, loss of vehicle use, intramural participation, co-curricular involvement such as student organization membership/leadership, varsity athletics, or access to nonessential facilities, etc.

Interim Action

The University may order a Student be immediately excluded from classes, University Premises (including University Housing), or denied privileges and ability to participate in activities pending disciplinary proceedings or medical evaluation. This interim action will become effective immediately without prior notice whenever there is evidence that the continued presence of the student on the University campus poses a substantial threat to him or herself or to others or to the stability and continuance of regular University functions. A student suspended on an interim basis may be given an opportunity to appear personally before a designated Student Life official, depending on the circumstances of the incident. Regardless of whether the student appears personally to appeal an interim suspension or in writing, the appeal must be based on one or both of the following:

1. The reliability of the information regarding the student's conduct, including the matter of his or her identity;
2. Whether the conduct and surrounding circumstances

reasonably indicate that the continued presence of the student on the University campus poses a substantial threat to him or herself or to others or to the stability and continuance of regular University functions. Should it be determined that the student no longer poses a threat, or the surrounding circumstances are no longer present, the interim suspension may be lifted. If a threat is determined to exist, the student will be required to remain off campus until a hearing on the charges placed against him or her are held. If a student is suspended on an interim basis and is later found not responsible for the charges, or if he/she receives a sanction of less than suspension from the University, every reasonable effort will be made to allow the student to make up any work missed during his/her suspension. Interim suspension typically includes a "no trespass" order issued by Campus Police, which if violated, could result in further disciplinary action by the University. The University "no trespass" order prohibits a student's presence at any University property or facility, including classrooms, campus housing and surrounding areas, and from attending campus activities. Coursework during the interim suspension is at the discretion of the faculty member and accommodations for missed coursework and attendance is limited to up to four weeks. Students out of classes for more than four weeks will receive either a withdrawal or an incomplete grade as determined by the instructor. No passing grade will be issued while the interim suspension is in place. This policy applies to all classes, including online classes.

Graduating seniors on interim suspension will not be allowed to graduate from the University while an investigation is in progress.

Conduct Regarding Student Organizations

Student groups and organizations may be charged with violations of this code. A student group or organization and its officers may be held collectively or individually responsible for violations of the Code. While student organizations and their governing bodies (e.g. IFC, NPHC, NPC organizations) may have internal disciplinary processes, the University reserves the right to take conduct action as needed. Activities which result in violations will be deemed to have involved a student group or organization when one or more of the following conditions are shown to exist, or to have existed:

1. A casual observer would associate the activity with the organization.
2. The activity involved an expenditure of organizational funds.
3. A significant portion of the members of the organization were present.
4. The activity received tacit or overt consent or encouragement by the organization or its leaders, officers, and/or spokespersons.
5. Any officer or the adviser was aware of the event before it took place.
6. Individual members of the organization were responsible for the activity and the officers and/or adviser fail to identify them to appropriate University officials.
7. The event was publicized either in written form or by word of mouth as an organizational event.
8. The organization's adviser and/or executive officers were aware of the event before it took place and failed to prohibit it

or take steps to ensure that the event was in compliance with the University Code of Conduct.

9. The activity took place on organization property, in space leased by the organization, or in a private residence known by the casual observer to be a location used for organizational activities.

The investigation of the alleged violations will be conducted by appropriate members of the Student Life staff. The Dean of Students or his/her designee based upon that investigation and information presented by the organization, will determine whether a violation of policy occurred or not. If it is determined a violation did occur, the Dean of Students will assign an appropriate sanction. The organization may appeal the decision of the Dean of Students or his/her designee within three business days of the written notification of the original decision.

Exigent Circumstances

The Dean of Students or his/her designee may implement other procedures relating to the administration of the Student Conduct Section under the following conditions:

During vacation periods, between semesters, immediately preceding, during, and immediately after examination periods, and during periods in which a hearing may not be feasible, and/or instances in which the gravity of the matter could present a risk to the student's well-being and/or confidentiality.

Parent/Guardian Notification of Alcohol or Drug Policy Violations Section 444 of the General Education Provisions Act (20 U.S.C. 1232g) was amended by Congress in 1998 to authorize University officials to notify parents or guardians when students

have violated alcohol or drug policies. Effective August 1, 2000, Francis Marion University will implement the following criteria for parent/guardian notification. A student's parent or guardian may be notified about a student's involvement in an incident involving alcohol or a controlled substance when the following criteria are met:

1. The student has either accepted responsibility or has been found responsible for violation of University alcohol and drug policy.
2. The student was under 21 years of age at the time he or she was found responsible for violating University alcohol or drug policy. Once the above criteria have been met, the Dean of Students Office may notify the official parent or guardian of record for the student of the violation and resulting sanctions. Notification will be in the form of a letter, a copy of which will be placed in the student's disciplinary file.

If the incident in question placed the student at risk, the University may contact the parent or guardian of record prior to any finding of responsibility. Additionally, if the University becomes aware of exigent circumstances that indicates notification is not in the best interest of both the University and the student, notification may be waived by the Dean of Students.

Portions of the materials in the FMU Code of Student Conduct are adapted from similar documents at The University of Maryland, The University of Tennessee, Knoxville, University of Delaware, Spelman College, Texas Tech University and other materials from sources provided by the Association for Student Conduct Administration and its members. Definitions of cheating and plagiarism are adopted from "Student Rights and Responsibilities" (1970) the Student Handbook of the University of Kentucky, Lexington, Ky.

UNIVERSITY POLICIES

Discrimination, Harassment, and Retaliation

Francis Marion University does not discriminate on the basis of race, color, national origin, sex, disability, religion, age, or veteran status in its programs and activities. The following person has been designated to handle inquiries regarding discrimination, harassment, and/or retaliatory complaints regarding harassment.

Vice President for Administration
P.O. Box 100547
Florence, S.C. 29502-0547
105 Stokes Administration Building
Tel. No. 843-661-1146

Harassment is unwelcome offensive conduct, written, verbal, or physical, that occurs when a reasonable person would find that such conduct creates an intimidating, hostile, or offensive educational, work, or living environment. A hostile environment is created when speech and/or actions are so severe, persistent, or pervasive as to limit or deny one's ability to participate in or benefit from an activity or educational program.

The University procedures are intended to protect the rights of both the complainant and the accused, protect privacy, and prevent retaliation. Unwelcome behavior that may be construed as discrimination or harassment should be reported. However, intentionally false allegations will not be tolerated and may result in sanctions. The University is obligated to investigate any reports of discrimination or harassment and will consider action as warranted.

No one may be subject to restraint, interference, coercion, reprisal, or retaliation for seeking information about discrimination or harassment, bringing a good faith complaint, or serving as a witness.

This policy is not intended to infringe on the rights of members of the faculty to exercise academic freedom within the framework of the teaching and learning environment of the University.

Hazing Policy

The University will take action against any club, organization, or individual which/who has committed an act of hazing as defined by the following: any intentional, negligent, or reckless act, on or off University property, by a student(s) or student organization, acting alone or with others, which is directed against any other student(s),

**The FRANCIS MARION UNIVERSITY SEXUAL MISCONDUCT (TITLE IX) POLICIES AND PROCEDURES, adopted August 14, 2015, supersedes all statements in this handbook concerning discrimination, harassment, sexual misconduct, and retaliation. The final edition of the 2023-24 FMU Student Handbook will incorporate all changes necessitated by the new policy.*

that endangers the mental or physical health or safety of that student. In accordance with South Carolina law, it is also unlawful for any person to knowingly permit or assist any person in committing these acts. The authority allowed and provided by South Carolina law shall supersede university procedures concerning hazing when appropriate. Hazing includes such things as wrongful striking, laying open hand upon, threatening with violence, or offering to do bodily harm to punish or injure or other unauthorized treatment of a tyrannical, abusive, shameful, insulting, or humiliating nature, and other such actions. Additionally, the following actions are prohibited:

- a. Assisting any person in committing acts defined as hazing.
- b. Failing to report promptly any information within his/her knowledge of acts defined as hazing.
- c. Abusive treatment of another person or persons.
- d. Having knowledge of hazing activities and failing to report the activity and permitting hazing to occur.
- e. Allowing non-students to participate in organization initiations, intake processes, or any activity reserved for enrolled students of the University.
- f. Intentional, negligent, or reckless behavior that has a foreseeable potential for causing physical harm.
- g. Any activity that intimidates or threatens a student with ostracism or that subjects a student to extreme mental stress.
- h. Any activity that would incite others to engage in hazing activity.

The implied or expressed consent of a person to acts which violate the above *does not* constitute a defense to violations of these sections.

In addition, such organizations and their individual members may face criminal prosecution under the laws of the state of South Carolina. Any violator of the law is subject to criminal conviction and may be fined, jailed, or both. Below is a description of the law under which such action may be taken:

According to South Carolina law: *"It is unlawful for any person to intentionally or recklessly engage in acts which have a foreseeable potential for causing physical harm to any person for the purpose of initiation or admission into or affiliation with any chartered student, fraternal, or sororal chartered organization. Fraternity, sorority, or other organization for the purposes of this section means those chartered fraternities, sororities, or other organizations operating in connection with a school, college, or university....It is also unlawful for any person to knowingly permit or assist any person in committing acts made unlawful by the above or to fail to report promptly any information within his/her knowledge of acts made unlawful by the above to the chief executive officer of the appropriate school, college, or university."*

S.C. State Statute SECTION 59-101-200. Hazing prohibited; penalties.

(A) For purposes of this section:

- (1) "Student" means a person enrolled in a state university, college, or other public institution of higher learning.*
- (2) "Superior student" means a student who has attended a state university, college, or other public institution of higher learning*

longer than another student or who has an official position giving authority over another student.

(3) "Subordinate student" means a person who attends a state university, college, or other public institution of higher learning who is not defined as a "superior student" in item (2).

(4) "Hazing" means the wrongful striking, laying open hand upon, threatening with violence, or offering to do bodily harm by a superior student to a subordinate student with intent to punish or injure the subordinate student, or other unauthorized treatment by the superior student of a subordinate student of a tyrannical, abusive, shameful, insulting, or humiliating nature.

(B) Hazing at all state supported universities, colleges, and public institutions of higher learning is prohibited. When an investigation has disclosed substantial evidence that a student has committed an act or acts of hazing, the student may be dismissed, expelled, suspended, or punished as the president considers appropriate.

S.C. State Statute SECTION 59-101-210. Institutional reports of hazing violations; contents; availability; redress for violations.

(A)(1) Beginning with the 2016-2017 academic year, a public institution of higher learning, excluding technical colleges, shall maintain a report of actual findings of violations of the institution's Conduct of Student Organizations by fraternity and sorority organizations formally affiliated with the institution.

FMU updates and posts this report (*The Tucker Hipps report*) each semester.

It is available on our website: <https://www.fmarion.edu/tuckerhipps/>.

As indicated above, South Carolina Law empowers the university president latitude in addressing alleged cases of hazing that supersedes the FMU student conduct procedures otherwise outlined in the handbook.

Grade Change Policy

If a mistake was made in calculating or recording a term grade, the instructor of the course may change the grade. A change of grade may occur only within one calendar year from the receipt of the grade.

1. A faculty member seeking to change a student's term grade because of a mistake must request the change on the appropriate form, which may be obtained from the Office of the Registrar.
2. The department chairperson or dean shall approve or disapprove change of grade requests. If approved, the requests will be sent to the Registrar with instructions to make the necessary corrections on the official record.

If a student wishes to appeal a grade in a course, he/ she has the right to do so. In order to appeal a grade, the student must follow the grade appeals process listed below (*for more information, see the University Catalog*).

GRADE APPEALS POLICY

Grade Appeals Committee

MEMBERSHIP: The Grade Appeals Committee will consist of five faculty members to be elected by the faculty at large. The committee

will elect the chair.

FUNCTION: The committee will hear final course grade appeals not resolved at the level of the academic unit.

GROUND FOR APPEAL: Unless the faculty member has acted in an arbitrary or capricious manner in the assignment of the final course grade in question or unless the instructor's grading policy is in violation of the guidelines established by the University or his/her own policies as noted in the syllabus or other written documents, it is the right of the instructor to determine whether or not the final course grade should be changed.

PROCEDURES: The committee will meet as necessary, and is called by the Committee Chair. Appeals for grade changes may not be made after 60 days from the date the grade was given. The following procedures will be followed:

1. The student will first attempt to resolve the issue by consulting with the instructor.
2. If the issue is unresolved after consultation with the instructor, the student will then consult with the department chair/school dean to attempt a resolution.
3. If the matter is not resolved after consultation with the instructor and the chair/dean, then the student may petition the chair/dean who will forward the matter to the Grade Appeals Committee. The petition must include the following items: a completed petition form signed by the instructor of the course (unless the instructor is no longer a member of the Francis Marion University faculty), the student's adviser, and the chair/dean of the academic unit that offered the course; a letter explaining the basis for the grade appeal; and if applicable, supporting documents and a list of any other evidence to be presented. The student's argument will be limited to statements from the student and the evidence delineated in the petition.
4. Upon receipt of a completed grade appeal petition, the chair of the Grade Appeals Committee will promptly inform the faculty member, the appropriate department chair/school dean, and the Provost. The committee chair will also make available to the faculty member a copy of the petition and the supporting documentation.
5. The Grade Appeals Committee, upon receipt of a student's grade appeal petition, might seek additional information and advice, as it deems necessary. In some cases, the committee may conduct a hearing, as when the student, faculty member, or committee members might ask for one. Because this hearing is for informational purposes only, it should not replicate judicial proceedings. No legal counsel shall be permitted to appear.
6. Within ten workdays after a decision, the Chair of the Grade Appeals Committee will notify the student, the faculty member, the appropriate department chair/school dean, and the Provost of the committee's findings and recommendations. If the Grade Appeals Committee, through its inquiries and deliberations, determines that the grade should be changed, it will request that the instructor makes the change, providing the instructor with a written explanation of its reasons. Should the instructor decline, he or she will provide an explanation for refusing.
7. If after considering the instructor's explanation the Grade Appeals Committee concludes that it would be unjust to allow the original grade to stand, the Committee may then

recommend to the appropriate department chair/school dean that the grade be changed. The chair/dean in consultation with the instructor will assign the appropriate grade. Only the chair/dean, upon the written recommendation of the Grade Appeals Committee, has the authority to effect a change in grade over the objection of the instructor who assigned the grade.

Petition forms for filing a grade appeal are available at the offices of academic department chairpersons.

Intellectual Property Policy

Francis Marion University supports the development, production, and dissemination of Intellectual Property, including copyrights, patents, trademarks, and any intellectual creation by its faculty, staff, and, if significantly involved in the creation of Intellectual Property, its enrolled students. Furthermore, the University seeks to encourage and reward creativity and innovation while still retaining for the University, when appropriate, reasonable access to, and use of, the Intellectual Property for whose creation the University has provided assistance.

Francis Marion University, faculty, and staff acknowledge that the mutual obligations of trust, good will, equity, and fair dealing are indispensable foundations and the guiding principles of this policy.

The creator/inventor of Intellectual Property must play the active role in any process to license and protect Intellectual Property. The creator/inventor assumes the responsibility of complying with all processes involved with the licensing and protection of Intellectual Property consistent with State and Federal laws, State and Federal conflict of interest regulations, as well as University policy. Nothing set forth in this policy shifts this obligation from the faculty member, staff member, or student to the University.

It is the intent of the University that each faculty member, staff member, or student shall be the copyright owner of works created by the individual and at the individual's own initiative for academic purposes. These works would include, but not be limited to, scholarly works, class notes, class syllabi, books, articles, literary compositions of any discipline, artistic works, scientific works, dance, sculpture, visual arts, audiovisual works including any interactive or educational programs, sound recordings, as well as courseware development for distance education programs. Revenue derived from Intellectual Property owned by individuals belongs to the individuals.

Clarification of ownership and/or rights to Intellectual Property may be necessary. The University, faculty, staff, and/or students may enter into a memorandum of agreement regarding Intellectual Property rights at any time. If the Intellectual Property is commissioned by the University or one of its components pursuant to a signed contract or is created as a specific requirement of employment or as an assigned duty by the University, the Intellectual Property is owned by the University unless prior agreement has been made otherwise. Revenue derived from Intellectual Property owned by the University is credited to the University's general funds.

Intellectual Property that results from substantial use of University resources or facilities may create a joint ownership of the Intellectual Property between the University and the individuals who contribute to the creation of the Intellectual Property. The

University and the individuals may agree to such an arrangement in writing.

Any disagreements, conflicts, and/or special requests for development of Intellectual Property shall be submitted to the Provost for further action as may be deemed necessary.

The Faculty Life Committee shall have general oversight of Intellectual Property issues. At the request of the Provost, the Committee shall review any matters relating to disagreements, conflicts, and/or special requests for development of Intellectual Property. The Committee shall make determinations and recommendations to be transmitted to the Provost. Further, the Committee shall review on a regular and ongoing basis University policy as to Intellectual Property. Any recommendations and/or concerns shall be transmitted to the Provost of the University.

The mutual obligations of trust, good will, equity, and fair dealing create the opportunity for an early and amicable resolution of any matters relating to Intellectual Property. If a mutually acceptable resolution cannot be obtained, the Provost shall advise the University President. The President shall make the final determination.

English Language Proficiency

English has been designated the primary language of all faculty members at Francis Marion University since fall 1991. "Primary" language is defined as written and spoken English comparable to that of a native speaker. If the University considers employing on its full-time teaching faculty a candidate whose second language is English, that candidate will:

1. Give a lecture in his/her discipline in English to students and faculty who will assess the candidate's fluency in English on the basis of being able to comprehend fully the content of the lecture.
2. Submit a letter of interest and, when applicable, additional samples of written work.

The English Fluency in Higher Education Act of the South Carolina General Assembly requires that each public institution provides assurance that there exists an adequate procedure for students to report grievances concerning the inability of instructors to be understood in their spoken or written English. At FMU, students should state such a grievance in a scheduled meeting with the chairperson of the department or dean of the school involved.

The department chairperson or school dean will then arrange for a meeting among the chairperson or dean, the grieving student(s), and the instructor. It is the responsibility of the chairperson or dean to find a satisfactory resolution to the grievance and to report the resolution to the Provost.

Speech and Demonstrations Policy

Recognizing the rights of free speech and peaceful assembly as guaranteed by the First Amendment of the United States Constitution, and as fundamental to the democratic process, the University supports the rights of students to express their views or to peacefully protest and peacefully dissent against actions and opinions with which they disagree.

The University also recognizes a concurrent obligation to develop policies and procedures which safeguard this freedom of expression but which, at the same time, will maintain on the

campus an atmosphere conducive to academic work, preserving the dignity and seriousness of University ceremonies and public exercises and respecting the private rights of all individuals. Thus, the University has established regulations intended to regulate the time, place and manner of such activities in compliance with the constitution in order that demonstrations do not prohibit the freedoms or rights of other members of the University community.

The following regulations are intended to enumerate the essential provisions necessary to reconcile freedom of assembly with responsibility in any campus meeting conducted for the purpose of expressing opinions of the participants.

1. Gatherings should be reviewed by the vice president for Student Life and the University Space Committee to ensure that they comply with all time, space and manner regulations.
2. Gatherings may be conducted in areas which are generally available to the public, provided that such gatherings:
 - a. Are conducted in an orderly and peaceful manner.
 - b. Do not obstruct in any way pedestrian or vehicular traffic.

This notice will be presented to a resident of the room at the time of the search if a resident is available. If a resident is not available, then the notice along with a room entry notification form will be left in plain view in the room.

If circumstances necessitate that University officials make a room entry in order to determine if a violation of University policy is taking place, has taken place, or will take place, they may request permission of the resident(s) of the room to allow them to search. If consent is given by the resident(s), the resident(s) and University

organizations should coordinate political activities and speakers with members of the Political Science department.

Students may also be held accountable for allowing or influencing violations of these policies by their guests. Campus disciplinary sanctions include, but are not limited to: written warnings, loss of privileges, disciplinary probation, educational assignments, fines, community service, counseling, restitution, suspension, and/or dismissal. If students are found to be in violation of Francis Marion University policies and procedures, the following sanctions are likely to be applied through procedures outlined in the FMU Student Handbook:

1. Distribution of illegal drugs: Dismissal.
2. Possession/use of illegal drugs: Suspension/Fines/Community Service/Counseling/other sanctions.

Violations of federal laws for possession, use, or distribution of illegal drugs carry mandatory penalties for first time offenders including: imprisonment, fines, loss of property, loss of professional licensure, and loss of financial aid. Penalties for violations occurring within 1,000 feet of a school are enhanced by the state of South Carolina. Specific information about these penalties is available from Campus Police.

VI. HEALTH RISKS

A. Alcohol and illicit drug use can pose many health risks to University students. Such use may result in: impaired judgment and coordination; physical and psychological dependence; damage to vital organs such as the heart, stomach, liver and brain; inability to learn and remember information; psychosis and severe anxiety; unwanted or unprotected sex resulting in pregnancy and sexually transmitted diseases, including AIDS; and injury and death. Negative consequences of alcohol and other drug use can be immediate.

B. Substance abuse by family members and friends is also of concern of students. Patterns of risk-taking behavior and dependency not only interfere in the lives of these abusers but can also have a negative impact on a student's academic work, emotional well-being, and adjustment to college. Students concerned with their own health or that of a friend should consult a physician, a mental health professional, or one of the other resources listed in the following section for more information and assistance.

Sexual Harassment*

Policy: It is the policy of Francis Marion University, in keeping with efforts to maintain an environment in which the dignity and worth of all students, employees and visitors of the university are respected, that sexual harassment of students, employees and visitors at Francis Marion University is unacceptable conduct and will not be tolerated. Sexual harassment may involve the behavior of a person of either sex against a person of the opposite or same sex, when that behavior falls within the definition as outlined below.

Offenders will be subject to disciplinary action, which may include, but is not limited to, oral or written warnings, demotions, transfers, suspension without pay, or dismissal for cause.

Sexual harassment is a form of sex discrimination, which is prohibited under Title VII of the Civil Rights Act of 1964 for employees and under Title IX of the Education Amendments of 1972 for students. The South Carolina State Human Affairs Law also prohibits sex discrimination. Title IX protects students from sexual harassment in a school's education programs and activities. Title IX protects students in connection with all the academic, educational, extracurricular, athletic and other programs of the University whether those programs take place in the University's facilities or at a classroom training program sponsored by the University at another location.

Definition: Sexual harassment of students, employees and visitors at Francis Marion University is defined as any unwelcome conduct of a sexual nature. It includes unwelcome sexual advances, requests for sexual favors, or other verbal, nonverbal, or physical conduct of a sexual nature, when submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic status, or submission to or rejection of such conduct is used as the basis for employment or academic decisions affecting that individual, or such conduct has the purpose or effect of unreasonable interference with an individual's work performance or educational experience, or creates an intimidating, hostile, or offensive work or educational environment.

Examples: Prohibited acts take a variety of forms from subtle pressure for sexual activity to physical assault. Examples include, but are not limited to, threats or intimidation of sexual relations or sexual contact which are not freely or mutually agreeable to both parties; continued or repeated verbal abuses or comments of a sexual nature; and threats or insinuations that the person's employment, grade, wages, promotional opportunities, class or work assignments, may be adversely affected by not submitting to sexual advances.

Procedure: Any University employee who feels that she or he has been sexually harassed under the above definition and who wishes further information or who wishes to file a complaint, including a Title IX complaint, should contact the Vice President for Administration immediately. The Vice President for Administration is located in Room 105 of the Stokes Administration Building and the phone number is 843-661-1146. Title IX coordinators are responsible for overseeing all title IX complaints and identifying and addressing any patterns of systemic problems that arise during the review of such complaints. Any student who feels that she or

*The FRANCIS MARION UNIVERSITY SEXUAL MISCONDUCT (TITLE IX) POLICIES AND PROCEDURES, adopted August 14, 2015, supersedes all statements in this handbook concerning discrimination, harassment, sexual misconduct, and retaliation. The final edition of the 2023-24 FMU Student Handbook will incorporate all changes necessitated by the new policy.

he has been sexually harassed under the above definition and who wishes further information or who wishes to file a complaint should contact immediately one of the following: the Vice President for Student Life or the Vice President for Administration. The Vice President for Student Life is located in Room 205 of the Smith University Center and the phone number is 843-661-1182.

Any faculty or staff member receiving a complaint of sexual harassment should seek the advice of the Vice President for Administration.

When a student sexually harasses another student, the harassing conduct creates a hostile environment if the conduct is sufficiently serious that it interferes with or limits a student's ability to participate in or benefit from the University's program. The more severe the conduct, the less need there is to show a repetitive series of incidents to prove a hostile environment, particularly if the harassment is physical. Even a single or isolated incident of sexual harassment may create a hostile environment if the incident is sufficiently severe. For example, a single instance of rape is sufficiently severe to create a hostile environment.

If the University knows or reasonably should know about student-on-student harassment that creates a hostile environment, Title IX requires the University to take immediate action to eliminate the harassment, prevent its recurrence, and address its effects. The University ensures that employees are trained so that they know to report harassment to appropriate University officials, and so that employees with authority to address harassment know how to properly respond. Training of employees should include practical information about how to identify and report sexual harassment and sexual violence. This training should be provided to any employee likely to witness or receive reports of sexual harassment or violence, for example administrators, counselors, health services and resident advisers.

The University may have an obligation to respond to student-on-student sexual harassment that initially occurred off campus or outside an educational program or activity. If a student files a complaint with the University, regardless of where the conduct occurred, the University must process the complaint according to established procedures. Because students often experience the continuing effects of off-campus sexual harassment in the educational setting, the University should consider the effects of the off-campus conduct when evaluating whether there is a hostile environment on campus.

Regardless of whether a harassed student, a parent or a third party files a complaint under the University's grievance procedures or otherwise requests action on the student's behalf, the University must promptly investigate to determine what occurred and then take appropriate steps to resolve the situation. The University's Title IX investigation is different from a law enforcement investigation and a law enforcement investigation does not relieve the University of its Title IX obligation to investigate the conduct.

The University should inform and obtain the consent from the complainant before beginning an investigation. If the complainant requests confidentiality or asks that the complaint not be pursued, the University should take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or request that the investigation not be pursued. If a complainant insists that his or her name or other identifiable information not be disclosed to the alleged perpetrator, the University will inform the complainant that its ability to respond

may be limited. The University will also tell the complainant that Title IX prohibits retaliation and that the University will take steps to prevent retaliation and take strong responsive action if retaliation occurs. If a complainant continues to ask that his or her name or other identifiable information not be revealed, the University will evaluate that request in the context of its responsibility to provide a safe and nondiscriminatory environment for all students. The request will be weighed against such factors as the seriousness of the alleged harassment, the complainant's age, whether there have been other complaints about the same individual; and the harasser's rights to receive information about the allegations if the information is maintained by the University as an "educational record" under the Family Educational Rights and Privacy Act (FERPA). The University shall inform the complainant if it cannot ensure confidentiality. Even if the University cannot take disciplinary action against the alleged harasser because the complainant insists on confidentiality, it should pursue other steps to limit the effects of the alleged harassment and prevent its recurrence.

The University applies the following elements for prompt and equitable resolution of sexual harassment complaints. Notice to students and employees of the grievance procedures including where complaints may be filed; application of the procedures to complaints alleging harassment; adequate, reliable and impartial application of investigation of complaints including the opportunity for each party to present witnesses; reasonably prompt time frames for the major stages of the complaint process; notice to parties of the outcome of the complaint; and assurance that the University will take steps to prevent recurrence of any harassment and correct its discriminatory effects on the complainant and others.

Student Evaluation of Course and Instructor

Every semester students are provided the opportunity to evaluate each course and its instructor so that educational quality may be maintained and enhanced. All students are encouraged to respond to the evaluation with honesty, sincerity, and a sense of confidentiality.

The evaluation is administered during class time with the instructor leaving the room while a designated student hands out forms, collects forms, and then delivers the completed forms to the appropriate faculty secretary. These evaluations are completely anonymous and faculty members do not receive any feedback until grades have been turned in to the Registrar.

Upon noting that these procedures of evaluation have not been followed, a student may contact the Office of the Provost in order to confidentially inform the administration of such failure to follow procedures.

Assessment of Institutional Effectiveness

Francis Marion University is committed to the continuous improvement of all its programs and services, all of which are intended to create the best possible learning environment for you, the student. To do this, we must constantly scan the environment for information that might be used to form our improvement decisions. You are our most valuable source of this information.

While attending FMU, you will be asked on many occasions to provide feedback to the University's various programs and activities. Your thoughtful and sincere responses are vital to our

ability to make FMU better. As the most important member of the University community, you should view and accept this responsibility seriously. Your feedback is vital to the University's continuing success.

Faculty Member: A University employee whose job classification is "academic," whether full-time or part-time.

Administrator: A University employee whose job classification is "administrative," whether full-time, part-time, or contractual.

A person making repeated use of the University facilities and/or grounds shall not be considered a guest.

FMU SEXUAL MISCONDUCT (TITLE IX)

POLICIES AND PROCEDURES

Francis Marion University (FMU) is committed to providing a healthy living, learning, and working community with an atmosphere that emphasizes the dignity and worth of all individuals within that community. Towards that end, we promote personal integrity, civility and mutual respect, and an environment that is free from sexual misconduct and discrimination.

Francis Marion University follows all state, local, and federal laws banning discrimination in public institutions of higher learning. FMU adheres to all Title IX policies, and does not discriminate on the basis of race, color, sex, religion, ethnicity, national origin, age, sexual orientation, gender identity, veteran status or any other protected category under applicable state, local, or federal law. General questions regarding Title IX can be directed to the Office of Civil Rights (www.ed.gov/ocr). Specific questions may be referred to the University's Title IX Coordinator (titleixcoordinator@fmarion.edu) or the University's Human Resources Office.

Francis Marion's sexual misconduct (Title IX) procedures define the University's response to reports of sexual misconduct and explain the recourse and protections afforded complainants and respondents.

SCOPE OF POLICY

This policy applies to all members of the FMU community, which includes currently enrolled students, staff, faculty, contractual, and vending employees in all university programs and activities. All members of the FMU community who are complainants regarding sexual misconduct shall be provided appropriate accommodations, and directed to appropriate resources, in order to ensure that their employment and/or educational experience at FMU is not unduly hindered. This policy addresses sexual misconduct that involves members of the FMU community. Sexual misconduct may involve a member of the same sex or the opposite sex. In addition, this policy remains applicable regardless of whether the incident occurs during working hours and regardless of whether the incident occurs on or off campus. Nothing in this policy shall be construed to infringe upon any of the due process rights available to a respondent under state, local, or federal laws. Under the Francis

Marion University's Faculty Handbook, faculty members have the right of academic freedom, but academic freedom does not shield faculty members from violations described in this policy.

Francis Marion University encourages faculty, students, and staff to report sexual misconduct to the Campus Police, Title IX Coordinator, and/or a responsible employee as promptly as possible.

Sexual Misconduct

Sexual misconduct refers to a broad category of sexual behaviors which violate state and federal laws. This policy applies to all forms of sexual misconduct, as defined by applicable laws and University policies, including but not limited to, sex-based discrimination, sexual harassment, sexual assault, dating/relationship violence, and stalking by employees, students, or third parties.

Definitions. In general, any non-consensual contact of a sexual nature may constitute Sexual Misconduct. Information concerning the legal and regulatory aspects of consent and various classes of sexual misconduct is presented in an Appendix section of this document, pages 15-17. A detailed description is also available in the FMU Student Handbook and the FMU Catalog, pages 57-58.

Conditions related to consent are noted below:

- If coercion, intimidation, threats, or physical force are used, there is no consent;
- If a person is mentally or physically incapacitated, or impaired, so that the person cannot understand the fact, nature, or extent of the sexual situation, there is no consent. This includes impairment or incapacitation due to alcohol, drug consumption, being asleep, or unconscious;
- Inducing incapacitation for sexual purposes includes using drugs, alcohol, or other means with the intent to affect the ability of an individual to consent or refuse to consent (as "consent" is defined in this policy) to sexual contact;
- There is no consent when there is force, expressed or implied, or use of duress upon the victim;
- Past consent to sexual activity does not imply ongoing future consent; and
- Consent can be withdrawn at any time.

Anti-Retaliation/Anti-Intimidation Policy

Title IX and Francis Marion University strictly prohibit retaliation against and intimidation of any person because of his/her reporting an incident of sexual misconduct or participation in the University's process. The University will take strong disciplinary action in response to any retaliation or intimidation.

FMU TITLE IX COORDINATOR AND TITLE IX COUNCIL

Title IX Coordinator

The University President appoints the Title IX Coordinator. The Title IX Coordinator reports directly to the University President and is assigned responsibility for compliance with Title IX. The Title IX Coordinator implements the University's Title IX policy and procedures.

Specific responsibilities of the Title IX Coordinator include the following:

1. Ensures the University's compliance with Title IX's administrative requirements.
2. In consultation with the FMU Athletic Director, monitors students' participation in athletics and across academic fields to identify programs with disproportionate enrollment based on sex and ensures that sex discrimination is not negatively affecting access to equal educational opportunities.
3. Coordinates the University's responses to and procedures for resolving Title IX complaints, including educating the community on how to file a complaint alleging a violation of Title IX, investigating complaints, working with law enforcement when necessary, and ensuring that complaints are resolved promptly and appropriately. Provides consultation and information regarding Title IX requirements to potential complainants, including informing all parties of the process, notifying all parties regarding grievance decisions, and notifying of the option to and procedures for appeal.
4. Evaluates confidentiality requests from complainants in the context of providing a safe, nondiscriminatory environment for all students.
5. Reviews the grievance procedures to help determine whether they incorporate all of the elements for the prompt and equitable resolution of student and employee complaints under Title IX that are consistent with the Title IX regulatory requirements and OCR guidance.
6. Coordinates recordkeeping and monitors incidents to help identify students or employees who have multiple complaints against them or who have been repeated targets, and addresses any patterns or systemic problems that arise, including making school officials aware of these patterns or systemic problems as appropriate.
7. Recommends, as necessary, that the University increase safety measures, such as monitoring security at locations or activities where harassment has occurred.
8. Provides training related to sexual misconduct and gender-based harassment, and develops educational programs for the entire University community.
9. Develops a method to survey the school climate and

coordinates the collection and analysis of information from that survey.

10. Reviews the effectiveness of the University's efforts to ensure that it is free from sexual or gender-based harassment and provides periodic reports to the President of the University.

Title IX Council

The Title IX Council is an advisory body with nine members who serve ex-officio as determined by the President of the University, and three elected members. In consultation with the Title IX Coordinator and others (e.g. Vice Presidents), the Title IX Council will consider and recommend policies and procedures to the President of the University for approval. Title IX Council members are listed on the University website at <https://www.fmarion.edu/safe/>.

PROCEDURES FOLLOWING AN ACT OF SEXUAL MISCONDUCT

Physical Care

If physical trauma has occurred, a person should seek immediate assistance from Campus Police (843-661-1109), local emergency responders (911), or at a local medical facility.

Emergency Rooms

MUSC Florence (843) 669-0927

805 Pamplico Hwy, Florence SC 29501

McLeod Regional Medical Center (843) 777-2027

555 E. Cheves St, Florence SC 29501

If one's physical safety is threatened, call Campus Police (843-661-1109) if on campus; Call Emergency Services providers (911) if off campus.

Confidential Medical Response/Sexual Assault Kit

An individual who has suffered sexual assault can elect to have a confidential sexual assault kit completed at a medical facility without first notifying the police. Once the sexual assault kit has been completed and the complainant has left the medical facility, the medical facility will notify the law enforcement agency where the incident took place. The law enforcement agency with jurisdiction over the incident location will then take custody of the sexual assault kit. The sexual assault kit has no identifying information on it and the law enforcement agency has no way of knowing to whom the kit is associated. This anonymous kit is then stored at the law enforcement agency for a length of time as determined by state law. The kit is stored in the event the complainant wishes to pursue charges later.

Filing a Sexual Misconduct Complaint Types of Reports

Allegations of sexual misconduct or retaliation for reporting sexual misconduct should be promptly reported. The type of report is determined by the person who makes the report. A "reporter," can be an alleged victim, a bystander witness, or an anonymous person who may be a complainant or a third party. The term "reporter" will be used throughout this document when there is no need to distinguish between the type of report which has been filed.

The complainant is the individual who has been the object of alleged sexual misconduct. He/she may file a report through any of the methods outlined in the Methods of Reporting section. Complainants have the option of using one option instead of the others, or may pursue multiple options at the same time.

Third parties who are witnesses to, or have knowledge of, sexual misconduct are strongly encouraged to report the incident(s) and may use any of the methods described in the Methods of Reporting section. Each type of reporting can involve a different level of confidentiality, as well as potentially begin a different process (i.e. criminal, institutional).

Anonymous Individual

Individuals who do not wish to be identified may report sexual misconduct anonymously using the following methods:

- Silent Witness: <http://www.fmarion.edu/about/silentwitness>
- Written notification to the Title IX Coordinator at Room 105, Stokes Administration Building

In the event that an act of sexual misconduct is reported anonymously with no names attached or only the respondent's name attached, the Title IX Coordinator will alert Campus Police concerning any potential safety issues in parts of campus named in the report.

Confidential

Reports made to a professional counselor will not be reported to anyone else without the consent of the individual unless state or federal law requires otherwise. There may also be other potential limits of client confidentiality.

Where to Make the Report

Each method of reporting can involve a different level of confidentiality, as well as potentially initiating a different process (i.e. criminal, institutional). Reporters of sexual misconduct have the option of using one method only or multiple methods at the same time. Reports made to a professional counselor will not be reported to anyone else without the consent of the individual unless state or federal law requires otherwise. There may also be other potential limits of client confidentiality. All individuals listed below are required to report alleged incidents of sexual misconduct to the Title IX Coordinator.

Campus Police

Complainants or third party reporters are encouraged to report sexual misconduct immediately to Campus Police in person, at 4804 Patriot Drive, or by phone at (843) 661-1109. Complainants can also file anonymous reports online at Silent Witness. In order to help campus police, the complainant should preserve any evidence that is within his/her control or possession. In addition to following police procedures, the police will also notify the President of the University and the Title IX Coordinator about reports of sexual misconduct. Campus Police are obligated by law to report instances of sexual misconduct involving a minor to the SC Department of Social Services.

The standard of proof in criminal cases involves a finding of guilt beyond a reasonable doubt and can only be determined in a court of law. This is a much higher standard of proof than the standard used in resolving complaints within the University which may determine responsibility based upon preponderance of the evidence.

Title IX Coordinator

A complainant can file an institutional complaint of sexual misconduct by contacting FMU's Title IX Coordinator by phone

at 843-661-1114, by email at titleixcoordinator@fmarion.edu, or via written communication at 105 Stokes Administration Building. This option is available regardless of whether or not the complainant chooses to meet with Campus Police or file a police report.

Complaints to the Title IX Coordinator will remain confidential to the extent permitted by applicable state, local, and federal laws, and proper and reasonable precautions will be taken to protect the identity of the complainant. The Title IX Coordinator will balance confidentiality with the safety of other members of the FMU community. Instances where the Title IX Coordinator may be unable to ensure confidentiality could include, but are not limited to, cases involving repeat offenders or cases where the respondent poses an imminent threat to the community.

The Title IX Coordinator will meet with the complainant to discuss the incident. If a respondent is named, the Title IX Coordinator will also meet with the respondent in a timely fashion. At these initial meetings with the complainant or the respondent, the Title IX Coordinator will discuss requests for interim accommodations.

After these meetings, the Title IX Coordinator can then direct the complaint to the appropriate body for further deliberations:

- Complaints about staff will be referred to the Associate Director of Human Resources for resolution using the procedures set forth in the FMU Staff Handbook.
- Complaints about faculty will be referred to the Provost for resolution using the procedures set forth in the FMU Faculty Handbook.
- Complaints about FMU students will be referred to the Dean of Students for resolution using the procedures set forth in the FMU Student Handbook.

In general, the Title IX Coordinator will not begin a formal investigation or make a referral to Campus Police without the consent or involvement of the alleged victim. The University may have an obligation to take action under state, local, or federal laws if the health, welfare, or safety of members of the campus community are at risk.

The University may wait for the conclusion of a criminal proceeding to begin its own investigation, and could temporarily suspend its evidence-gathering procedure so as to not interfere with the role of law enforcement in that process. In all cases, the University will take appropriate steps designed to remedy the effects of the reported sexual misconduct, prevent its recurrence, and implement interim accommodations for the complainant where necessary, regardless of whether a formal investigation is initiated.

Upon receipt of a report of sexual misconduct from either the Campus Police or the Title IX Coordinator, and a clear indication from the complainant that he/she wants to pursue an institutional complaint against a named person, the appropriate University official (Dean of Students or his/her designee, Associate Director of Human Resources, or the Provost) will review the report and, in consultation with the Title IX Coordinator, set forth the allegations to be investigated. The standard of proof in the institutional resolution process is a preponderance of the evidence.

Responsible Employee

A complainant can also disclose an act of sexual misconduct to anyone whom the University has designated a Responsible Employee. Responsible Employees are University employees who have the obligation to report sexual misconduct. Responsible

Employees respect confidentiality to the extent permitted by state, local, and federal laws, except that they must report the nature of the complaint to the Title IX Coordinator, so that the Title IX Coordinator can take action if obligated to do so. The following is a complete list of employees with the obligation to report sexual misconduct to the Title IX Coordinator:

1. All University administrators including the President, Provost, Vice Presidents, and administrative division heads and directors
2. Academic department chairs and deans
3. Title IX Council Chair
4. Athletic directors and coaches
5. Student Life & Dean of Students staff
6. Campus Police
7. Residence Life Staff and Resident Assistants
8. Faculty Executive Committee (Chair, Vice Chair, and Secretary)

The designation of responsible employee ends when a person no longer fills one of the preceding positions.

Confidential Reporting

If a complainant wishes to maintain confidentiality in his/her disclosure of sexual misconduct, he/she should meet with professional, licensed counselors and/or pastoral counselors. These counselors are not required to report any information about an incident to the Title IX Coordinator or the Campus Police without the complainant's permission unless state or federal law requires otherwise. There may also be other potential limits of client confidentiality.

Students have free access to counseling through the FMU Counseling Services, which is located at 121 S. Evander Drive in the Education Foundation building which is situated directly in front of the baseball stadium. To make an appointment, students can call 843-661-1840.

In addition, an individual can also go to Francis Marion University Health Services during posted service hours. FMU Health Services is located in the Education Foundation Building at 121 S. Evander Drive, in front of the baseball field. For more information, call 843 661-1844. Please note that a sexual assault kit is not available at FMU Health Services.

Complainants can also access confidential counseling services through the Pee Dee Coalition Against Domestic Violence and Sexual Assault, by calling their crisis line at 1-800-273-1820, their office line at 843-669-4694, or by visiting in person at 220 South Irby Street in Florence. For more information about their services visit their website at www.peedeecoalition.org.

Confidential counseling services will also advise complainants about medical support, evidence-gathering, and the complainant's options should he/she choose to file a complaint (criminal, institutional or both) at a later date. By disclosing to a confidential source, the complainant does not waive his/her options to disclose to another source later, but the complainant should know that not disclosing the event to Campus Police at the time of occurrence may reduce the Police's ability to conduct a thorough investigation later. While campus medical personnel are not counselors per se, they are also considered confidential sources for the purposes of this policy.

What Happens After the Report is Made

If a report is made to either Campus Police or a Responsible Employee, the Title IX Coordinator will be contacted. Once

contacted, or when a report is made directly to the Title IX Coordinator, the Coordinator will contact the complainant and request a statement. If the complainant wants to cooperate, the Title IX Coordinator will inform him/her of his/her options concerning formal investigations, potential accommodations, and available support resources. In addition, the Title IX Coordinator will contact and attempt to meet with the respondent, if named. The following sections describe how the various types of investigations proceed once initiated, and explain the concept of accommodations, which may be used in lieu of or concurrent with a formal investigation.

Criminal Process

When a student, faculty, or staff member contacts Campus Police pertaining to a sexual assault, an officer will do the following:

- Interview the complainant in a setting that affords privacy and comfort concerning the incident;
- Assist the complainant in seeking medical treatment for injuries, preventative treatment for sexually transmitted diseases, and other health services. At the hospital, evidence can be collected and a sexual assault protocol can be completed;
- Connect the complainant to a licensed counselor who is experienced in sexual assault counseling;
- Notify the President of the University and the Title IX Coordinator about the incident;
- Initiate a criminal investigation; and
- Notify the South Carolina Law Enforcement Division (SLED), and seek assistance from the same if appropriate.

In cases where the complainant has control of evidence of sexual misconduct, the University encourages the complainant to take care to secure this evidence in the event that the complainant wishes to pursue criminal charges.

Student Sexual Misconduct Process

Generally within five days of receipt of the report, the Dean of Students or his/her Designee will meet with the complainant to:

- Provide him/her with information about campus services, protections, and options;
- Indicate that the complainant can have an advisor to assist him/her;
- Explain the University's protections against retaliation; and
- Discuss reasonable interim measures that may be implemented for the complainant's support and protection.

The Dean or his/her Designee will meet separately with the respondent to:

- Notify him or her that an allegation has been made and that the matter will be investigated and resolved through the Student Conduct process;
- Provide the respondent with information about the process and his/her rights and duties;
- Indicate to the respondent that he/she can have an advisor to assist him/her in the process;
- Inform the respondent about the University's policy prohibiting retaliation;
- Provide the respondent with information about his/her rights, including the right not to incriminate him/herself, and interim accommodations; and
- Discuss reasonable interim measures that may be implemented to protect and support the complainant. If the interim measures include suspension, the Dean of Students or his/her Designee will inform the respondent of his/her option to appeal the suspension in accordance with the policy outlined in the FMU

Student Handbook.

These two meetings will occur within 2-3 working days of one another, absent extenuating circumstances.

Following this initial meeting with both complainant and the respondent, the complaint will come before the standard Student Conduct Process at Francis Marion University that is fully outlined in the FMU Student Handbook.

Faculty Sexual Misconduct

The process for faculty members accused of sexual misconduct is the same as the procedures described for student sexual misconduct above, except that it is the Provost who initiates contact and follows the disciplinary process in the FMU Faculty Handbook.

Staff Sexual Misconduct

The process for staff members accused of sexual misconduct is the same as the procedures described for student sexual misconduct above, except that it is the Associate Director of Human Resources who initiates contact and follows the disciplinary process in the FMU Staff Handbook.

Interim Accommodations and Remedies

The University will work with all complainants affected by sexual misconduct to ensure their safety and promote their well-being. Sometimes this assistance will take the form of interim accommodation measures, to support or protect a student in the immediate aftermath of an incident and while an investigation or a disciplinary action is pending. In some cases, these accommodations may become permanent remedies even if the complainant does not choose to file a formal disciplinary proceeding.

Complainants can request interim measures when meeting with the Title IX Coordinator and/or when the appropriate University official or his/her Designee meets with the complainant and the respondent separately at the beginning of the adjudicating process. Students, faculty, or staff complainants may request interim accommodations even in cases when the complainant has requested that no investigation be undertaken, or chooses not to participate in University disciplinary proceedings or the criminal process.

The appropriate University official in conjunction with the Title IX Coordinator will evaluate any request for interim measures in light of the circumstances and information available at the time. The University will provide information about the interim measures only to those who need to know in order to make them effective.

Under appropriate circumstances, interim measures/remedies may include, but are not limited to, the following:

- Move a student's on-campus residence;
- Adjust a student, faculty, or staff work schedules for University employment;
- Change a student's academic schedule;
- Change a student's transportation arrangement;
- Allow a student to withdraw from or retake a class without penalty;
- Provide access to tutoring or other academic support;
- Reassign faculty or staff;
- Limit interaction between a complainant and the respondent;
- Issue a "no contact" order;
- Provide other academic, residential, and/or work interim measures;
- Increase monitoring, supervision, or security at locations;
- Take protective measures in consultation with the affected

students in the event that retaliation might be reasonably expected.

The Student Life Office will also assist students seeking interim measures for a disability in connection with the process of reporting or responding to an incident of gender-based misconduct by working with Disability Services in the Office of Counseling and Testing.

Outside of the University, a complainant may also be entitled to obtain remedies under applicable law, such as a judicial restraining order. The University may assist the complainant in seeking these remedies.

Violation of Law, Standards of Conduct, and Sanctions

When sexual misconduct violates both the Francis Marion policies and procedures and civil or criminal law, students, faculty, and staff should understand that they may be held accountable to both authorities. University procedures related to these matters will normally continue during the pendency of criminal proceedings and will not be subject to challenge on the grounds that criminal and civil charges involving the same incident have been dismissed or reduced. The University student conduct system is not analogous to the criminal justice system. The purposes, the standards of proof, the procedures, and many other aspects of the two avenues differ.

Institutional sanctions for sexual misconduct are described in the handbooks for student, faculty, and staff conduct, and may involve any sanctions therein up to and including expulsion or termination of employment.

Time for Reporting

Any complaint should be submitted--whether to Campus Police or to the University's Title IX responsible employees--as soon as possible after the misconduct takes place or becomes known. Title IX has responsibility over enrolled students at FMU, faculty and staff in the University's employ, and contractual and vending employees. In the case of a student disciplinary action, a delay in filing could result in the respondent graduating or withdrawing before the case can be processed.

The University and Campus Police strongly encourage complainants to report as soon as possible in order to preserve evidence.

Amnesty for Alcohol and Drug Violations

During the Student Conduct process, amnesty may be provided to students who have experienced sexual misconduct or violent crimes and who may be hesitant to file a complaint because they fear that they themselves may be responsible for policy violations, such as underage drinking, at the time of the incident. In addition, bystanders, witnesses, and respondents may be granted amnesty during the Student Conduct Process in order to provide information with more accuracy. Educational options may be explored, but no conduct proceedings or additions to conduct records against these categories of students will occur.

Unknown/Non-University Offenders

The University will investigate reports of incidents affecting University students that are committed by individuals who are not members of the University community, or whose identity is not known. Campus Police will notify SLED of all sexual assault cases and request assistance. Also, the University will take appropriate actions designed to protect affected students and others in the University community. In addition, the Title IX Coordinator will assist students in identifying appropriate campus and other resources.

Public Awareness/Education Events

The University supports public awareness events such as “Take Back the Night,” candlelight vigils, the Clothesline Project, survivor speak outs, and other forums. These activities help inform the need for campus-wide education and prevention efforts. In addition, the University supplies educational seminars which address sexual misconduct prevention strategies and bystander intervention programs. The disclosure of incidents of sexual misconduct at such events is not considered a report to the University that will trigger an investigation of a particular incident.

State and Federal Law

Nothing in these procedures is intended to be in conflict with federal or state law.

APPENDIX

Terminology

As defined by Federal law, State law, the Federal Register, and Black’s Law Dictionary

Consent:

While declining to define consent in the final regulations of the Violence against Women Act, the Department of Education presented draft language that defined consent as follows:

“ . . . the affirmative, unambiguous, and voluntary agreement to engage in a specific sexual activity during a sexual encounter.”

79 Fed. Reg. 62756 (Oct. 20, 2014).

“A voluntary yielding to what another proposes or desires; agreement, approval, or permission regarding some act or purpose, esp. given voluntarily by a competent person.”

Black’s Law Dictionary (10th ed. 2014).

Sexual Assault:

“The term ‘sexual assault’ means any nonconsensual sexual act proscribed by Federal, tribal, or State law, including when the victim lacks the capacity to consent.”

42 U.S. Code § 13925(a)(29).

Criminal Sexual Conduct:

South Carolina law proscribes a range of nonconsensual sexual acts, known as Criminal Sexual Conduct, including situations where the victim lacks the capacity to consent (§ 16-3-655).

S.C. Code Ann. § 16 -3-651, § 16-3-652, §16-3-653, § 16-3-654, and § 16-3-656.

Sexual harassment:

“ . . . Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature . . . ”

29 C.F.R. § 1604.11(a).

“A type of employment [sex-based] discrimination consisting in verbal or physical abuse of a sexual nature, including lewd remarks, salacious looks, and unwelcome touching.”

Black’s Law Dictionary (10th ed. 2014).

Sexual Exploitation:

“The use of a person, esp. a child, in prostitution, pornography, or other sexually manipulative activity.”

Black’s Law Dictionary (10th ed. 2014).

South Carolina law proscribes several Offenses against Morality and Decency. Some of these crimes are examples of sexual exploitation, such as:

“Communicating obscene messages to other persons without their consent . . . ” –

S.C. Code Ann. § 16-15-250

“Disseminating, procuring or promoting obscenity . . . ”

S.C. Code Ann. § 16-15-305

“Prostitution; lewdness, assignation and prostitution generally . . . ”

S.C. Code Ann. § 16-15-90

“First degree sexual exploitation of a minor . . . ”

S.C. Code Ann. § 16-15-395

See also S.C. Code Ann. 16-15-405 and 16-15-410.

Dating Violence:

“The term ‘dating violence’ means violence committed by a person –

(A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and

(B) where the existence of such a relationship shall be determined based on a consideration of the following factors:

i. The length of the relationship.

ii. The type of relationship.

iii. The frequency of interaction between the persons involved in the relationship.”

42 U.S. Code § 13925(a)(29).

Stalking:

“The term ‘stalking’ means engaging in a course of conduct directed at a specific person that would cause a reasonable person to –

(A) fear for his or her safety or the safety of others; or

(B) suffer substantial emotional distress.”

42 U.S. Code § 13925(a)(29).

Stalking is proscribed by South Carolina law and is defined as follows:

“‘Stalking’ means a pattern of words, whether verbal, written, or electronic, or a pattern of conduct that serves no legitimate purpose and is intended to cause and does cause a targeted person and would cause a reasonable person in the targeted person’s position to fear. . . ”

S.C. Code Ann. § 16-3-1700(C).

Retaliation:

“The act of doing someone harm in return for actual or perceived injuries or wrongs; an instance of reprisal, requital, or revenge.”

Black’s Law Dictionary (10th ed. 2014)

Federal regulations prohibit retaliation in response to Title IX investigations by stating that no person “shall intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by [Title IX] . . . ”

34 C.F.R. § 100.7(e).

Providing False or Incomplete Information to a University official can include, but is not limited to, the following:

- Filing an allegation known to be without merit or cause.
- Providing false information during an investigation of a violation or during a student conduct hearing or conduct meeting.
- Falsification, distortion or misrepresentation of information during a conduct proceeding.
